"You will never know, nor will you, all the stories I kept telling myself as I looked at these images." With these words Jacques Derrida opens his reading of Marie-Francoise Plissart's hundred-page photo-novel. Originally published in France in 1985, this tour de force of word and image is available in English for the first time. Plissart's visual narrative unfolds in photographs, and photographs of photographs, in a kind of silent cinematography. Derrida's polylogue explores genres, photographic genre, time, language, and the interpretative act of seeing. The text and the photographs, each with its own structure and syntax, together illuminate what is at stake in the "right of inspection."

WINNER OF THE NOBEL PRIZE IN LITERATURE, 2014 *Haunted by the fate of Dora Bruder – a fifteen-year-old girl listed as missing in an old December 1941 issue of Paris Soir – Nobel Prize-winning author Patrick Modiano sets out to find all he can about her. From her name on a list of deportees to Auschwitz, to the fragments he is able to uncover about the Bruder family, Modiano delivers a moving survey of a decade-long investigation that revived for him the sights, sounds and swirling rhythms of occupied Paris. And in seeking to exhume Dora Bruder's fate, he in turn faces his own family history.* *Translated by Joanna Kilmarin 'Absolutely magnificent' Le Monde*

Critiquing the arcades of nineteenth-century Paris-glass-roofed rows of shops that served as early malls--he author, who wrote the work in the 1920s and 1930s, covers thirty-six still-trenchant topics, including fashion, boredom, photography, advertising, and prostitution, among others.

Le financement participatif, pensez-y ! Un projet culturel, créatif, social, humanitaire ? La volonté de créer son entreprise ? Le besoin de la développer ? Tout le monde vous le dira : faites une campagne de crowdfunding. Grâce à la présence sur un site de financement participatif, la foule (crowd) des internautes vous financera grâce à des milliers de petits dons ou des investissements. Souvent sur un coup de cœur, pour faire partie de l'aventure. Kickstarter, Indiegogo, Ulule, KissKissBankBank, Wiseed, Anaxago, Look&Fin, MyMicroInvest, ... Des noms qui font rêver du jackpot. Le crowdfunding paraît être une solution toute trouvée quand les subsides manquent et que les banques boudent. Comment choisir la bonne plateforme, comment monter le dossier convaincant qui vous fera accéder à la mise en ligne ? Comment concevoir l'indispensable plan de communication ? Comment calculer ce que vous coûtera l'événement ? Quelles sont les pratiques légales ? Et quel montant espérer quand les plateformes mettent en avant leurs collectes record plutôt que les échecs ? Ce mode d'emploi pratique s'adresse autant aux créatifs qu'aux entrepreneurs. Il rassemble des témoignages des pionniers du crowdfunding et des cas vécus. Il évitera bien des pièges à ceux qui veulent tenter l'aventure et leur fournira quelques clés pour réussir, aussi bien en Belgique et en France qu'aux États-Unis. Quantum

The Diary of a Young Girl

Right of Inspection

This is about gob-smacking science at the far end of reason ... Take it nice and easy and savour the experience of your mind being blown without recourse to hallucinogens' Nicholas Lezard, Guardian For most people, quantum theory is a byword for mysterious, impenetrable science. And yet for many years it was equally baffling for scientists themselves. In this magisterial book, Manjit Kumar gives a dramatic and superbly-written history of this fundamental scientific revolution, and the divisive debate at its core. Quantum theory looks at the very building blocks of our world, the particles and processes without which it could not exist. Yet for 60 years most physicists believed that quantum theory denied the very existence of reality itself. In this tour de force of science history, Manjit Kumar shows how the golden age of physics ignited the greatest intellectual debate of the twentieth century. Quantum theory is weird. In 1905, Albert Einstein suggested that light was a particle, not a wave, defying a century of experiments. Werner Heisenberg's uncertainty principle and Erwin Schrodinger's famous dead-and-alive cat are similarly strange. As Niels Bohr said, if you weren't shocked by quantum theory, you didn't really understand it. While "Quantum" sets the science in the context of the great upheavals of the modern age, Kumar's centrepiece is the conflict between Einstein and Bohr over the nature of reality and the soul of science. 'Bohr brainwashed a whole generation of physicists into believing that the problem had been solved', lamented the Nobel Prize-winning physicist Murray Gell-Mann. But in "Quantum", Kumar brings Einstein back to the centre of the quantum debate. "Quantum" is the essential read for anyone fascinated by this complex and thrilling story and by the band of brilliant men at its heart.

The pampered daughter of a wealthy Hasidic businessman, Batsheva Ha-Levi grows up in the affluent suburbs of Los Angeles. But everything changes when she turns eighteen and finds that her loving father has made a secret vow which will shatter her life, forcing her to marry a man she hardly knows and sending her to the exotic, golden city of Jerusalem. On her wedding day, she enters a strange and foreign world steeped in tradition and surrounded by myth. Shackled by ancient rules, she soon understands that to survive she will have no choice but to fight for her freedom, to reconcile her own need to live in the modern world with her ancestral obligations, and to choose between the three men who vie for her body, her soul, and her love. Now a classic listed among the one hundred most important Jewish books of all time', Jephth's Daughter is bestselling author Naomi Ragen's beloved first novel. With poignancy and insight, it takes readers on a groundbreaking and unforgettable journey inside the hidden world of women in the ultra-Orthodox Jewish community. *100 Essential Books For Jewish Readers, Rabbi Daniel B. Sync and Lindy Frenkel Kanter

From its invention to the internet age, photography has been considered universal, pervasive, and omnipresent. This anthology of essays posits how the question of when photography came to be everywhere shapes our understanding of all manner of photographic media. Whether looking at a portrait image on the polished silver surface of the daguerreotype, or a viral image on the reflective glass of the smartphone, the experience of looking at photographs and thinking with photography is inseparable from the idea of ubiquity—that is, the apparent ability to be everywhere at once. While photography's distribution across cultures today is undeniable, the insidious logics and pervasive myths that have governed its spread demand our critical attention, now more than ever.

Faire, tout est là ? " Je n'ai pas fait la guerre ". dit Claude Simon. L'Histoire, alors Seulement si faire veut dire aussi refaire, veut dire aussi défaire. Faire la guerre à l'Histoire ? Telle est du moins l'hypothèse qui est à l'origine de ce livre.

Nadja, originally published in France in 1928, is the first and perhaps best Surrealist romance ever written, a book which defined that movement's attitude toward everyday life. The principal narrative is an account of the author's relationship with a girl in teh city of Paris, the story of an obsessional presence haunting his life. The first-person narrative is supplemented by forty-four photographs which form an integral part of the work -- pictures of various surreal people, places, and objects which the author visits or is haunted by in naja's presence and which inspire him to mediate on their reality or lack of it. The Nadja of the book is a girl, but, like Bertrand Russell's definition of electricity as not so much a thing as a way things happen, Nadja is not so much a person as the way she makes people behave. She has been described as a state of mind, a feeling about reality, k a kind of vision, and the reader sometimes wonders whether she exists at all, yet it is Nadja who gives form and structure to the novel.

Sequel to the Yukiko's Spinach. A poignant, often droll tale from two of the most exciting creators in the medium today.

Faire l'histoire

Ghost Image is made up of sixty-three short essays--meditations, memories, fantasies, and stories bordering on prose poems--and not a single image. Hervé Guibert's brief, literary rumination on photography was written in response to Roland Barthes's Camera Lucida, but its deeply personal contents go far beyond that canonical text. Some essays talk of Guibert's parents and friends, some describe old family photographs and films, and spinning through them all are reflections on remembrance, narcissism, seduction, deception, death, and the phantom images that have been missed. Both a memoir and an exploration of the artistic process, Ghost Image not only reveals Guibert's particular experience as a gay artist captivated by the transience and physicality of his media and his life, but also his thoughts on the more technical aspects of his vocation. In one essay, Guibert searches through a cardboard box of family portraits for clues--answers, or even questions--about the lives of his parents and more distant relatives. Rifling through vacation snapshots and the autographed images of long-forgotten film stars, Guibert muses, "I don't even recognize the faces, except occasionally that of an aunt or great-aunt, or the thin, fair face of my mother as a young girl." In other essays, he explains how he composes his photographs, and how-in writing-he seeks to escape and correct the inherent limits of his technique, to preserve those images lost to his technical failings as a photographer. With strains of Jean Genet and recurring themes that speak to the work of contemporary artists across a range of media, Guibert's Ghost Image is a beautifully written, melancholic ode to existence and art forms both fleeting and powerful--a unique memoir at the nexus of family, memory, desire, and photography.

"This book is a translation of historian Carlo Ginzburg's latest collection of essays. Through the detective work of uncovering a wide variety of stories or microhistories from fragments, Ginzburg takes on the bigger questions: How do we draw the line between truth and fiction? What is the relationship between history and memory? Stories range from medieval Europe, the inquisitional trial of a witch, seventeenth-century antiquarianism, and twentieth-century historians."--Provided by publisher. De Pétrarque à André Breton, l'amour fou n'a jamais cessé de redéfinir l'imaginaire du couple. '286 jours' s'inscrit dans cette grande lignée, tout en la renouvelant de façon brulante et radicale. Car ici la rencontre entre l'homme et la femme prend la forme d'une œuvre à quatre mains où les désirs, les voix et les regards s'échangent et se confondent, pour finalement se heurter et se disjoindre. C'est le journal croisé d'une passion amoureuse et sexuelle, aussi brève qu'intense, photographiée en même temps qu'elle se vit. '286 jours' explore un nouveau langage pour faire ressentir tous les moments et toutes les nuances de l'intimité d'une relation. Cru, sensuel, bouleversant, '286 jours' déborde tous les genres, comme si le regard croisé des amants brouillait jusqu'aux limites de soi et du monde.

THE DEFINITIVE EDITION • Discovered in the attic in which she spent the last years of her life, Anne Frank's remarkable diary has since become a world classic—a powerful reminder of the horrors of war and an eloquent testament to the human spirit. Updated for the 75th Anniversary of the Diary’s first publication with a new introduction by Nobel Prize-winner Nadia Murad “The single most compelling personal account of the Holocaust ... remains astonishing and excruciating.”—The New York Times Book Review In 1942, with Nazis occupying Holland, a thirteen-year-old Jewish girl and her family fled their home in Amsterdam and went into hiding. For the next two years, until their whereabouts were betrayed to the Gestapo, they and another family lived cloistered in the “Secret Annex” of an old office building. Cut off from the outside world, they faced hunger, boredom, the constant cruelties of living in confined quarters, and the ever-present threat of discovery and death. In her diary Anne Frank recorded vivid impressions of her experiences during this period. By turns thoughtful, moving, and amusing, her account offers a fascinating commentary on human courage and frailty and a compelling self-portrait of a sensitive and spirited young woman whose promise was tragically cut short.

One of the great seats of learning and repositories of knowledge in the ancient world, Alexandria, and the great school of thought to which it gave its name, made a vital contribution to the development of intellectual and cultural heritage in the Occidental world. This book brings together twenty papers delivered at a symposium held at the J. Paul Getty Museum on the subject of Alexandria and Alexandrianism. Subjects range from "The Library of Alexandria and Ancient Egyptian Learning" and "Alexander's Alexandria" to "Alexandria and the Origins of Baroque Architecture." With nearly two hundred illustrations, this handsome volume presents some of the world's leading scholars on the continuing influence and fascination of this great city. The distinguished contributors include Peter Green, R. R. R. Smith, and the late Bernard Botmer.

Presque tous les romans de Claude Simon évoquent la photographie : qu'il s'agisse d'un personnage photographe dans Le Vent (1957), de clichés jaunis (L'Herbe, 1958), d'instantanés immobiles (Le Palace, 1962), de cartes postales ou d'une photographie énigmatique d'Histoire (1967), sans oublier les archives photographiques maternelles de L'Acacia... Mais chez Simon cette présence des images nourrit d'abord une réflexion sur la langue, participe à son invention formelle. Sa pratique de la « description dynamique » s'élabore dans un lien étroit à la visualité traumatique, désintégratrice de la photographie, suscitant une véritable esthétique du choc. En dialogue avec les principales théories de la photographie (Kracauer, Benjamin et Barthes) comme avec l'intertexte littéraire de Simon (Proust, notamment), Moments photographiques fait apparaître la photographie comme une figure conceptuelle majeure des nouvelles poétiques de la mémoire. Et livre, ce faisant, à travers sa lecture de l'oeuvre simonienne, une contribution décisive à toute Histoire littéraire de la photographie.

Narrator or character? Reality or fiction? In this tender work of cinema, Boilet recounts an intimate love story in today's T7ky? between an everyday Japanese girl, Yukiko, and her occidental lover. Passionate, gentle, fresh and vibrant, it is a love so strong it hurts. Quietly paced, the story unfolds in a host of innovative techniques both narrative and visual. At the heart of the title is Boilet's deliberate (mis)use of the pronounced Japanese for [i]nave[ɫ]/i and [i]spinach/[i]. First serialized in 2000 - 2001 in the monthly Furanugo Kaiwa it is the defining work of Boilet's [i]Nouvelle Manga/[i] movement.

This book combines careful reading of texts, inscriptions, coins and other archaeological materials to examine how religious practice, material culture and urban landscape changed as Philippi developed from a Roman colony to a major center for Christian worship and pilgrimage.
