Model View Controller (MVC) is becoming the definitive architecture of website development frameworks due to the stability, extensibility and predictability it lends to the primary separation of database, business logic and interface components, but includes a wide range of considerations for building high-performing, scalable and secure. Which MVC framework best suits the project you are about to begin is one of the biggest challenges you'll face as a developer. If you are part of a team, this decision is made for you; but in any event, you'll need to know how (and why) the framework authors made it work the way it does. Pro PHP MVC looks at the building blocks of the framework, and how they apply to PHP. It exposes all considerations that many developers take for granted when using a popular framework, and teaches you how to do it your own. Over the course of reading this book, you will learn the theoretical implications of the choices you would make when writing your own MVC framework, and how to build a cohesive package. We take a look at the highly modular Zend Framework—how to use its collection of loosely coupled classes to build a unified system. We also look at its automated build system (Bakery) and highly intuitive approach to rapid development. This book will lay bare all the secret parts of MVC for you.

Melanie Klein Today, Volume 1: Mainly Theory

BMW E30 - 3 Series Restoration Bible

Welcome to Harmony ... In this acclaimed inaugural volume in the Harmony series, master American storyteller Philip Gulley draws us into the charming world of minister Sam Gardner in his first year back in his hometown, capturing the essence of small-town life with humor and wisdom.

The Grammar Bible

Melanie Klein Today, Volume 1 is the first of two volumes of collected essays devoted to developments in psychoanalysis based on the work of Melanie Klein. The papers are arranged into four groups: the analysis of psychotic patients, projective identification, on thinking, and pathological organisation.

Ryan White, My Own Story

Low Pressure Boilers

Join the Doctor for brand-new adventures on board the TARDIS in this year's Doctor Who Annual. With secrets from the latest series, fact files on the latest terrifying monsters, exciting comic strips, stories, puzzles and activities, it's the perfect read for any fan of the brilliant BBC show Doctor Who.

Pro PHP MVC

Produced from 1984-9, the BMW 3 Series' popularity and status is maybe due to the longevity of its design, its ability to satisfy the keen driver or its iconic status but, whatever it is, there is no doubt that the E30 is one car from the past that will stay with us into the future. Focusing on the common faults which crop up repeatedly and giving detailed, simple instructions regarding repairs, this book is uniquely invaluable for owners who wish to try their hand at their own maintenance, especially those who may previously have been prevented from doing so by a lack of technical know-how or specific knowledge.
