Gil Kane, one of the most influential and dynamic artists in comics, made his name with his 1960s work on GREEN LANTERN and THE ATOM. After working at Marvel Comics in the 1970s on titles including The Amazing Spider-Man, Conan and more, Kane shifted to animation, where he served as a character designer on the 1988 Superman animated TV series. He returned to DC in the 1980s to illustrate the adventures of Superman. Kane's dynamic artwork shined on titles like ACTION COMICS, SUPERMAN and others, where he drew not only The Man of Steel and his supporting cast but also numerous guest stars including The Flash, The Atom, the Teen Titans, Hawkman and Animal Man.

Hippolyta, queen of the Amazons, has kept a secret from her daughter all her life--and when Wonder Woman learns who her father is, her life will shatter like brittle clay. The only one more shocked than Diana by this revelation? Bloodthirsty Hera--so why is her sinister daughter, Strife, so eager for the truth to be told? Superstar writer Brian Azzarello creates a new direction for one of DC's best-known heroes, with

spectacular art by Cliff Chiang and Tony Akins! A new classic, cited by leaders and media around the globe as a highly recommended read for anyone interested in innovation. In The Innovator's DNA, authors Jeffrey Dyer, Hal Gregersen, and bestselling author Clayton Christensen (The Innovator's Dilemma, The Innovator's Solution, How Will You Measure Your Life?) build on what we know about disruptive innovation to show how individuals can develop the skills necessary

to move progressively from idea to impact. By identifying behaviors of the world's best innovators—from leaders at Amazon and Apple to those at Google, Skype, and Virgin Group—the authors outline five discovery skills that distinguish innovative entrepreneurs and executives from ordinary managers: Associating, Questioning, Observing, Networking, and Experimenting. Once you master these competencies (the authors provide a self-assessment for rating your

own innovator's DNA), the authors explain how to generate ideas, collaborate to implement them, and build innovation skills throughout the organization to result in a competitive edge. This innovation advantage will translate into a premium in your company's stock price—an innovation premium—which is possible only by building the code for innovation right into your organization's people, processes, and guiding philosophies. Practical and provocative, The Innovator's DNA is an

4Patience is profitable. It's a lost virtue in our culture today. There is so much craze for wealth because people are no more patient. Armed robbery, prostitution or corruption, etc, for example, are the consequences of impatience. The year 2017 is still young! Prayers are being prayed. Planning is going on. Every divine purpose delivers in stages and there is a time for every purpose on this earth including your own. Don't cage or hinder your destiny by seeking for shortcuts. If you dodge the process - patience, you will miss the product. Habakkuk 2:3 declares: "for the vision is yet for an appointed time; but at the end, it shall speak and not lie. Though it tarry (as the year progresses), wait for it; because it will surely come, it will not tarry." God is bigger than our biggest plans. He is working on your behalf.
