From the few tickets that were sold by Alaska Airlines and former British Midland in December 1995 via the industry's first airline booking engine websites, global online travel has grown to generate today more than half a trillion dollars in annual revenue. This development has brought significant changes to the airline business, travel markets, and consumers. Today, airlines worldwide not only use e-commerce for online marketing and selling but also as a platform to offer unique services and capabilities that have no counterpart in the physical world. This book is an in-depth introduction to airline e-commerce. It covers a broad scope of areas that are essential to an airline's ongoing digital transformation. Digital properties & features E-marketing E-sales & distribution Web customer service E-commerce organization E-commerce strategy Written by an airline e-commerce expert and illustrated with numerous examples of leading airlines in this area, Dr. Hanke provides for comprehensive "behind-the-scenes" details of how airline e-commerce works. This book is a crucial companion for students and practitioners alike because it allows the reader to acquire a thorough foundation of airline e-commerce. Furthermore, the book enables the reader to appreciate the ramifications of airline e-commerce in certain corporate areas and to take effective action for a successful e-commerce strategy.

Selling on Amazon For Dummies

Improve your customer experience by building logical and cost-effective solutions for critical call center systems

This book is designed for people who want to understand e-commerce – and by “understanding”, we mean first and foremost Why and What, not How. Why is Amazon dominating the market? What happened between 1995 and 2015? Why were the incumbents like Walmart not able to fight back? What will become of the herd of new unicorn e-commerce companies? And what will happen to the traditional value chain on which retail companies operate? This is not a book about How, though, so don't read this hoping to learn “how to master online marketing”. From our point of view, the Why and What is much more challenging and important, whether you are running a company in this market or are a student wanting to break into it. In this book, we'll share what we've learned. Look forward to 150 pages of valuable material about changes in the value chain, a lively review of how e-commerce has developed over the last 20 years, 50 case studies of digital business models large and small, three extensive interviews with leading e-commerce entrepreneurs, and strategic mind-games galore for a range of industries. This book offers a unique review of the e-commerce industry and the major changes it has seen, notably what key players have done to keep up with evolving technology and heightened consumer expectations. The authors give a solid look at what any retail or brand decision maker should know about the industry's history and future. Stephan Schambach, Founder of Founder of Intershop, Demandware, and Newstore More than ever, understanding the issues impacting the digital retail market as a whole will be critical to success in the years ahead. Alexander Graf and Holger Schneider deliver exactly the information to help you refine your perspective across markets and retail industries. Hans-Otto Schrader, CEO Otto Group Amazon Customer Service Sale price. You will save 66% with this offer. Please hurry up! Email Addresses and Phone Numbers to Contact Amazon Customer Service (Amazon Customer Service Through Phone, Email, Web, and Chat) Are you upset because you placed an order on Amazon and when you received it, it was wrong? Are you tired of listening to constant recordings or searching through FAQ pages and never finding answers? If that person is you, you are in the right place. Use this guide as your bible for getting help from Amazon. Don't let that missed item slide. This book will provide you with numerous methods for contacting Amazon in order to get your issue solved. No worries, screenshots included. This book will cover the following topics: How to address issues with ordering and who to contact. Handling questions related to returns and replacements Device Support Account Support Amazon Prime support Download your copy of “ Amazon Customer Service” by scrolling up and clicking “Buy Now With 1-Click” button. Sell on Amazon and Make Them Do the Heavy Lifting Selling on Amazon has become one of the most popular ways to earn income online. In fact, there are over 2 million people selling on Amazon worldwide. Amazon allows any business, no matter how small, to get their products in front of millions of customers and take advantage of the largest fulfillment network in the world. It also allows businesses to leverage their first-class customer service and storage capabilities. Selling on Amazon For Dummies walks owners through the process of building a business on Amazon—a business that can be built almost anywhere in the world, as long as you have access to a computer and the internet. The basics of selling on Amazon Using FBA Getting started Deciding what to sell Conducting product research Finding your way around Seller Central Product sourcing, shipping and returns, Amazon subscription, fees, sales tax, and more How to earn ROIs (Returns on Your Investments) Selling on Amazon provides the strategies, tools, and education you need, including turnkey solutions focused on sales, marketing, branding, and marketplace development to analyze and maximize opportunities.

Your Call Is (Not That) Important to Us

The ultimate guide to mobile marketing - revised and updated! An American Express Open Forum Best Business Book We are in the midst of a technological revolution bigger than the television or the PC. How do we, as marketers, harness mobile technology to serve our customers most effectively? With the “first screen” - the television - companies send ads directly into consumers' living rooms, reaching millions with one campaign. The “second screen” - the personal computer - increased interaction between companies and consumers and allowed for immediate customer feedback. Now, the “third screen” - the mobile device - changed the game in an even more revolutionary way. The Third Screen: The Ultimate Guide to Mobile Marketing defines the implications, strategies, and tactics used to thrive in business during the mobile revolution. This revised, updated edition links technological developments to behavioral changes, reveals the unexpected forces of the changes in mobile, and equips marketers and businesses for the future.

Your customers are your future. Smartphones, social media and the internet have given customers access to more information than ever before. If your business fails them, they will switch to your competitor and never return. So how do you keep them? By mapping their journeys, identifying potential hazards and reshaping your business with customer experience (CX) at its heart. From services to products, online to in-person, small-scale to multinational, your customers' loyalty depends on how you interact with them. Transform Customer Experience is your ultimate guide to putting your customer first. Author and CX expert Isabella Villani shows how you can implement a customer strategy from planning to execution. Transform Customer Experience offers real-life insights into effective strategies for developing and implementing Customer Experience (CX) programs in a range of corporate, governmental and non-profit environments. • Shows you how to address dimensions of diversity in the customer base • Outlines customer journey mapping • Discusses the implications of customers' omnichannel engagement • Addresses the importance of positive employee experience in establishing a supportive CX culture. Transform Customer Experience explains why you need to embed customer experience in your organisation and shows you how to do it.

The only casebook dealing with e-commerce, Electronic Commerce, Fourth Edition, utilizes problems to expound a transactional approach to electronic commerce. Written by Ronald J. Mann, a preeminent and prolific Commercial Law scholar, this system-oriented text is structured around the hypothetical representation of a technology company. The new edition has been meticulously updated with the latest cases and problems that reflect those cases and current issues. This concise casebook offers: Distinguished authorship: Ronald Mann is a leading scholar in Commercial Law and recently served as Reporter for revisions to UCC Articles 3, 4, and 4A. Lucid and concise reading assignments that use non-technical language whenever possible. Need-to-know technology is explained clearly and accessibly. Exercises that clearly illustrate current issues in e-commerce practice. Dozens of separate assignments so that professors can easily concentrate on their own areas of interest. Coverage of important commercial law topics, including: Click-through contracts Cybersquatting Web site development Software licensing Electronic payments New to the Fourth Edition: Updated problems based on recent case law and current issues. New cases, including: Rescucom Corp. v. Google &

Second Circuit decision permitting lawsuit against Google for selling ads based on trademarked name Jacobsen v. Katzer & First appellate decision validating licenses for open-source software Jaynes v. Commonwealth of Virginia & Virginia Supreme Court case invalidating Virginia anti-spam law under First Amendment Fair Housing Council v. Roommates.com & Ninth Circuit en banc decision on liability of Web site for discriminatory postings seeking roommates Chicago Lawyers & Committee for Civil Rights Under Law, Inc. v. CraigsList, Inc. & Easterbrook decision exonerating CraigsList for behavior similar to Roommates behavior condemned by Ninth Circuit Conwell v. Gray Loon Outdoor Marketing Group, Inc. & Indiana Supreme Court case interpreting contract for design of Web site Bring up the subject of customer service phone calls and the blood pressure of everyone within earshot rises exponentially. Otherwise calm, rational, and intelligent people go into extended rants about an industry that seems to grow more inhuman and unhelpful with every phone call we make. And Americans make more than 43 billion customer service calls each year. Whether it's the interminable hold times, the outsourced agents who can't speak English, or the multitude of buttons to press and automated voices to listen to before reaching someone with a measurable pulse -- who hasn't felt exasperated at the abuse, neglect, and wasted time we experience when all we want is help, and maybe a little human kindness? Your Call Is (Not That) Important to Us is journalist Emily Yellin's engaging, funny, and far-reaching exploration of the multibillion-dollar customer service industry and its surprising inner-workings. Yellin reveals the real human beings and often surreal corporate policies lurking behind its aggravating facade. After reading this first-ever investigation of the customer service world, you'll never view your call-center encounters in quite the same way. Since customer service has a role in just about every industry on earth, Yellin travels the country and the world, meeting a wide range of customer service reps, corporate decision makers, industry watchers, and Internet-based consumer activists. She spends time at outsourced call centers for Office Depot in Argentina and Microsoft in Egypt. She gets to know the Mormon wives who answer JetBlue's customer service calls from their homes in Salt Lake City, and listens in on calls from around the globe at a FedEx customer service center in Memphis. She meets with the creators of the yearly Customer Rage Study, customer experience specialists at Credit Suisse in Zurich, the founder and CEO of FedEx, and the CEO of the rising Internet retailer Zappos.com. Yellin finds out which country complains about service the most (Sweden), interviews an actress who provides the voice for automated answering systems at many big corporations, and talks to the people who run a website (GetHuman.com that posts codes for bypassing automated voices and getting to an actual human being at more than five hundred major companies. Yellin weaves her vast reporting into an entertaining narrative that sheds light on the complex forces that create our infuriating experiences. She chronicles how the Internet and global competition are forcing businesses to take their customers' needs more seriously and offers hope from people inside and outside the globalized corporate world fighting to make customer service better for us all. Your Call Is (Not That) Important to Us cuts through corporate jargon and consumer distress to provide an eye-opening and animated account of the way companies treat their customers, how customers treat the people who serve them, and how technology, globalization, class, race, gender, and culture influence these interactions. Frustrated customers, smart executives, and dedicated customer service reps alike will find this lively examination of the crossroads of world commerce -- the point where businesses and their customers meet -- illuminating and essential.

This book examines the intersection of fictional narratives and political philosophy, focusing specifically on the use of short stories to teach the classic works of political philosophy. It is a resource for scholars and teachers of politics, philosophy, and literature.

If you are in business to sell consumer goods - or you want to be - you should be on Amazon.com. More than 90 million customers shop at Amazon. As its global business booms, Amazon is inviting all sorts of independent sellers - large and small businesses, individuals, and mom-and-pop shops - to sell their merchandise right on Amazon. Whether you're just starting or already in business, you can boost your sales and profits by showing your wares on Amazon, the world's biggest store. Everything you need to start converting your items into cash is in this book by Steve Weber, one of the most successful and highly rated sellers in Amazon history: - How to set up shop on Amazon and generate worldwide sales volume with no up-front cost, risk or advertising. - Run your Amazon store from home, a warehouse or a walk-in store-or outsource everything to Amazon's fulfillment center. - Find bargain inventory; target niche markets for big profits. - Get tax deductions and write-offs for business use of your home. - Use Amazon as a stand-alone business or a lead generator for an existing business. - Pay lower sales commissions on Amazon. - Sell your inventions, crafts or intellectual property on Amazon. - Guard against scammers and rip-off artists. - Automate your business with easy-to-use tools.
