***A supplemental textbook for middle and high school students, Hoosiers and the American Story provides intimate views of individuals and places in Indiana set within themes from American history. During the frontier days when Americans battled with and exiled native peoples from the East, Indiana was on the leading edge of America's westward expansion. As waves of immigrants swept across the Appalachians and eastern waterways, Indiana became established as both a crossroads and as a vital part of Middle America. Indiana's stories illuminate the history of American agriculture, wars, industrialization, ethnic conflicts, technological improvements, political battles, transportation networks, economic shifts, social welfare initiatives, and more. In so doing, they elucidate large national issues so that students can relate***

**From the New York Times bestselling author of *The Weekenders* comes a delightful new novel about new love, old secrets, and the kind of friendship that transcends generations. When ninety-nine-year-old heiress Josephine Bettendorf Warrick summons Brooke Trappnell to Talisa Island, her 20,000 acre remote barrier island home, Brooke is puzzled. Everybody in the South has heard about the eccentric millionaire mistress of Talisa, but Brooke has never met her. Josephine's cryptic note says she wants to discuss an important legal matter with Brooke, who is an attorney, but Brooke knows that Mrs. Warrick has long been a client of a prestigious Atlanta law firm. Over a few meetings, the ailing Josephine spins a tale of old friendships, secrets, betrayal and a long-unsolved murder. She tells Brooke she is hiring her for two reasons: to protect her island and legacy from those who would despoil her land, and secondly, to help her make amends with the heirs of the long dead women who were her closest friends, the girls of *The High Tide Club*—so named because of their youthful skinny dipping escapades—Millie, Ruth and Varina. When Josephine dies with her secrets intact, Brooke is charged with contacting Josephine's friends' descendants and bringing them together on Talisa for a reunion of women who've actually never met. *The High Tide Club* is Mary Kay Andrews at her *Queen of the Beach Reads* best, a compelling and witty tale of romance thwarted, friendships renewed, justice delivered, and true love found. Praise for *The Weekenders*: "This book has all the makings of a beach read...The perfect blend of drama, humor, intrigue, and just a touch of murder." —*Bustle* "Andrews has this 'perfect beach read' label down pat—and then some. *The Weekenders* is not just good, it is beyond good... Summer doesn't truly begin without a Mary Kay Andrews book in your beach bag, so here is another winner and Top Pick just for you." —*RT Book Reviews (Top Pick)* "Andrews' novels...are the epitome of relaxing yet involving summer reads, and her latest is no exception." —*Booklist***

The U.S. Navy is ready to execute the Nation's tasks at sea, from prompt and sustained combat operations to every-day forward-presence, diplomacy and relief efforts. We operate worldwide, in space, cyberspace, and throughout the maritime domain. The United States is and will remain a maritime nation, and our security and prosperity are inextricably linked to our ability to operate naval forces on, under and above the seas and oceans of the world. To that end, the Navy executes programs that enable our Sailors, Marines, civilians, and forces to meet existing and emerging challenges at sea with confidence. Six priorities guide today's planning, programming, and budgeting decisions: (1) maintain a credible, modern, and survivable sea based strategic deterrent; (2) sustain forward presence, distributed globally in places that matter; (3) develop the capability and capacity to win decisively; (4) focus on critical afloat and ashore readiness to ensure the Navy is adequately funded and ready; (5) enhance the Navy's asymmetric capabilities in the physical domains as well as in cyberspace and the electromagnetic spectrum; and (6) sustain a relevant industrial base, particularly in shipbuilding.

*Come along on Mustang's wild ride to automotive success. In the early 1960s, Lee Iacocca - then director of the Ford division at Ford Motor Company - convinced Henry Ford II to produce a sporty four-seat car aimed at the emerging youth market. That car, essentially a reconfigured and re-skinned Falcon economy car, became the Ford Mustang, and it changed the automotive world like no other car before or since. In Ford Mustang: America's Original Pony Car, acclaimed Mustang writer Donald Farr celebrates this unbroken lineage of muscle. He chronicles the car's phenomenal first-year sales, the new pony car category it pioneered, and subsequent models that include the Mustang GT, Shelby GT350, Shelby GT500, Super Cobra Jet, Boss 302, and Boss 429 - all part of a line of American performance cars that continues to this day. Created in cooperation with Ford Motor Company and featuring some 400 photos from its historic and media archives, Ford Mustang is a must on the bookshelf of any muscle car or Ford aficionado.*

Restructuring and Geographic Change in the Auto Industry

A Novel

The truck's role in American society changed dramatically from the 1960s through the 1980s, with the rise of off-roaders, the van craze of the 1970s and minivan revolution of the 1980s, the popularization of the SUV as family car and the diversification of the pickup truck into multiple forms and sizes. This comprehensive reference book follows the form of the author's popular volumes on American cars. For each year, it provides an industry overview and, for each manufacturer, an update on new models and other news, followed by a wealth of data: available powertrains, popular options, paint colors and more. Finally, each truck is detailed fully with specifications and measurements, prices, production figures, standard equipment and more.

Posadas County, New Mexico, is in the news. NightZone, a mammoth astronomy theme park, is bringing in jobs, media, and such new infrastructure as a slick narrow-gauge railway to transport tourists from the village of Posadas to the tramway running up the mesa to the project's site. And the Posadas High School girls' volleyball team is on a hot winning streak, exciting everyone. But more news, not good, breaks. Volleyball Coach Clint Scott has been found gunned-

down in the girls' shower room, the victim of four bullets, one fired nearly point blank into his heart. Dead for hours, killed soon after the end of last night's game. And, last night, a homegrown Banksy had tagged both one of the railway cars and a section of NightZone's giant radio telescope dish. Then, apparently, this young artist began work on a section of wall outside the girls' locker room at the high school - a project that was clearly - dramatically - interrupted. With morning come two strange incidents. Stacie Willis Stewart, a former Posadas volleyball star, locks up her baby and Jack Russell terrier in her Volvo, walks away to local superstore The Spree - and disappears. A former teacher spots the child and dog before the heat can kill them. Deputy Tom Pasquale, in The Spree's parking lot where he's spotted a suspicious Illinois plate on a Ford Fusion, watched it all. He then leads a fruitless search for her inside the store. No luck - but he does score a man with an Elvis haircut and his wife when they return to the Ford with stories that don't add up. The lead on the murder is Undersheriff Estelle Reyes-Guzman, who's still able to call on the retired former sheriff, Bill Gastner - a good thing, for she is surprised by the arrival of her piano-prodigy son, Francisco, age 15, in a sleek Corvette driven some one thousand unchaperoned miles by an eighteen-year-old beauty, a cellist. Their goal: to join the one hundredth birthday celebration for Estelle's mother.
