Judith Hanson Lasater has been teaching an annual yoga retreat at Feathered Pipe Ranch, in Helena, Montana, for twenty-eight years. When Lasater learned that one of her students was collecting her thoughts—which she called "Judith's aphorisms"—Lasater decided to collect them in this book. Featuring one thought for each day of the year, along with a suggested practice, these brief, powerful insights reflect the author's knowledge of classic yoga philosophy and years of experience. Humorous, inspiring, and surprisingly down-to-earth, they guide seekers both on and off the yoga mat. These aphorisms address love, asana, fear, trust, expectations, pranayama, suffering, laughter, presence, the Yoga Sutra, and much more. They emphasize the experience of being present to one's self and to life's ups and downs—day by day, breath by breath, moment by moment. *A Year of Living Your Yoga* is a gentle invitation to readers to know themselves on a deeper level.

Examines how Black women elders have managed stress, emphasizing how self-care practices have been present since at least the mid-nineteenth century, with roots in African traditions. How have Black women elders managed stress? In *Black Women's Yoga History*, Stephanie Y. Evans uses primary sources to answer that

question and to show how meditation and yoga from eras of enslavement, segregation, and migration to the Civil Rights, Black Power, and New Age movements have been in existence all along. Life writings by Harriet Jacobs, Sadie and Bessie Delany, Eartha Kitt, Rosa Parks, Jan Willis, and Tina Turner are only a few examples of personal case studies that are included here, illustrating how these women managed traumatic stress, anxiety, and depression. In more than fifty yoga memoirs, Black women discuss practices of reflection, exercise, movement, stretching, visualization, and chanting for self-care. By unveiling the depth of a struggle for wellness, memoirs offer lessons for those who also struggle to heal from personal, cultural, and structural violence. This intellectual history expands conceptions of yoga and defines inner peace as mental health, healing, and wellness that is both compassionate and political. Stephanie Y. Evans is a Professor of Black Women's Studies, Director of the Institute for Women's, Gender, and Sexuality Studies, and Affiliate Faculty in the Department of African American Studies and in the Center for the Study of Stress, Trauma, and Resilience at Georgia State University.
