Diary of a Somebody

The Official, Comprehensive Wordlist for SCRABBLE®

This "marvelously absorbing" book is "a walk

on the wild side of words and ventures into the zone where language and mathematics intersect” (San Jose Mercury News). A former Wall Street Journal reporter and NPR regular, Stefan Fatsis recounts his remarkable rise through the ranks of elite Scrabble players while exploring the game’s strange, potent hold over them—and him. At least thirty million American homes have a Scrabble set—but the game’s most talented competitors inhabit a sphere far removed from the masses of “living room players.” Theirs is a surprisingly diverse subculture whose stars include a vitamin-popping standup comic; a former bank teller whose intestinal troubles earned him the nickname “G.I. Joel”; a burly, unemployed African American from Baltimore’s inner city; the three-time national champion who plays according to Zen principles; and the author himself, who over the course of the book is transformed from a curious reporter to a confirmed Scrabble nut. Fatsis begins by haunting the gritty corner of a Greenwich Village park where pickup Scrabble games can be found whenever weather permits. His curiosity soon morphs into compulsion, as he sets about memorizing thousands of obscure words and fills his evenings with solo

Scrabble played on his living room floor. Before long he finds himself at tournaments, socializing—and competing—with Scrabble’s elite. But this book is about more than hardcore Scrabblers, for the game yields insights into realms as disparate as linguistics, psychology, and mathematics. Word Freak extends its reach even farther, pondering the light Scrabble throws on such notions as brilliance, memory, competition, failure, and hope. It is a geography of obsession that celebrates the uncanny powers locked in all of us, “a can’t-put-it-down narrative that dances between memoir and reportage” (Los Angeles Times). “Funny, thoughtful, character-rich, unchallengeably winning writing.” —The Atlantic Monthly This edition includes a new afterword by the author.

ONLY THE SKY ABOVE Mount Everest, 29,028 feet—on May 27th, 1999, Helga Hengge reaches the top of the world, the highpoint of an exciting career between the extremes of creative work and outstanding mountaineering achievement. In her inspiring account she takes her readers on an adventure through Tibet and up to the summit of Mount Everest with emotional and authentic insights into the dynamics of tackling the ultimate challenge. Accompanied by spectacular images of her two-month long ascent via the Northeast Ridge in Tibet she shares her story of pushing physical and emotional boundaries in the face of challenge. She talks about the step-by-step ascent, the power of a team, dealing with setbacks, and about trusting your inner strength. The highlight of her account is the ascent to the summit and the fulfillment of a great dream. The moment, when there is only the sky above. Helga Hengge, who has dual citizenship, was the first German woman to successfully summit Everest and the first American woman to do so from the North side.

Generation X cult classics *Our Noise* and *Geniuses of Crack* chronicled a group of friends just out of college who lived in a small town, cared more about their record collections than their careers, and never imagined they'd have to grow up. *Losing Our Edge*—the sequel to both books—revisits a number of the characters, seeing where they are twenty years later and discovering what's happened with their lives. There's Charles and Randy, two old friends and former roommates who reconnect only to discover they now have nothing in common. There's Craig and Ashley, ex-lovers who contemplate getting back together, even if it means breaking up a marriage. And then there's the band *Bottlecap*, reuniting for one last gig and another shot at the dream that was derailed the first time around. For everyone in *Losing Our Edge*, it's a second

chance to get things right. A tough and honest look at what the passing of time does to romance, friendship, and dreams, *Losing Our Edge* shows that you can go home again—you just might not like what you find when you get there.

It's January 1st and Brian Bilston is convinced that this year his New Year's resolution will change his life. Every day for a year, he will write a poem. It's quite simple. Brian's life certainly needs improving. His ex-wife has taken up with a new man, a motivational speaker and indefatigable charity fundraiser to boot; he seems to constantly disappoint his long-suffering son; and at work he is drowning in a sea of spreadsheets and management jargon. So poetry will be his salvation. But there is an obstacle in the form of Toby Salt, his arch nemesis at Poetry Club and rival suitor to Liz, Brian's new poetic inspiration. When Toby goes missing, just after the announcement of the publication of his first collection, *This Bridge No Hands Shall Cleave*, Brian becomes the number one suspect. If he is to regain his reputation and to have a chance of winning Liz, he must find out what has happened to Toby before it is too late. Part tender love story, part murder mystery, part coruscating description of a

Mosca Mye and Eponymous Clent are at it again. Escaping disaster by the skin of their teeth, they find refuge in Toll, a strange gateway town where visitors may neither enter nor leave without paying a price. By day, the city is well-mannered and orderly; by night, it's host to rogues and villains. Wherever there's a plot, there's sure to be treachery, and wherever there's treachery, there's sure to be trouble—and where there's trouble, well, Clent, Mosca, and Saracen can't be far behind. But as past deeds catch up with them and old enemies appear, this time, it seems as if there's no way out.

In the bestselling tradition of Cheryl Strayed's *Wild* and Helen MacDonald's *H Is for Hawk*, Karen Auvinen, an award-winning poet, ventures into the wilderness to seek answers to life's big questions with "candor [and] admirable courage" (*Christian Science Monitor*). Determined to live an independent life on her own terms, Karen Auvinen flees to a primitive cabin in the Rockies to live in solitude as a writer and to embrace all the beauty and brutality nature has to offer. When a fire incinerates every word she has ever written and all of her possessions—except for her beloved dog Elvis, her truck, and a few singed artifacts—Karen embarks on a heroic journey to reconcile her desire to be alone with her need for community. In the evocative spirit of works by Annie Dillard, Gretel Ehrlich, and Terry Tempest Williams, Karen's "beautiful, contemplative...breathtaking [debut] memoir honors the wildness of the Rockies" (*Publishers Weekly*, starred review). "Rough Beauty offers a glimpse into a life that's pared down to its essentials, open to unexpected, even profound, change" (*Brevity Magazine*), and Karen's pursuit of solace and salvation through shedding trivial ties and living in close harmony with nature, along with her account of finding community and even love, is sure to resonate with all of us who long for meaning and deeper connection. An "outstanding...beautiful story of resilience" (*Kirkus Reviews*, starred review),

Open The Cabinet of Linguistic Curiosities and you’ll find both a word and a day to remember, every day of the year. Each day has its own dedicated entry, on which a curious or notable event—and an equally curious or notable word—are explored. On the day on which flirting was banned in New York City, for instance, you’ll discover why to “sheep’s-eye” someone once meant to look at them amorously. On the day on which a disillusioned San Franciscan declared himself Emperor of the United States, you’ll find the word “mamamouchi,” a term for people who consider themselves more important than they truly are. And on the day on which George Frideric Handel completed his 259-page Messiah after twenty-four days of frenzied work, you’ll see why a French loanword, literally meaning “a small wooden barrow,” is used to refer to an intense period of work undertaken to meet a deadline. There was a time in Rebecca Sorrell's life when she wasn't taking care of her health and her body. She wasn't eating properly, and she wasn't exercising regularly. Sorrell feels she was overweight, and her blood pressure was too high. But after she experienced a left-brain stroke, she knew she needed to take control. In *Win*, Sorrell shares the story of her stroke and tells how she had to relearn how to walk, drive a car, brush her teeth, take a shower, comb her hair, wash clothes, cook, clean house, and dress herself. She discusses the challenges and the difficult times she faced during the recovery process. A story of perseverance, *Win* narrates how she used her faith in God to change her habits and her life to overcome the difficulties she experienced as a result of the stroke. Sorrell also offers advice and scriptural support for those who may be facing the same health journey.

by her husband, Charlie, and her best friend, Rachel, and by combing through boxes of letters and casual jottings. But she senses a mystery at the center of all these fragments of her past, a feeling that something is not complete. Is Charlie still her husband? Is Rachel still her friend? Told from alternating points of view that pull the reader into the minds of the three characters, the story unfolds as the smudge that covers Claire's memory is gradually, steadily wiped away, until finally she can understand the why and the how of her life. And then maybe she and Charlie and Rachel can move forward, but with their lives forever changed. In *Remind Me Again What Happened*, debut novelist Joanna Luloff has written a moving and beautifully nuanced story of transience, the ebb and flow of time, and how relationships shift and are reconfigured by each day, hour, and minute.

There are many books that celebrate our canine friends, but few so colourfully and evocatively demonstrate the sheer enjoyment they experience just from being a dog. The photographs in this book are not about the bond between us and our canine companions, the results of dog training, or the ever-expanding canine wardrobe. Rather, the focus is on how dogs behave when they are freed from everyday constraints, and can indulge their natural instincts. The unsung heroes here are the owners, who, after ensuring that their beloved best friend would be safe, let him or her run free to interact with others for the photoshoot. The resultant images showcase pure doggie delight – as the expressions on the dogs' faces demonstrate! Whether chasing balls or other dogs, mud-bathing, swimming, or rolling, this is a joyous celebration of dogs simply enjoying themselves!

Age is an important number, but it can also be deceiving. After 40, most people say they feel younger than their years, some lie about their

age, and many attempt to hide the signs of growing old. **Better with Age** addresses the many myths and paradoxes about the aging process. Although most people think of their later years in terms of decline, they can be one of the best times in life. This book presents the latest scientific research about the psychology of aging, coupled with insights from those who have succeeded in doing it well, such as Maya Angelou, Bob Newhart, Jared Diamond, John Glenn, and John Wooden. We are all aging, and many people are concerned about what to expect with advancing years. Retirement, happiness, and brain health are some of the many topics covered in this book. **Better with Age** shows what we can do now, at any stage in life, to make sure we enjoy old age.

Some people own a dog, whilst others are owned by their dogs - but either way the relationship between each is unique and special. Dogs come into our lives, bringing with them a level of devotion never before experienced . They make us laugh at their antics and funny ways, and when they leave us after a life-too-short, they break our hearts and leave our homes empty and echoing. This book is a collection of stories, photographs and illustrations that will make you laugh and cry. The stories are based on real dogs, who have been lovingly recreated by Stephanie as handmade felt models. A book that will appeal to both creative felt-makers and dog
