The American Journey

Prentice Hall Physical Science:

Concepts in Action helps students
make the important connection
between the science they read and what
they experience every day. Relevant
content, lively explorations, and a
wealth of hands-on activities take
students' understanding of science
beyond the page and into the world
around them. Now includes even more
technology, tools and activities to
support differentiated instruction!

Explore is an eight-level series of textbooks in science. As envisaged in the National Curriculum Framework (2005) guidelines, these books have been designed to present science as a living body of knowledge where students are encouraged and guided to make exploratory forays of their own. Book 8 conforms strictly to latest NCERT syllabus specifications for science at the middle school level. Care has been taken to inculcate scientific aptitude in students through a variety of exercises and activities and to enhance their investigative and analytical ability. Tasks and exercises have been incorporated to facilitate Continuous and Comprehensive Assessment (CIE).
