Fifty Key Thinkers on History

The Publishers Weekly

The Hidden Wisdom of Christ and the Key of Knowledge; Or, History of the Apocrypha

Realignment: The Theory that Changed the Way We Think About American Politics tells the dramatic story of how a new approach to American politics emerged in the aftermath of Harry Truman's stunning 1948 election upset victory. This approach realignment theory held that critical elections such as those of the Civil War era, the 1890's, and the 1930's shaped politics for decades to come. Theodore Rosenof details how realignment theory emerged as the predominant explanation of electoral change and how, after decades of analysis, it remains a subject of continuing influence and controversy. The first history of this important theory, Realignment weaves history and political science into a compelling look at American elections."

These essays, written in the course of half a century of research and thought on German and Jewish history, deal with the uniqueness of a phenomenon in its historical and philosophical context. Applying the "classical" empirical tools to this unprecedented historical chapter, Kulka strives to incorporate it into the continuum of Jewish and universal history. At the same time he endeavors to fathom the

meaning of the ideologically motivated mass murder and incalculable suffering. The author presents a multifaceted, integrative history, encompassing the German society, its attitudes toward the Jews and toward the anti-Jewish policy of the Nazi regime; as well as the Jewish society, its self-perception and its leadership.

Aesthetics: The Key Thinkers offers a comprehensive historical overview of the field of aesthetics. Thirty specially commissioned essays introduce and explore the contributions of philosophers who have shaped the subject, from its origins in the work of the ancient Greeks to contemporary developments in the 21st century. Now thoroughly revised and updated throughout, this second edition includes new chapters on Ludwig Wittgenstein, Susanne Langer, Bernard Bolzano, as well as more coverage of post-1950 aesthetics with Frank Sibley, Stanley Cavell, Peter Kivy, Noël Carroll, Peter Lamarque, and Jerrold Levinson. The book reconstructs the history of aesthetics, clearly illustrating the most important attempts to address such crucial issues as the nature of aesthetic judgment, the status of art, and the place of the arts within society. Ideal for undergraduate students, it lays the necessary foundations for a complete and thorough understanding of this fascinating subject.
