*From John Strausbaugh, author of City of Sediton and The Village, comes the definitive history of Gotham during the World War II era. New York City during World War II wasn't just a place of servicemen, politicians, heroes, G.I. Joes and Rosie the Riveters, but also of quislings and saboteurs; of Nazi, Fascist, and Communist sympathizers; of war protesters and conscientious objectors; of gangsters and hookers and profiteers; of latchkey kids and bobby-soxers, poets and painters, atomic scientists and atomic spies. While the war launched and leveled nations, spurred economic growth, and saw the rise and fall of global Fascism, New York City would eventually emerge as the new capital of the world. From the Gilded Age to VJ-Day, an array of fascinating New Yorkers rose to fame, from Mayor Fiorello La Guardia to Franklin and Eleanor Roosevelt, Langston Hughes to Joe Louis, to Robert Moses and Joe DiMaggio. In Victory City, John Strausbaugh returns to tell the story of New York City's war years with the same richness, depth, and nuance he brought to his previous books, City of Sediton and The Village, providing readers with a groundbreaking new look into the greatest city on earth during the most transformative -- and costliest -- war in human history.*

1001 Walks You Must Experience Before You Die is the perfect guide to the world's most exhilarating walks. The ever-increasing passion for recreational walking is given fresh impetus with the creation of each new national park and wilderness area, the construction of every new walkway and the clearing of another fresh trail. The growth in popularity of pathways and woodland walks, and the conversion of canal banks and disused railways around the world to mixed-use walk and cycle-ways, means we now have unprecedented access to our cities and to ever-increasing tracts of our rural heritage. The wide-ranging, carefully chosen featured routes vary from the rugged delights of Wales's Pembrokeshire Coastal Path to the lush wilderness of Jamaica and the Harz Witches' Trail high in the German mountains. The hand-picked excursions cover overland paths, urban trails, mountain passes, coastal and shoreline strolls, and walks that explore the heritage of the world's most culturally rich destinations. There are gentle walks for beginners - some lasting barely an hour - and more demanding challenges for seasoned enthusiasts that will take months to achieve. Every page provides a wealth of information about a must-try walk, including start and end points, overall distance, difficulty rating, terrain and an estimation of the time it should take to complete, along with links to specially commissioned digital route maps. In short, 1001 Walks You Must Experience Before You Die is an essential reference guide for all those who love to get out of their cars, get off their bikes and lace up their walking shoes.
