The five novels of Manuel Scorza's La guerra silenciosa are self-contained, yet reading them in the order of their appearance enhances an appreciation of the saga's underlying thematic development. In this final volume, the Indian struggle, which began in the first book as a single-handed revolt against the despotism of Judge Montenegro, has evolved into a fully organized insurrection against the oppression by ruthless landowners and the powerful mining company of Cerro de Pasco. This novel also depicts the culmination of the gradual shift in the Indians' psyche from a mythical interpretation of events to a more realistic worldview.

Tony Lightspeed is always bringing home sick and injured animals, so when he turns up with an unconscious man dressed from head to toe in rather stinky bandages, his family aren't too surprised. But then they discover that the man is an ancient Egyptian pharaoh named Sennapod, who has been dead for over 4,000 years. Brought back to life by two dastardly grave robbers, Sennapod is on the run. Can he persuade the Lightspeeds to help him?

Follow-up to the NEW YORK TIMES bestseller A VISITOR FOR BEAR Features an audio read-along! Bear does not like birthdays. He doesn't like parties or balloons, cards or candles. In fact, Bear does not like anything to do with

birthdays at all. He would much rather spend his birthday alone cleaning his house, but Mouse, small and gray and bright-eyed, has other ideas. With a perfectly paced story by Bonny Becker paired with Kady MacDonald Denton's slapstick visual comedy, A Birthday for Bear — previously published as a first reader — welcomes young listeners to the party in a new picture-book format, with all new artwork, ideal for sharing.

When a renowned Buenos Aires industrialist is found dead at his home in an exclusive gated community called La Maravillosa, the novelist Nurit Iscar (once nicknamed Betty Boo owing to a resemblance to the cartoon character Betty Boop) is contracted by a former lover, the editor of a national newspaper,

to cover the story. Nurit teams up with the paper's veteran, but now demoted, crime reporter. Soon they realize that they are falling in love, which complicates matters deliciously. The murder is no random crime but one in a series that goes to the heart of the establishment. Five members of the Argentine industrial and political elite, who all went to the same boarding-school, have died in apparently innocent

World powers were pouring men and machines onto the killing fields of Europe. Then, in one dramatic stroke, a divided planet was changed forever. An alien race attacked Earth,

and for every nation, every human being, new battle lines were drawn. . HOMEWARD BOUND With his epic novels of alternate history, Harry Turtledove shares a stunning vision of what might have been—and what might still be—if one moment in history were changed. In the WorldWar and Colonization series, an ancient, highly advanced alien species found itself locked in a bitter struggle with a distant, rebellious planet—Earth. For those defending the Earth, this all-out war for survival supercharged human

technology, made friends of foes, and turned allies into bitter enemies. For the aliens known as the Race, the conflict has yielded dire consequences. Mankind has developed nuclear technology years ahead of schedule, forcing the invaders to accept an uneasy truce with nations that possess the technology to defend themselves. But it is the Americans, with their primitive inventiveness, who discover a way to launch themselves through distant space—and reach the Race’s home planet itself. From the novelist USA Today calls “the leading author of alternate history,” this is a novel of vision, adventure, and constant, astounding surprise. A year had passed since Ben Holiday bought the Magic Kingdom from the wizard Meeks, who had set a series of pitfalls against him. Ben survived, by the aid of three loyal friends: Questor Thews, and ill-trained wizard;

Abernathy, a talking dog, the Court Scribe; and the lovely Willow, who sometimes had to be a tree. Bu ben had been troubled by dreams of disaster to his former partner, Miles Bennett. Yet when he returned to Earth, Ben found Miles doing splendidly. Unknown to Ben, the dreams had been a trap by Meeks, who had returned to the Magic Kingdom as a tiny insect hidden in Ben's clothing. That first night back in Landover, Ben awoke to see Meeks gloating over him. claiming to have the medallion that could summon the mysterious knight-

protector, the Paladin, and that he had cast a spell to witch appearances with Ben. Ben found himself outcast, no longer recognized by any friend, though all his powerful enemies seemed to know him. Without the medallion, he couldn't seek the help of the Paladin against Meeks. There was only the prism cat—whatever that might be!
