Written Exams”, which was published in 2009. This book is a rapid self-assessment tool. There are many clues and tricks on how to analyze and answer certain questions. Each chapter does not contain more than 15 questions; it’s like a mock paper/exam. I have included many data interpretations and photographic materials. Each question has an objective. Try to target that objective. In writing this book, I tried my best to include the commonest examination themes that have been encountered recently. Good luck!
