"WordPress es, a día de hoy, la herramienta de creación y de gestión de sitios web más utilizada del mundo. Con este CMS (Content Management System) creará y administrará tanto blogs como sitios web gracias a una interfaz de gestión simple y eficaz. Lo primero será instalar WordPress en local (en su equipo) y en los servicios de alojamiento web. A continuación, descubrirá la interfaz de gestión de contenidos y cómo configurar su sitio web. Después veremos cómo crear textos: crear y gestionar las entradas utilizando categorías y etiquetas, administrar la publicación de las entradas, crear páginas y gestionar los menús de navegación. Veremos la forma de importar elementos multimedia a la biblioteca para completar las entradas con imágenes. Para que el sitio sea participativo, puede interactuar con los usuarios. Si tienen que participar varias personas en la elaboración de contenidos del sitio, puede explotar diversas funciones de WordPress para la gestión de usuarios y definir sus perfiles, lo que les otorgará una serie de permisos concretos para administrar el sitio. Veremos cómo ampliar las funciones nativas de WordPress mediante la instalación de plugins y cómo modificar el aspecto del sitio gracias a un tema. Aprenderemos a hacer una copia de seguridad del sitio y a restaurarla, para pasar del sitio en local, en el equipo, al sitio de producción en línea"--ENI Ediciones.

This is a very timely book that shows merchants the importance of building a data base of their current customers in order to take advantage of the explosive growth of mobile marketing and QR Codes. This book is designed for the store owner who is trying to understand the basics of Mobile Marketing, as well as figure out the best way to implement a Mobile Marketing strategy for their business. It shows the store owner how to build their customer data base by providing the tools and training that allows business owners (many for the first time) collect their customers' personally identifiable information (email and SMS text numbers) so that they can later market to these existing customers with content rich emails and SMS texts that offer coupons and discounts for products and services. Throughout the book, the reader to use their smart phone technology to scan QR Codes (Quick Response Codes) embedded within the book to read articles on various websites, read portions of other books on Amazon.com, watch movies on YouTube, and read research reports on the explosive growth of mobile marketing.This book does an excellent job explaining the changes in marketing methods that will allow the merchant to use additional profits by marketing to their existing customer base in a way that they have not been able to do so before. The QR Code technology is easy to use and implement. The author explains how to build this marketing infrastructure for the do-it-yourself business owners, and also shows the reader how to use his website (http://www.mobilemarketingqrcodes.com) to create the entire infrastructure for their business. The reader must read for any small business owner who is looking for more ways to drive foot traffic through the front door and add to the bottom line.

WordPress: The Missing Manual

The Deep State isn't finished trying to destroy President Donald Trump—they've only just begun. Coup d'Etat blows the lid off the Deep State's efforts to prevent the Trump presidency, disrupt his agenda, and prevent his reelection. In this book you'll learn:
• The truth behind Robert Mueller's Special Counsel baseless investigation.
• The identity of the Trump cabinet member who proposed wearing a wire to take down Trump.
• How the FBI entrapped members of the Trump team—and how they unsuccessfully tried the same with Corsi.
• How the Democratic establishment faked evidence of Russian interference.
• The truth behind Julian Assange's arrest, and what the Deep State wants to prevent him from exposing.
• How the FBI abused FISA law to spy on Trump—and how they tried to hide it.
• Mueller's continued coverup that the media refuses to report.
This is the book the Deep State and the media don't want you to read.

Hace mucho tiempo—a long time ago—there lived a beautiful young woman named Adelita. So begins the age-old tale of a kindhearted young woman, her jealous stepmother, two hateful stepsisters, and a young man in search of a wife. The young man, Javier, falls madly in love with beautiful Adelita, but she disappears from his fiesta at midnight, leaving him with only one clue to her hidden identity: a beautiful rebozo—shawl. With the rebozo in place of a glass slipper, this favorite fairy tale takes a delightful twist. Tomie dePaola's exquisite paintings, filled with the folk art of Mexico, make this a Cinderella story like no other.

Poverty and inequality are at record levels. Today, forty-seven million Americans live in poverty, while the median is in decline. The top 20 percent now controls 89 percent of all wealth. These conditions have renewed demands for a new economic Bill of Rights, an idea proposed by F. D. Roosevelt, Truman and Martin Luther King, Jr. The new Economic Bill of Rights has a coherent plan and proclaims that all Americans have the right to a job, a living wage, a decent home, adequate medical care, good education, and adequate protection from economic fears of unemployment, sickness and old age. Integrating the latest economic and social data, Ending Extreme Inequality explores each of these rights. Each chapter includes: an analysis of the social problems surrounding each right; a historical overview of the attempts to right these wrongs; and assessments of current solutions offered by citizens, community groups and politicians. These contemporary, real-life solutions to inequality can inspire students and citizens to become involved and open pathways toward a more just society.

Affiliate Marketing For Beginners If you were to ask a random user of the Internet what he or she thought Affiliate Marketing was; he or she would likely claim that it was a way of making money online as an intermediary. Here, people make a commission from a sale or a referral when a visitor to his or her site clicks on a link that directs him or her to a product or page online. However, as much as there is a lot of truth there, Affiliate Marketing does not only have to take place online.

For example, affiliate marketing is also where a plumber gives a client a discount for referring him or her to a new client. It is the same concept. This kind of marketing happens a lot in the real world, but people do not trace or coordinate it as much as is the case with online marketing. Business owners can ask their customers how they came to know about them in an effort to learn about their client base, but they cannot get as much information as they would be using online tracking. The growing online market has made this type of marketing more popular and profitable. It has also made it easier to grow and expand whatever type of business an individual is in with the help of numerous professional marketers who will not necessarily appear on their payroll. Therefore, while its history started long before the invention of the Internet, the Internet has transformed it and made it widely available to the masses. You will start by learning all about the ins and outs of affiliate marketing and what you need to get your feet wet in the marketing world. You will then learn about the importance of choosing the right niche and how to find one that will provide you with a sustainable passive income stream for years to come. From there, you will learn the key steps to creating a website that will attract the right type of users as well as the importance of SEO and how to ensure that your new website shows up in as many different sets of search results as possible. Finally, you will learn just what it takes to create the type of quality content that ensures people keeping back for more month after month and year after year. Every effort was made to ensure it is full of as much useful information as possible, please enjoy! Dropshipping Shopify E-commerce The ultimate aim of every business is to maximize profits. In order to get the most out of the market, a business is expected to offer quality products and services to the consumers it serves. The secret for satisfying the utility of consumers is creating a deep connection with them to understand their interests and how you can enhance your business. Also, you must present your products/services in the market in a way that is appealing. This entails the use of various marketing concepts and aligning your strategies with the relevant trends in your industry. When it comes to earning an income online in 2021 and beyond, there is a need to understand how to drive traffic to your website in a cheap, efficient and consistent manner. It is indisputable that drop shipping has become the mainstay for a large section of e-commerce. It serves as your home base, starting point and customers' destination for you. Your entire brand on e-commerce can rest on your drop shipping store. You will log into it every day to check the trends on the visits of all your important audiences to try and turn them into paying customers. It is important to learn how to maximize value for your store by marketing on social media. It is an effective way of reaching a wide audience easily considering that more than a third of the total global population is on social media. It is also a sure and efficient manner of turning the audience into loyal customers because it encourages engagement. The fact that social media allows for a two-way mode of communication makes it easy for consumers to converse with the brands they are interested in. Perhaps the best thing about social media promotion is that it provides a level playing field for small, medium and large enterprises. The same audience that a large business can access is the same that a start-up business can access. Notwithstanding, it doesn't take up a huge budget to create a large number of social media fans in a short time. This forms the confidence that you can make it on social media even if you are a beginner. However, how well it works for your business depends on the efforts you put into it. If you have tried before and failed, you have probably not followed the best tactics there are to grow your brand on social media. Despite social media marketing being among the greatest phenomena in the digital era, some marketers are not able to achieve their social media marketing goals. It takes careful planning and the use of effective strategies to make the best use of social media and grow your brand.

Here's a one-stop marketing guide just for small museums and historic sites. In an age when many local historical associations and museums take money from their marketing budget because resources are tight, which can start a vicious cycle of reduced marketing reach, lower visitation, and then even less money for marketing, this guide will help those who need it the most expand their marketing reach as inexpensively as possible. In Marketing on a Shoestring Budget, Deborah Pitel covers the pros and cons of each promotional tool so they can judge what is best for their organization. She writes specifically for colleagues who have no formal marketing training and have to work off the "trial and error" method.

The most trusted guide to publishing poetry! Want to get your poetry published? There's no better tool for making it happen than Poet's Market 2018, which features hundreds of publishing opportunities specifically for poets, including listings for book and chapbook publishers, print and online poetry publications, contests, and more. The term "blog" wasn't coined until 1999 and yet by 2004, it had become Merriam-Webster's Word of the Year. Globally, the number of blogs is doubling every six months, with more than 50 million blogs online today. Here to offer a unique overview of the emerging phenomenon that even armchair observers will find curiosity-satisfying is Dispatches from Blogistan: A Travel Guide for the Modern Blogger. Filled with practical, easy-to-implement advice for making blogging more enjoyable, useful, and profitable, this book covers everything from blogging and how it fits into the history of journalism to practical tips for planning and managing a blog, attracting and retaining an active readership. Written by noted technology journalist and interactive media veteran Su zanne Stefanac, the book features a fresh and succinct approach; quotes and commentary from noted and celebrity bloggers (author/futurist Bruce Sterling, NPR commentator Farai Chideya, Craig Newmark of craigslist.com, and Cory Doctorow, Boing Boing editor and science fiction author, among others); an accompanying blog site (dispatchesfromblogistan.com); and more. Stefanac explores issues of trust, influence, privacy, discovery, and the power of collaborative discourse, making this is a blog book like no other!
