How is academia portrayed in children's literature? This Element ambitiously surveys fictional professors in texts marketed towards children, who are overwhelmingly white and male, tending to be elderly scientists. Professors fall into three stereotypes: the vehicle to explain scientific facts, the baffled genius, and the evil madman. By the late twentieth century, the stereotype of the male, mad, muddlehead, called Professor SomethingDumb, is formed in humorous yet pejorative fashion. This Element provides a publishing history of the role of academics in children's literature, questioning the book culture which promotes the enforcement of stereotypes regarding intellectual expertise in children's media. This title is also available, with additional material, as Open Access.

NEW YORK TIMES BESTSELLER • "Intimate and illuminating and, as is true of most anything Quindlen writes, well worth the read."—People For eighteen years Fran Benedetto kept her secret, hid her bruises. She stayed with Bobby because she wanted her son to have a father, and

because, in spite of everything, she loved him. Then one night, when she saw the look on her ten-year-old son's face, Fran finally made a choice—and ran for both their lives. Now she is starting over in a city far from home, far from Bobby. In this place she uses a name that isn't hers, watches over her son, and tries to forget. For the woman who now calls herself Beth, every day is a chance to heal, to put together the pieces of her shattered self. And every day she waits for Bobby to catch up to her. Bobby always said he would never let

her go, and despite the ingenuity of her escape, Fran Benedetto is certain of one thing: It is only a matter of time. Praise for Black and Blue "Heartbreaking."—Time "Beautifully paced—keeps the reader anxiously turning the pages."—New York Times Book Review "A gut-wrencher—another stunner."—Denver Post "Impossible to put down—the tension is both awful and mesmerizing."—St. Louis Post-Dispatch "Engrossing—compassionate and tense."—New York Times "Her best novel yet."—Publishers Weekly "Absolutely believable—Quindlen writes with power

and grace."—Boston Globe "A moving masterpiece."—Lexington Herald-Leader
