

18 English Grammar Books

For students who want to learn the nuts and bolts of English grammar A generation ago, the United States public school system stopped formal instruction in English grammar and consequently created a legion of students and professionals notoriously weak in writing and language skills. English Grammar for the Utterly Confused is a must-have for anyone who gets that "deer-in-the-headlights" look when asked to recognize a misplaced modifier or even find the verb in a sentence. This user-friendly, witty guide helps everyone—from students taking the GED to professionals writing business plans—learn the structures of English grammar and how to use them easily and proficiently. Demystifying grammar once and for all, this handbook will help all readers acquire the ability to speak and write competently, correctly, and confidently. Key features include: Exercises throughout to develop facility in writing skills Clear explanations of complex concepts Handy icons More than 200 solved problems and examples Test Yourself section in each chapter

The Big Book of English Grammar for ESL and English Learners

Perfect for teacher trainers and candidates following courses like the Cambridge CELTA and the Trinity Certificate in TESOL, teachers unsure of how to present grammar or those who are looking for new ways to present it. The book provides teacher's with an authoritative and practical handbook on teaching grammar and preparing grammar lessons.

A new edition of a successful undergraduate textbook on contemporary international Standard English grammar, based on Huddleston and Pullum's earlier award-winning work, The Cambridge Grammar of the English Language (2002). The analyses defended there are outlined here more briefly, in an engagingly accessible and informal style. Errors of the older tradition of English grammar are noted and corrected, and the excesses of prescriptive usage manuals are firmly rebutted in specially highlighted notes that explain what older authorities have called 'incorrect' and show why those authorities are mistaken. Intended for students in colleges or universities who have little or no

background in grammar or linguistics, this teaching resource contains numerous exercises and online resources suitable for any course on the structure of English in either linguistics or English departments. A thoroughly modern undergraduate textbook, rewritten in an easy-to-read conversational style with a minimum of technical and theoretical terminology.
