Twenty classic short stories from master writers across the country This superb collection contains some of the best Indian short stories written in the last fifty years, both in English and in the regional languages. Some of these stories – ‘We Have Arrived in Amritsar’ by Bhisham Sahni, ‘Companions’ by Raja Rao, ‘The Sky and the Cat’ by U.R. Anantha Murthy, ‘A Devoted Son’ by Anita Desai – have been widely anthologized and are well known. Others, like Premendra Mitra’s ‘The Discovery of Telenapota’, Gangadhar Gadgil’s ‘The Dog that Ran in Circles’, Mowni’s ‘A Loss of Identity’, O.V. Vijayan’s ‘The Wart’ and Devanuru Mahadeva’s ‘Amasa’, are less familiar to readers but are nevertheless classics of the art of the short story. This new and revised edition includes three additional classics: R.K. Narayan’s ‘Another Community’, Avinash Dolas’s ‘The Victim’ and Ismat Chughtai’s ‘The Wedding Shroud’. The Penguin Book of Modern Indian Short Stories is a marvellous and entertaining introduction to the rich diversity of pleasures that the Indian short story—a form that has produced masters in over a dozen languages—can offer.

Can be used for class or private study. Offers a structured approach to spelling. Contains useful strategies for dealing with unknown and difficult words. Gives clear guidelines, exercises and answers so that the user can check that the spelling pattern has been understood. Is easy to use and illustrated with cartoons.

Arabic-English-Arabic Legal Translation provides a groundbreaking investigation of the issues faced in legal translation between Arabic and English. Drawing on a contrastive-comparative approach, it analyses parallel authentic legal documents in both Arabic and English to examine the features of legal discourse in both languages and uncover the different translation techniques used. In so doing, it addresses the following questions: What are the features of English and Arabic legal texts? What are the similarities and differences of English and Arabic legal texts? What are the difficulties of legal translation between English and Arabic legal texts? What are the techniques for translating these difficult areas on the lexical and syntactic levels? Features include: A thorough description of the features of legal translation in both English and Arabic, drawing on empirical new research and corpus data analysis and strategic two-way comparisons between source texts and target texts. Coverage of a broad range of topics including an outline of the chosen framework for data analysis, a historical survey of legal discourse developments in both Arabic and English and detailed analysis of legal literature at both the lexical and syntactic levels Attention to common areas of difficulty such as Shariah Law terms, archaic terms and model auxiliaries Many examples and excerpts from a variety of legal texts

selection of authentic legal documents, reinforced by practical discussion points, exercises and practice drills to encourage active engagement with the material and opportunities for hands-on learning. Wide-ranging, scholarly and thought-provoking, this will be a valuable resource for advanced undergraduates and postgraduates on Arabic, Translation Studies and Comparative Linguistics courses. It will also be essential reading for translation professionals and researchers working in the field.

O Level English India edition: written especially for students preparing for the O Level in English Language examination conducted by the University of Cambridge International Examinations; provides extensive explanation and advice to students to prepare for and succeed in the examination.

These poems are done by 17th-century writers who devised a new form of poetry full of wit, intellect and grace, which we now call Metaphysical poetry. They wrote about their deepest religious feelings and their carnal pleasures in a way that was radically new and challenging to their readers. Their work was largely misunderstood or ignored for two centuries, until 20th-century critics rediscovered it.

Whether it's the industrious ant, the breathtaking Monarch butterfly, or the multi-legged centipede, children will discover the fastest, strongest, and most harmful species in DK's Pocket Genius: Bugs. Profiling more than 200 insects and bugs, from beetles and butterflies to spiders and scorpions, find out what bugs eat, which are poisonous, which live the longest, and which can be found in your own backyard. Plus, learn about the products we get from bugs, such as honey, ink, silk, and jewelry, and how bugs and insects play important roles in our world. Catalog entries include facts provide at-a-glance information, while locator icons offer immediately recognizable references to aid navigation and understanding, and fact files round off the book with fun facts such as record breakers and timelines. Each mini-encyclopedia is filled with facts on subjects ranging from animals to history, cars to dogs, and Earth to space and combines a child-friendly layout with engaging photography and bite-size chunks of text that will encourage and inform even the most reluctant readers.

This definitive collection gathers the most significant speeches of the modern era, from Theodore Roosevelt and Martin Luther King Jr. to Ronald Reagan and Michelle Obama Defined by waves of idealism and doubt, progress and destruction, the twentieth century and the first decades of the twenty-first have seen the best and worst of humanity in measures previously unimaginable. Underpinning the rise of radio, television, and the internet, the spoken word has proven ever more crucial in stirring the hearts and minds of millions around the world. In these pages, Emmeline Pankhurst agitates for the right to vote; Adolf Hitler rises to power; Fidel Castro sparks a revolution; John F. Kennedy calls Americans to action; Betty Friedan rallies for

equality; and Barack Obama contemplates the meaning of America. The speeches contained in *The Penguin Book of Modern Speeches*, some of the most extraordinary and memorable of the modern age, have established and shaped how we understand ourselves and our place in the world around us.

Mood mapping simply involves plotting how you feel against your energy levels, to determine your current mood. Dr Liz Miller then gives you the tools you need to lift your low mood, so improving your mental health and wellbeing. Dr Miller developed this technique as a result of her own diagnosis of bipolar disorder (manic depression), and of overcoming it, leading her to seek ways to improve the mental health of others. This innovative book illustrates: *

- * The Five Keys to Moods: learn to identify the physical or emotional factors that affect your moods
- * The Miller Mood Map: learn to visually map your mood to increase self-awareness
- * Practical ways to implement change to alleviate low mood

Mood mapping is an essential life skill; by giving an innovative perspective to your life, it enables you to be happier, calmer and to bring positivity to your own life and

to those around you. 'A gloriously accessible read from a truly unique voice' Mary O'Hara, Guardian 'It's great to have such accessible and positive advice about our moods, which, after all, govern everything we do. I love the idea of MoodMapping' Dr Phil Hammond 'Can help you find calm and take the edge off your anxieties' Evening Standard 'MoodMapping is a fantastic tool for managing your mental health and taking control of your life' Jonathan Naess, Founder of Stand to Reason
