Los Angeles Times Bestseller For fans of Jenny Lawson, Sarah Colonna, and Lena Dunham, an acutely-observed and hilarious take on what happens when life doesn't end up quite as you'd expected. "Gloriously smart, deeply funny, and nakedly vulnerable ... I laughed. I cried. I thanked my lucky stars I didn't ever have a threesome with co-workers in the Netherlands. But most of all, I fell in love with Lauren Weedman and the raw and complicated truths she so honestly explores on every page." —Cheryl Strayed, author of the New York Times bestseller Wild Lauren Weedman is not okay. She's living what should be the good life in sunny Los Angeles. After a gig as a correspondent

on The Daily Show with Jon Stewart, she scored parts in blockbuster movies, which led to memorable recurring roles on HBO's Hung and Looking. She had a loving husband and an adorable baby boy. In these comedic essays, Weedman turns a piercingly observant, darkly funny lens on the ways her life is actually Not Okay. She tells the story of her husband's affair with their babysitter, her first and only threesome, a tattoo gone horribly awry, and how the birth of her son caused mama drama with her own mother and birth mother, all with laugh-out-loud wit and a powerful undercurrent of vulnerability that pulls off a stunning balance between comedy and tragedy.

perceptive novel about the life cycle of one family--as the kids become parents, grandchildren become teenagers, and a matriarch confronts the legacy of her mistakes. From the New York Times bestselling author of *Modern Lovers* and *The Vacationers*. When Astrid Strick witnesses a school bus accident in the center of town, it jostles loose a repressed memory from her young parenting days decades earlier. Suddenly, Astrid realizes she was not quite the parent she thought she'd been to her three, now-grown children. But to what consequence? Astrid's youngest son is drifting and unfocused, making parenting mistakes of his own. Her daughter is pregnant yet struggling to give up her own adolescence. And her eldest seems to measure his adult life according to standards no one else shares. But who gets to decide, so many years later, which long-ago lapses were the ones that mattered? Who decides which apologies really count? It might be that only Astrid's thirteen-year-old granddaughter and her new friend really understand the courage it takes to tell the truth to the people you love the most. It's sensuous summer all year long with Nigella -- in a fabulous new cookbook that draws on the best from all over the world: to tie in with her new 8-part television series. Summer food doesn't have to be eaten just in summer. Even on our coldest days, indeed especially then, we need to summon up a little warmth on our plate. Summer cooking is relaxed cooking that conjures up a mood of sunny expansiveness: easy cooking, easy eating. No one wants to slave over a hot stove for hours: the keynote, as ever with Nigella, is simplicity. The ideal is of lazy abundance. The food of Italy and Spain, the fragrant mezze of the Eastern Mediterranean, the traditional strawberries-and-cream feel of an English summer afternoon: all these notes and flavours are

reflected in Forever Summer. The uniting force is attitude as well as palate so the food is far-reaching but personalised, and fresh so that it fits in with the way we live. It 's a way of celebrating summer while it lasts, and extending it into the months beyond. Forever Summer has the practical appeal of a cookbook as well as the aspirational lure of a travel book, the sort one might flick through longingly in winter, dreaming of much-needed sunshine.
