Starting in the late nineteenth century, colonial rule in India took an active interest in regulating financial markets beyond the bridgeheads of European capital in intercontinental trade. Regulatory efforts were part of a modernizing project seeking to produce alignments between British and Indian business procedures, and to create the financial basis for incipient industrialization in India. For vast sections of Indian society, however, they pushed credit/debt relations into the realm of extra-legality, while the new, regulated agents of finance remained incapable (and unwilling) of serving their needs. Combining historical and ethnographic approaches, the book questions underlying assumptions of modernization in finance that continue to prevail in postcolonial India, and delineates the socioeconomic responses they produced, and studies the reputational economies of debt that have emerged instead – extra-legal markets embedded into communication flows on trust and reputation that have turned out to be significantly more exploitative than their colonial predecessors.

Welcome to the carnival of nonsense where hankies turn into mischievous cats, a messiah is born with her feet in her mouth, you can fave hun by socking on the ree-raw and your favourite corn cakes are made of . . . are you sure you want to know? For the last eighteen hundred years Indian arts have been seen in terms of strictly classified emotional effects known as the nine rasas. The Tenth Rasa: An Anthology of Indian Nonsense celebrates, for the very first time, what Sukumar Ray called the spirit of whimsy, or the tenth rasa, through the topsy-turvy, irreverent, melodic genre of nonsense literature. This fabulous selection of poetry and prose, brilliantly translated from seventeen Indian languages across India, includes works by Rabindranath Tagore, Sukumar Ray, Vinda Karandikar, Gulzar, Dash Benhur, Manoj Das, Navakanta Barua, Mangesh Padgavkar, Sri Sri, Vaikom Mohammad Basheer, Kunjuni and other known, lesser-known and previously unpublished authors. In forms as varied as stories and songs for children and adults, lullabies, folk tales, Bollywood song lyrics and medieval court verse, the writers open doors to wildly imaginative worlds populated by peculiar characters and fantastical creatures, where only nonsense makes perfect sense. Crackling with wit, wordplay and riotous rhymes, and frequently revelling in pure gibberish, this immensely entertaining collection will delight you from start to finish.

For fans of Close Enough to Touch and Me Before You comes a poignant and moving novel about two patients who fall in love as they recover from traumatic injuries in the same hospital ward...all without seeing each other. Alice Gunnersley and Alfie Mack sleep just a few feet apart from one another. They talk for hours every day. And they`ve never seen each other face-to-face. After being in terrible accidents, the two now share the same ward as long-term residents of St. Francis` s Hospital. Although they don` t get off to the best start, the close quarters (and Alfie` s persistence to befriend everyone he meets) brings them closer together. Pretty soon no one can make Alice laugh as hard as Alfie does, and Alfie feels like he` s finally found a true confidante in Alice. Between their late night talks and inside jokes, something more than friendship begins to slowly blossom between them. But as their conditions improve and the end of their stay draws closer, Alfie and Alice are forced to decide whether it` s worth continuing a relationship with someone who` s seen all of the worst parts of you, but never seen your actual face. A tender novel of healing and hope, Before I Saw You reminds us that connections can be found even in the most unexpected of places—and that love is almost always blind.
