

2015 Deluxe Calendar Contemporary Quilts Of Hawaii

Sew a Whole Garden of Blooming Appliqué Blocks. Create a bouquet of floral quilts with 50 adorable blocks of appliquéd flowers and bugs. Make 9 complete quilt projects in a lively, contemporary folk-art style. All 50 blocks are 8" x 8" for easy mixing and matching into one-of-a-kind quilts. It's all so easy with quick fusible applique and simple piecing. Cheer up that dull spot in your home with an adorable flower-and-bug quilt. Includes 9 colorful quilts to hang on the wall, dress up a table, or snuggle in on the sofa.

This outstanding collection of traditional block patterns -- one for every day of the year -- includes rotary-cutting directions, full-color illustrations, and a cutting key for each design.

Shake up the Drunkard's Path block with 12 innovative projects from a classic pattern. Use pre-pieced units like rail fences, half-square triangles, and sixteen-patches to change up the Drunkard's Path look.

"Signed Eclipse contemporary romance"--Spine.

A panoramic global history of the nineteenth century A monumental history of the nineteenth century, The Transformation of the World offers a panoramic and multifaceted portrait of a world in transition. Jürgen Osterhammel, an eminent scholar who has been called the Braudel of the nineteenth century, moves beyond conventional Eurocentric and chronological accounts of the era, presenting instead a truly global history of breathtaking scope and towering erudition. He examines the powerful and complex forces that drove global change during the "long nineteenth century," taking readers from New York to New Delhi, from the Latin American revolutions to the Taiping Rebellion, from the perils and promise of Europe's transatlantic labor markets to the hardships endured by nomadic, tribal peoples across the planet. Osterhammel describes a world increasingly networked by the telegraph, the steamship, and the railways. He explores the changing relationship between human beings and nature, looks at the importance of cities, explains the role slavery and its abolition played in the emergence of new nations, challenges the widely held belief that the nineteenth century witnessed the triumph of the nation-state, and much more. This is the highly anticipated English edition of the spectacularly successful and critically acclaimed German book, which is also being translated into Chinese, Polish, Russian, and French. Indispensable for any historian, The Transformation of the World sheds important new light on this momentous epoch, showing how the nineteenth century paved the way for the global catastrophes of the twentieth century, yet how it also gave rise to pacifism, liberalism, the trade union, and a host of other crucial developments.

These are among the most innovative, outstanding quilts being designed today--chosen to appear in the 2001 Quilt National Biennial Exhibition--and a source of new ideas, interest, and excitement for quilt makers, collectors, and enthusiasts alike. Since its inception 22 years ago, the Quilt National exhibit continues to be a showcase for contemporary artists who expand the boundaries of traditional quilt making, creating designs meant for display on walls rather than as covers for beds. It sets the standards and serves as the model for all other art quilt shows. Through the large, spectacular color photographs here, as well as the artists' descriptions of the motivations behind their works, you can enjoy and refer to these quilts as often as you like at home. These designs are wonderful reflections of where quilting has been--and where it's going.

Karla Alexander is back with exciting new designs to delight her many fans! Now you can broaden your quilting repertoire by combining Karla's stacking and shuffling methods with even more techniques. Choose from 16 projects in a wide range of styles, from "Blue Moon" and "Window Box" to "Somersault." Make the most of today's fabrics with these contemporary quilts--the stunning designs look far more complicated than they actually are.

Using today's exciting fabrics, quilting experts Christine Porter and Darra Williamson give Sunbonnet Sue a wonderfully updated look. Find 12 small quilts featuring different themes, one for each month of the year Enjoy full-sized pattern pieces and fast-and-easy fusible applique Discover fun embellishing tips with each project

An exciting new approach for beginning to advanced quilters who want to improvise on their own, with a friend, or with a community of fellow makers. Forget step-by-step instructions and copycat designs. In The Improv Handbook for Modern Quilters, Sherri Lynn Wood presents a flexible approach to quilting that breaks free of old paradigms. Instead of traditional instructions, she presents 10 frameworks (or scores) that create a guiding, but not limiting, structure. To help quilters gain confidence, Wood also offers detailed lessons for stitching techniques key to improvisation, design and spontaneity exercises, and lessons on color. Every quilt made from one of Wood's scores will have common threads, but each one will look different because it reflects the maker's unique interpretation. Featured throughout the book are Wood's own quilts and a gallery of contributor works chosen from among the hundreds submitted when she invited volunteers to test her scores during the making of this groundbreaking work. "Wood offers a series of techniques, guidelines and lessons on color choice for those ready to explore improvisational quilting. Her book is loaded with full-color photos and examples to inspire." —Dallas Morning News "Despite how it may "seam," quilting isn't all about rules! Quilting can be an exhilarating way to channel your creativity and express yourself. This book is focused more on exploration than explanation—a perfect mindset for beginners!" —Pwllert's Books Staff Pick

Technics and Civilization first presented its compelling history of the machine and critical study of its effects on civilization in 1934—before television, the personal computer, and the Internet even appeared on our periphery. Drawing upon art, science, philosophy, and the history of culture, Lewis Mumford explained the origin of the machine age and traced its social results, asserting that the development of modern technology had its roots in the Middle Ages rather than the Industrial Revolution. Mumford sagely argued that it was the moral, economic, and political choices we made, not the machines that we used, that determined our then industrially driven economy. Equal parts powerful history and polemic criticism, Technics and Civilization was the first comprehensive attempt in English to portray the development of the machine age over the last thousand years—and to predict the pull the technological shift holds over us today. "The questions posed in the first paragraph of Technics and Civilization still deserve our attention, nearly three quarters of a century after they were written."—Journal of

Make a Style Collection That's All Your Own. In Handmade Style, Anna Graham, best known for her Noodlehead bag patterns, shows you how to use your favorite modern fabrics to expand your signature look into a lifestyle collection that's all your own. Featuring a wide range of stitched projects for experienced sewists to wear, to carry and to use, Anna challenges you to use not only your sewing machine, but also your toolbox. Get out your craft knife, rivet tool, and staple gun too as Anna teaches you skills you will need to express your personal style through clothing and totes and beyond, even into small furnishings for your living space.

Updated Patterns from Stack the Deck. Thousands of quilters around the world have discovered Karla Alexander's fantastic Stack the Deck technique, and the overwhelming response is they love it In this volume, quilters will be thrilled to find much-loved patterns from her now-out-of-print first book, Stack the Deck Each pattern has been remade using today's exciting fabrics, and several of the original designs have been modified slightly for a fresh new look. With these 11 fun projects, Karla opens up even more possibilities for her popular stack-slice-and-shuffle method.

Discover 26 Dresden Plate designs that shine with intricate style. You can sew each stunning Dresden on a sewing machine or by hand using English paper piecing--Katja shows you how, every step of the way. Plus, Katja's done all the math work for you. Just trace, cut, and stitch for piecing that's a perfect fit! Show off all your colorful Dresdens in six inspiring projects: a table runner, Christmas tree skirt, lap quilt, wall quilt, pillows, and place mats. The book is divided into four chapters, and each chapter serves a different purpose. Deals with a different pain. Heals a different heartache. Milk and Honey takes readers through a journey of the most bitter moments in life and finds sweetness in them because there is sweetness everywhere if you are just willing to look.

From quilt designer and blogger Amber Johnson, these projects are a little bit vintage, a little bit modern and a whole lot of fun! You'll find plenty of eye candy in this colorful, sunny assortment for confident beginners and beyond. Choose from 14 bold patterns and learn valuable tips on fabric selection and quilting designs Try a variety of applique methods, including easy raw-edge applique Make cheery designs in a range of sizes, such as a Dresden Plate quilt and coordinating pillow

Karla Alexander has won fans around the world with her gorgeous quilts and innovative techniques. Now she takes a new approach to her popular stack-cut-and-shuffle idea—with amazing results. Control the color placement in your design by adding a new step—the slide—to Karla's stack-cut-and-shuffle method Be inspired by Karla's use of color—from light and airy prints to batiks to bold, graphic fabrics—and create quilts with a traditional or modern aesthetic Select from 15 creatively different designs that give everyone from beginners to seasoned quilters something fresh and new

Add a punch of pizzazz to bold diamonds with triangle-pieced sashing! Popular designer and quilting teacher Kathy Doughty shares timesaving tips for cutting diamonds, half diamonds, and triangles from fabric strips. Use specialty rulers or the included templates as you draw from Kathy's vibrant design inspiration and hand-quilted finishing techniques. Skip the quilt math—all measurements include metric and imperial conversions. Vibrant and rich with texture, this quilt is surprisingly simple to piece.

The Best Contemporary QuiltsQuilt National 2001Sterling Publishing (NY)

This is the first-ever English-language edition of the book Leo Tolstoy considered to be his most important contribution to humanity, the work of his life's last years. Widely read in prerevolutionary Russia, banned and forgotten under Communism; and recently rediscovered to great excitement, A Calendar of Wisdom is a day-by-day guide that illuminates the path of a life well living with a brightness undimmed by time. Unjustly censored for nearly a century, it deserves to be placed with the few books in our history that will never cease teaching us the essence of what is important in this world.

Editorial Reviews "Fresh, fun, and unbelievably hot, Audrey Carlan's Calendar Girl series will have you falling in love over and over again and craving the next installment." --Meredith Wild, #1 NYT Bestselling Author "Sinfully delicious from start to finish! Sexy, smart, and so unique! I was completely immersed in Mia's journey." --Katy Evans, NYT Bestselling Author "A sexy, fast-paced, and downright addictive read. I devoured every word of Mia's journey." --Meghan March, USA Today Bestselling Author "This was a KILLER start to Ms. Carlan's monthly series!" --Give Me Books "Damn, Audrey did it again! Made me smile, made me laugh & made me cry with her beautiful words! I am in love with these books. --Hooks & Books Blog "This story was exciting, quick; but well paced and full of loveable characters. I haven't met a character in this series that I haven't liked yet!" --Nice and Nau Synopsis It's really simple. I needed money. A lot of money. One million dollars to be exact. The amount didn't matter. All that mattered is that at the end of that price tag held my father's life. No money. No life. The time limit was one year. On January 1st I had to pay up or my Father was going to be killed. When you're faced with an ultimatum like this, you do whatever you have to do. And that's exactly what I did. The job...Exquisite Escorts. My role, serve as high priced arm candy to anyone that can afford the \$100,000 price tag for a month of my company. Sex is optional (for me) and a 20% increase on the price. Mia Saunders just barely escaped a paltry life back home in Las Vegas until she gets the call that her Father has been

both within an inch of his life for not paying his gambling debt. Problem is, the lone shark is her lousy, ruthless ex-boyfriend. Another guy in a long line of men she'd fallen head over heels for. Not anymore. Mia's mission is simple. Serve as a high-priced escort for her Aunt's company and pay monthly against her Father's bad debt. A month with a rich man who she doesn't have to sleep with if she doesn't want to? Easy money. At least that's the way it was supposed to go.

An innovative and moving study, The Calendar of Loss illuminates how AIDS mourning confounds and traverses how we have come to think about loss and grief, insisting that the bereaved can confront death in the face of shame and stigma in eloquent ways that imply a fierce political sensibility and a longing for justice.

A collection of modern quilting projects you can create with scraps. Are scrap piles wreaking havoc in your sewing space? Not sure what to do with all those tiny bits of gorgeous prints you hate to part with? Modern quilters Amanda Jean Nyberg and Cheryl Arkison share a passion for scraps, and they're here to help you get creative with 16 scrappy quilt projects that include piecing, appliqué, and improvisational work. This book has ideas on how to adapt patterns for your own personal "Sunday morning" style, plus tips for effectively cutting, storing, and organizing your scraps. Your Sunday mornings just got a whole lot cozier! "Sunday Morning Quilts shows you how to use every last scrap of treasured fabric in your collection..The book champions the original ethos behind patchwork--make do and mend..The quilts are bold, bright and clean, and the co-authors actively encourage you to be creative and to come up with your own designs."--Popular Patchwork Magazine

Most quilters these days live such busy lives that they can't spend months or years on a quilt. The designs in this book, created for Fons & Porter by Jenny Doan and her Missouri Star Quilt Company, rely on pre-cut fabrics to speed up the process. Designs include Small Charm Quilt, Playful Pinwheels, By the Sea, Friendship Runner, Periwinkle, Ingrid's Garden, Hard Candy (table topper), Dresden Botanica, Summer in the Park, X's and O's Quilt and Pillow Sham and Dashing Stars.

"With its diverse selection of fabrics and designs, A Quilting Life is a fine pick for any quilter looking to produce family-oriented keepsake results." --The Needlecraft Shelf Bring the handmade tradition home with these charming quilts and home accessories. Inspired by a grandmother who loved to sew for her family, quilter and blogger Sherri McConnell gives traditional patterns like hexagons, stars, snowballs, and Dresden Plates a new look featuring fabrics by some of today's most popular designers. Nineteen cozy projects include pillows, tote bags, table runners, and larger quilts--quick and easy designs that make great gifts. "Sherri's book is a treasure! It's full of fun and straight-forward patterns for quilts, table toppers, pillows, bags and more--all the goodies to make a cozy home." --Thimbleanna

"Would you like the opportunity to make tomorrow's heirlooms in today's vast selection of prints? . . . If so, this could be the reference book that will get you started. There are 19 projects, mainly focusing on handmade household items but including some larger quilts too." --Fabrications Quilting for You "Beautiful inspiration if you are a seasoned quilter, but also a great resource with clear and in some cases, simple patterns for newbies as well." --Diary of a Quilter "Color photos of finished needlework projects accompany step-by-step

The study of electoral realignments is one of the most influential and intellectually stimulating enterprises undertaken by American political scientists. Realignment theory has been seen as a science able to predict changes, and generations of students, journalists, pundits, and political scientists have been trained to be on the lookout for "signs" of new electoral realignments. Now a major political scientist argues that the essential claims of realignment theory are wrong--that American elections, parties, and policy-making are not (and never were) reconfigured according to the realignment calendar. David Mayhew examines fifteen key empirical claims of realignment theory in detail and shows us why each in turn does not hold up under scrutiny. It is time, he insists, to open the field to new ideas. We might, for example, adopt a more nominalistic, skeptical way of thinking about American elections that highlights contingency, short-term election strategies, and valence issues. Or we might examine such broad topics as bellicosity in early American history, or racial questions in much of our electoral history. But we must move on from an old orthodoxy and failed model of illumination.

Mary Engelbreit knows that life truly has no greater blessing than a good friend. In the third book in this new quote-book series, Mary looks at the subject of friendship, collecting pearls of wisdom from scripture, literature, and folklore. Along with these immortal words of others, you'll find Mary's most famous friendship illustrations. With such classic drawings such as "We Have Been Friends Together in Sunshine and in Shade," and Longfellow's "Ah! How Good It Feels, the Hand of an Old Friend," Mary Engelbreit captures the essence of friendship knowing, better than any other contemporary illustrator, that it is "our friends who make our world."Other Book in the Series:Words to Live By (Spring 1999)Words for Mothers to Live By (Spring 2000)

Following their runaway best-seller The Blue and the Gray, Mary Ethington and Corrie Tessene present a fresh assortment of distinctive designs. Kim's signature "Pin Point" tips help ensure success Gorgeous photos offer a host of inspiring decorating ideas Quilt patterns feature Kim's trademark mixture of patchwork and applique

Beyond Vision is the first English-language collection of essays on art by Pavel Florensky (1882–1937), Russian philosopher, priest, linguist, scientist, mathematician – and art historian. In addition to seven essays by Florensky, the book includes a biographical introduction and an examination of Florensky 's contribution as an art historian by Nicoletta Misler.

Beyond Vision reveals Florensky 's fundamental attitudes to the vital questions of construction, composition, chronology, function and destination in the fields of painting, sculpture and design. His reputation as a theologian and philosopher is already established in the English-speaking world, but this first collection in English of his art essays (translated by Wendy Salmond) will be a revelation to those in the field. Pavel Florensky was a true polymath: trained in mathematics and philosophy at Moscow University, he rejected a scholarship in advanced mathematics in order to study theology at the Moscow Theological Academy. He was also an expert linguist, scientist and art historian. A victim of the Soviet government 's

animosity towards religion, he was condemned to a Siberian labor camp in 1933 where he continued his work under increasingly difficult circumstances. He was executed in 1937.

Enjoy wool appliqué all year long with the 12 whimsical quilt projects in this sequel to Kim Schaefer 's Calendar Quilts. Start a family tradition by hanging a new mini quilt in your home each month! Twelve seasonal wall quilts—one for each month of the year—are perfect for quick projects, gifts, scrap-busting, and block-of-the-month clubs. Cheerful motifs in Kim 's signature style come with full-size appliqué patterns. Each block in this pattern pack measures 10 1/2 " x 18 1/2 ". Includes links to printable, full-size patterns

Offering a modern approach to traditional fabric design, this charming instructional illustrates how to create sophisticated patchwork projects by combining linen and print fabrics using simple quilting procedures. Presenting a diverse collection of projects--many inspired by the Japanese zakka aesthetic--such as a travel sewing kit, sewing machine cover, table runner, apron, eco bag, towels, calendar, lap quilt, tote bag, pillowcase, and shoulder bag, all designs are fun, functional, and easy to master. Combining sewing, applique, quilting, and patchwork techniques with thoughtful advice on how to select, work with, and care for linen, this colorful handbook is brimming with sophisticated and innovative projects to challenge and inspire both beginning and intermediate sewers and quilters.

Dress up your home in contemporary Christmas cheer with these holiday sewing projects by the acclaimed fabric and quilt designer. These quilts and decorations from designer Amanda Murphy take Christmas in a bright new direction that updates the traditional reds and greens with blues, pinks, and whites. This illustrated guide features nine quilts and nine home decorations, including seasonal pillows, a tree skirt, an advent calendar, Christmas stocking, and more. • Create modern looks with favorite blocks like Flying Geese, Dresden Plate, and Hexagon • Use all your skills: piecing, appliqué, and hand embellishment • Make many of the quilts for any season with a simple change of fabrics

Catholics are not Christians. They worship Mary. They do whatever the pope says. They cannot divorce. They eat fish on Fridays. These flawed but common statements reflect a combined ignorance of and fascination with Catholicism and the Catholic Church. Catholicism Today: An Introduction to the Contemporary Catholic Church aims to familiarize its readers with contemporary Catholicism. The book is designed to address common misconceptions and frequently-asked questions regarding the Church, its teachings, and the lived experience of Catholics in modern societies worldwide. Opening with a concise historical overview of Christianity in general and Catholicism in particular, the text explores the core beliefs and rituals that define Catholicism in practice, the organization of the Church and the Catholic calendar, as well as the broad question of what it means to be Catholic in a variety of cultural contexts. The book ends with a discussion of the challenges facing the Church both now and in the coming decades. Also included are two short appendices on Eastern Catholicism and Catholicism in the United States.

Go beyond basic scrap quilts with this guide to turning fabric bits snips into striking modern art quilts—featuring 8 quick and easy projects. In Scrappy Bits Applique, fabric designer and quilt artist Shannon Brinkley shares her secrets to putting sewing room scraps to use. With her easy stitching and collage techniques, she shows how simplicity can produce dramatic results. Shannon 's "scrappy" approach to quilting uses a fast raw-edged technique. With step-by-step instructions, she teaches you how to intuitively choose, cut, and sew bits of fabric to create a collage of unique images and textures. Included are eight engaging quilt projects to try out your new skills.
