we cannot deviate or the whole schedule will go
to hell in a hand basket. We need to ponder.

Ponder why your congressman and senator is an
elitist that you cannot get to talk to unless it is
election time and he wants to talk to you and all
your friends. Ponder why the congressman and
senator are your employee and you cannot get to
see or talk to them. I have pondered these and
many other things and have concluded that one
person cannot solve the problems of our society
and our world. The solution lies within the grasp
of the populace. The populace can solve a
problem simply by recognizing that it is a

problem. Once it is recognized the search will begin. Many will come forth with potential solutions. The populace will decide which solution is best. The best solutions will be determined by common sense. I have tried to make common sense a part of my life. I think that many people have relied on others to make decisions for them. It hasn't worked out too well in my opinion, and I think it is time that we began to look at our problems and demand solutions from ourselves and others. Politicians and the media are failing us, and we are mistaken to relinquish the power of decision to

Proving Damages for Lost Enjoyment of Living

For five decades, as a singer, musician, songwriter, and
producer, Tim O'Brien has ceaselessly explored the vast
American musical landscape. While Appalachia and
Ireland eventually became facets of the defining myth

surrounding him and his music, he has digested a broad array of roots styles, reshaping them to his own purposes. Award-winning biographer Bobbie Malone and premier country music historian Bill C. Malone have teamed again, this time to chronicle O'Brien's career and trace the ascent of Hot Rize and its broadening and enrichment of musical traditions. At the beginning of that career, O'Brien moved from his native West Virginia to the Rocky Mountain West. In just a few years, he became the lead singer, mandolin and fiddle player, and principal songwriter of beloved 1980s bluegrass band Hot Rize. Seeking to move beyond bluegrass, he next went to Nashville. O'Brien's success in navigating the

shoals of America's vast reservoir of folk musical expressions took him into the realm of what is now called Americana. The core of Tim O'Brien's virtuosity is his abiding and energetic pursuit of the next musical adventure. As a traveler, he has ranged widely in choosing the next instrument, song, style, fellow musicians, or venue. Written with O'Brien's full cooperation and the input of family, friends, colleagues, and critics, *Traveler* provides the first complete, behind-the-scenes picture of a thoroughly American self-made musical genius—the boy who grew up listening to country artists at the WWVA Wheeling Jamboree and ended up charting a new course through American

County, Maryland, existed before the adoption of the Constitution. Follow the colorful history of the fire companies from the first fire engine in 1764 to the fire company militia units that were summoned to Harper's Ferry and fire halls used during the Civil War. Learn how the fire companies in Frederick County had statewide influence by organizing the Maryland State Firemen's Association in 1893. Read of the tradition of fire engines "throwing water over the town clock"--sometimes to test performance,
