JAZZ IN THE KEY OF LIGHT is not your typical fine art photography book. In addition to visually capturing a variety of the world's jazz greats in performance or moments of personal reflection, author Ken Franckling paired the images with essential quotes from interviews he conducted with those same musicians in assignments for a variety of mainstream and music publications. The spotlighted musicians, some captured in historically important images, range from legends Dave Brubeck, Miles Davis and Sarah Vaughan to a variety of today's rising stars, including Nicki Parrott, Gregory Porter and Miguel Zenón.

Written to help parents inspire love for the Faith in their children through examples from the lives of the saints, it is also one of the best lives of the saints we have seen, and as such is great reading for all, especially because of the lessons it teaches. S.N.A.F.U. is the satirical fictional story of Snaford University Jewish Hospital which explores the changing dynamics that have had a profound effect on the practice of medicine. As the acronym SNAFU implies, chaos and confusion abound. Nothing is the way it seems. Some may consider this over the top satire, others a clear-eyed portrayal of hospital affairs and a clash of cultures-- the medical profession vs the corporate world which now controls it. Physicians must continue to care for the sick in an environment of increasing absurdity.

S.N.A.F.U. explores this dilemma using satire mixed with realism, giving you the same choice doctors face every day: whether to laugh or cry.

He knows their encounters aren't coincidences. And just as Andrew prepares to defend his family, Grace vanishes. As the police search stalls and the leads dry up, Andrew decides to take matters into his own hands. He starts by searching for sex offenders in the area and researching enhanced interrogation techniques... He convinces himself he'll do anything to rescue his daughter, unaware of the pure evil he'll face in his journey. He's willing to hurt-to torture-anyone to save his family. This fascinating visual account of firearms shows everything from the earliest cannons to modern weapons of war. It also highlights how gun technology and military tactics developed in tandem over time. Centuries ago, the Chinese discovered that if they put gunpowder and a projectile into a metal tube and ignited it, they could fire the projectile with enormous force. The first guns were born. Firearms: An Illustrated History showcases over 300 firearms including pistols, revolvers, rifles, shotguns, machine-guns, and artillery, each with annotated close-up photographs and details of their origins, barrel, and caliber. It details the use of the firearms, not just in the military but for sport, hunting, and law enforcement. This comprehensive volume traces the history of firearms, highlighting "turning points" such as the rifle with its parallel spiraled groves that could impart a spin to bullets making them fly straighter. It also showcases

iconic firearms such as the Walther PPK self-loading pistol popularised in James Bond films. With information on the great gunsmiths including Beretta and Kalashnikov and a detailed guide to how guns work, *Firearms: An Illustrated History* is an essential purchase for everyone interested in guns and military history.

I have physical scars from past surgeries, however, I have emotional scars as well. They were buried deep inside (hidden). It wasn't until my mother died was I able to "catch my breath" and to make sense of or process the emotional pain I had endured due to her prescription drug addiction, resulting in my own addictions.

Whiskey Days is the second full-length collection of memoir-driven works by Kentucky native Tommy Gaffney. Both the short stories and the poems in this volume invoke the emotional high wire of an author writing without a net, veering between the humorous and the abysmally raw that lay on either side of his narratives. The results this time show the growing maturity of both the scribe and the man and offer an intelligent conversation with the bar room professor on the stool beside you.
