DISCIPLE IV UNDER THE TREE OF LIFE is the final study in the four-phase DISCIPLE program and is prepared for those who have completed BECOMING DISCIPLES THROUGH BIBLE STUDY. The study concentrates on the Writings (Old Testament books not in the Torah or the Prophets), the Gospel of John, and Revelation. Emphasis on the Psalms as Israel's hymnbook and prayer book leads natural to an emphasis on worship in the study. Present through the entire study is the sense of living toward

Set decoration for the New Testament video segments emphasizes the simpler life of New Testament times. "A quick-review study guide for the AP exam"--Cover.

Other words, like those used in quantitative genetics or mutational studies, are from non-biological fields, such as statistics or physics. The text and journal reader is referred to the scientific names of species and genera, often without knowing whether the organism is a grass, an insect, or a rodent. Poetry has been an essential aid to Zen Buddhist practice from the dawn of Zen—and Zen has also had a profound influence on the secular poetry of the countries in which it has flourished. Here, two of America's most renowned poets and translators provide an overview of Zen poetry from China and Japan in all its rich variety, from the earliest days to the twentieth century. Included are works by Lao Tzu, Han Shan, Li Po, Dogen Kigen, Saigyo, Basho, Chiao Jan, Yuan Mei, Ryokan, and many others.
