This is a basic bitch planner. I repeat, a basic bitch planner. It doesn't care about your dreams or your grandma's birthday. It also doesn't care if you cheat on it with other planners, or dump it for something prettier. It knows it's just a glorified notebook being used until the next best thing. It doesn't care about your pretty stickers or your special fountain pen in that shade of pink you think is special. It just doesn't care. And now that I've sold you, let me tell you about my basic bitch planner. 2018-2019 are at the front. It comes in 7"x10", weekly and daily, undated (if you are difficult and don't want to start the first week of Jan, or just can't make up your damn mind), and dated. Colorblocked and gridded pages are the focus. Fill them in how you see fit. Weekly planners have a two page spread for each week, and daily planners get a page for each day. Each page is numbered (if you need an index) and has a little black square on the top right of each page to tick or color once you're done with this page. That's it. Interior designed in a sedate gray because you're bringing the chaos, not me. So, what does this planner provide beside its basic-ness? Lots if you need it. If you're into the diy planner scene, joined the Bullet Journal cult, follow the GTD assembly, then this could work for you. Trees were chopped down, but no cows were killed. You can knock yourself out with washi tape and stickers. Or not. No frills, here. Instagram and Pinterest can show you how to add your own frills. You do you. I'm not here to inspire you. This planner works for you, not the other way around. You just have to choose a cover. Hit me up on Instagram for cover requests. <https://www.instagram.com/inkslayed/>
