Alpha's Mate (Dire Wolves Of London Book 1)

Explore the world of the Dire Wolves... Three full-length novels. Contains complete Series. DIRE Gage was the first guy I ever wanted. He was my first crush and my first fantasy, but he wasn't my first in any other way because he never saw me as anything more than a friend— at least not until the night that changed everything. It was all Gage's fault. He insisted we drive through the storm and take the back roads. By the time the storm hit full force we had no chance. One night of snowbound sex changed our relationship forever. The problem was at the same time I caught another guy's attention. This other guy happened to be the alpha of a pack of shifter wolves. I thought the wolves were the worst of my problems, but I was wrong. When things went from bad to worse I had to make a lifelong sacrifice to save Gage, but what price is too much to save the one you love? DUSK After you have sacrificed your freedom what else is there to lose? Mary Anne has given her word to Hunter that she'll stay as his mate, but every second she spends with him takes her further away from Gage when he needs her the most. Caught between love and duty, Mary Anne discovers that her troubles are just beginning, and that sometimes love comes at a great price. DAWN It is always darkest before dawn. Gage and Mary Anne are on the run and determined to break Hunter out of prison so he can finish changing Gage. They look to Mary Anne's college friend Genevieve and the zany Dire Denny for assistance, but in the end, help comes from the unlikeliest of places. Hunter must end the hunt even if it means destroying his own brother and giving up on the girl destined to be his. With betrayal surrounding him at every turn, his best chance at ending the hunt is someone he is sworn to hate. *New Adult Paranormal Romance*

It was a time prior to the last Ice Age where mammalian mega fauna and jumbo flora dominated the landscape. Man was far from the dominant species on the planet. Unknown centuries had passed since the last of the uprights had been eradicated or banished to the fringes of the great desert. History faded with time as well as the knowledge about the wars between the two factions; man and wolf. Some of the written history remained in the form of legendary petroglyphs and pictographs located inside primitive caves; dotting sporadically along the base of the northern and southern ranges of the Ormod Mountains. The writings recorded great battles between the species and even among themselves. What remained of the cave writings revealed a stagnation of war and hatred between Dire wolves and their enemy, the up-rights. No wolf knew why they were enemies of man, only that the ancient inscriptions publicized the hostilities between the species. Conflict was the only definable moment in their historical relationship. Pack leadership and the elders reinforced the lessons taught by the ancient writings that were scribed on the walls of their caves. Man was the enemy and there would be no reconciliation

Derrick Rand is an Alpha Dire Wolf, a rare and powerful species of Shifter. Tired of the nomadic life, he's looking for a place to call home. He receives an email from a female Shifter inviting him to a small town called Blue Creek. Seemingly ideal, he and his crew fill their tanks and mount their bikes for the long ride to meet Barbara Wolfe. Lucy Corwyn is a Bobcat Shifter passing through the Wolf infested town of Blue Creek. After her junker breaks down, she is stranded there without a cent to her name. Not-so-big Cats rarely mixed with other species, especially not ones that considered her a snack! Without the money to pay for the repairs needed, Lucy has to find a job. The only one available seems to be at the new biker bar in town, Serious Moonlight. Lucy knows she needs to get the hell out of town before some dumb Wolf tries to make her into a chew toy, so she seeks out the owner about a position. Imagine her surprise when the sexy as hell Alpha turns out to be her mate! Lucy isn't about to make things easy on the big guy. No way. If that big bad Wolf wants to catch this little she-Cat, he better shake that sass. The wolves ran through this land, the land of his fathers. How he hated the coming. Their arrival portended of much death. He could hear them from his vantage point. Their breathing, och mae, how it was labored. The largest came at him first, as though he had been specifically targeted. This is the night terror that plagued him, he'd dream of Merri, then inevitably the wolf would come. The largest, the black one, was so much more, somehow more fierce than the others...menacing...shiny black fur, glaring eyes, teeth barred...saliva drooling...consistent in his behavior. This animal was absolutely driven in his quest to seek out and destroy Merri. The outcome was always vague. On this night, Garrison slit the throat of the beast. Vengeance was his, the feeling was one of exhilaration yet he sensed that the triumph was to be short lived. More ravenous beasts came, one after the other, each one larger than its predecessor. Garrison awoke with sweat pouring from his body, now it was his breathing that had become labored. "Garrison!" "Merri I dreamt of wolves, there were many...but it was one who singled himself out from the others. Ah, I should think he be the leader yes? It is he who comes for me every night...and Merri? I know of him. We've met...I can sense his bloodlust...as though he is a part of me." "You dreamt of becoming a wolf?" "You know naught. I dream of felling the wolf." "The hunt?" "Aye, the hunt." "Since when does our clan hunt the predator?" "Generally, we do not, that is why these night terrors confuse me...they plague my slumber. Those damned wolves would see me lose the sleep that I require at every days close." "What do the night terrors foretell?" "Death Merri,

it's my belief that a war comes to us soon." "Clan wars come, this is nothing new. We fight for what is ours. There is much honor in this." "There is no honor in death." **Hot Dire Wolf Nights**
