Soon to be an eight-part docuseries on Apple TV+ Hillary Rodham Clinton and her daughter, Chelsea, share the stories of the gutsy women who have inspired them—women with the courage to stand up to the status quo, ask hard questions, and get the job done. She couldn't have been more than seven or eight years old. "Go ahead, ask your question," her father urged, nudging her forward. She smiled shyly and said, "You're my hero. Who's yours?" Many people—especially girls—have asked us that same question over the years. It's one of our favorite topics. HILLARY: Growing up, I knew hardly any women who worked outside the home. So I looked to my mother, my teachers, and the pages of Life magazine for inspiration. After learning that Amelia Earhart kept a scrapbook with newspaper articles about successful women in male-dominated jobs, I started a scrapbook of my own. Long after I stopped clipping articles, I continued to seek out stories of women who seemed to be redefining what was possible. CHELSEA: This book is the continuation of a conversation the two of us have been having since I was little. For me, too, my mom was a hero; so were my grandmothers. My early teachers were also women. But I grew up in a world very different from theirs. My pediatrician was a woman, and so was the first mayor of Little Rock who I remember from my childhood. Most of my close friends' moms worked outside the home as nurses, doctors, teachers, professors, and in business. And women were going into space and breaking records here on Earth. Ensuring the rights and opportunities of women and girls remains a big piece of the unfinished business of the twenty-first century. While there's a lot of work to do, we know that throughout history and around the globe women have overcome the toughest resistance imaginable to win victories that have made progress possible for all of us. That is the achievement of each of the women in this book. So how did they do it? The answers are as unique as the women themselves. Civil rights activist Dorothy Height, LGBTQ trailblazer Edie Windsor, and swimmer Diana Nyad kept pushing forward, no matter what. Writers like Rachel Carson and Chimamanda Ngozi Adichie named something no one had dared talk about before. Historian Mary Beard used wit to open doors that were once closed, and Wangari Maathai, who sparked a movement to plant trees, understood the power of role modeling. Harriet Tubman and Malala Yousafzai looked fear in the face and persevered. Nearly every single one of these women was fiercely optimistic—they had faith that their actions could make a difference. And they were right. To us, they are all gutsy women—leaders with the courage to stand up to the status quo, ask hard questions, and get the job done. So in the moments when the long haul seems awfully long, we hope you will draw strength from these stories. We do. Because if history shows one thing, it's that the world needs gutsy women.

Over 13 million people have read the #1 New York Times bestseller Wonder—now, the wonder returns with a companion book of life lessons and inspiration from Auggie's favorite teacher—perfect for back to school! Based on the book that inspired the Choose Kind movement and a major motion picture, readers will fall in love all over again with Auggie Pullman, an ordinary boy with an extraordinary face. And don't miss R.J. Palacio's highly anticipated new novel, Pony, available now! In Wonder, readers were introduced to memorable English teacher Mr. Browne and his love of precepts. This companion book features conversations between Mr. Browne and Auggie, Julian, Summer, Jack Will, and others, giving readers a special peek at their lives after Wonder ends. Mr. Browne's essays and correspondence are rounded out by a precept for each day of the year—drawn from popular songs to children's books to inscriptions on Egyptian tombstones to fortune cookies. His selections celebrate the goodness of human beings, the strength of people's hearts, and the power of people's wills. There's something for everyone here, with words of wisdom from such noteworthy people as Anne Frank, Martin Luther King Jr., Confucius, Goethe, Sappho—and over 100 readers of Wonder who sent R. J. Palacio their own precepts.

In this innovative guidebook, Ithaca insider Laurel Guy weaves 10,000 details into a portrait of the town, its people and yes, the weather. Recording her thoughts over the course of a year, she takes readers on a on-of-a kind exploration of the city and its surroundings, delving into both history and what's new ... Natural wonders. Offbeat outings. ... Cornell trivia. Restaurants and bars. Coffee. Art. Theater. Kidstuff. ... gorgeous gorges.-- Unleash your vivid imagination across the pages of this eclectic, creative writing journal How do you envision Shangri-La? A couch potato? The color red? Explore a multitude of writing styles (analytical, prose, poetry, songs, screenplays, etc.) to describe everyday objects and places, exotic locales, abstract concepts, imaginary creatures, and more. "365 Things to Write About" is the perfect writing tool for people of all ages and skills, who seek a fun and inspiring way to explore their creative minds Review New writing journal "365 Things to Write About " offers exactly what it says: 365 people, places, objects, actions, and concepts positioned at the top of blank lined pages. While simple in design, the book is fun and challenging in its own unique way. The journal intends for you, the writer, to free-associate with each prompt and respond in whatever style inspires you - in-depth description, short story, poem, song, etc. Anyone hoping for instructions or narrowed questions like "what do you remember about your first day of school," be forewarned: the one- to three-word topics that head each page do not come with suggestions on what to write about them - how each prompt is explored on the rest of the page is left up to the writer's own imagination. Fledgling writers will find "365 Things to Write About " useful for developing and improving their descriptive writing skills. You'd be amazed by the smelly visuals you can concoct while describing a "dumpster" or "swamp." Advanced writers and "blocked" writers alike might discover their next main character, story idea, or poetic theme while using words to draw "a clown," "a curse," or "artificial intelligence." Designed for writers of all ages, one of this writing journal's coolest features is the record it creates of the writer's mind at any particular time. For that reason, "365 Things to Write About " makes a great family project, time capsule item, or gift for writers, book lovers, children, and adults who love exploring their imaginations. NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning The Daily Show with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, The Daily Show with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers-including Samantha Bee,

Stephen Colbert, John Oliver, and Steve Carell - plus some of The Daily Show's most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics—a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, The Daily Show has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.
