*Many people are surprised to learn that most of the items they purchase on Amazon are being sold by "third-party sellers," not Amazon. Yes, that includes the 2-day delivery Prime orders. Would you like to know what is involved in selling on Amazon? You could be one of these third-party sellers; opening a sellers account is easy and free. Learn what is involved in this 45 minute short-read 30-page book. What are the products sold and where can they be purchased so that you could make a profit? You can resell items purchased at clearance sales, or you can create your own personal private label products. How do you know which clearance products can be sold at a profit? You can use the free Amazon seller's app so that you can see the potential profit before you buy a product. What exactly is a private label product? Your private label product is one that you create under your label; it is superior to the competitions, and it is manufactured to your specifications. How difficult is it to create a superior product and have it manufactured at a profitable price? It is not difficult to do either, but you need to learn how; you need to develop a few skills. How do you decide whether to sell those clearance sale items or create your own product for sale on Amazon? You need to read an introduction into selling to know what is involved for each of those two paths to make that decision. Find specific answers to your questions: * Can I make money from selling if I have limited capital? * How do other people make money reselling new products purchased on clearance sales? * Should I create my own products to sell; what is involved? * What is FBA (Fulfilled by Amazon) and MFN (Merchant Fulfilled)? * What are the Advantages/Disadvantages of using FBA vs. MFN? * How do I start a business; do I need a separate "business entity"? * What are the costs involved in selling different products and in setting up an account? * So many similar questions and others that you may not know enough to ask now are answered in a way that makes the questions and answers easy to understand.*

Fulfillment by Amazon can be your ticket out of the rat race without creating an unmanageable amount of work for yourself. As selling online becomes a larger and larger business, the massive opportunities at Amazon are practically waving money in everyone's face, and all we have to do is reach out and grab it. The problem most of us face is that we jump in head first. There are some definitely lessons to be learned that way, but wouldn't it be easier if we avoided some of the mistakes that lose what little startup capital we have? Taking advice from a seasoned FBA seller, and learning from his mistakes, will not only help ease the technical requirements, but it will help motivate you to focus on the right information, find the right products, and make the best sales possible. Quit Wasting Time The major perk of working through Fulfillment by Amazon is that time is no longer spent packaging and shipping items, handling customer service, and finding a practical place to store your large inventory. As a seller grows their stockpile of goods to sell, it becomes quickly difficult to manage as a one-man show, and FBA solves that problem. Even if you've been mildly successful with sales through other methods, if you ever plan to sell large amounts, you're wasting your time if you're not utilizing FBA. Learn the Ropes If you don't want a blind start, or if you're struggling through a blind start, it's time you learned a few things, including: How to manage an Amazon Seller Central account. How to optimize sales without simply underpricing items based on the lowest possible prices available. How to source new products through retail arbitrage at local stores near you. How to decide if products are practical and viable to earn a sizable return on investment. How to avoid money-losing methods and tactics that simply won't work in the 21st century. How to create your own product listings in a manner that screams professionalism and leads to sales. How to develop your own brand with products that you didn't have to research, develop, and produce. How to keep tabs on your success through reporting tools and records keeping. How to always continue growing your business by working ON the business instead of FOR the business. All of this is possible through Fulfillment by Amazon, hard work, and a willingness to learn while understanding the results you have along the way. With step-by-step instructions, you'll be able to leave behind some of the guess work and focus on selling more products on Amazon than you would have ever imagined before. Enjoy the Benefits The results of your labor will be the ability to leave your day job, focus entirely on a business that you run yourself, and wake up at any time of day you want. Gone can be the days of 9AM meetings, bartending on the weekends, or going to school for a degree that might not even land you a job. What are you waiting for? If selling online is something you're considering, it is time to start making your move. You may not quit your job today, but as your FBA earnings come flowing in and your business grows, you'll start seeing the light at the end of the tunnel sooner than you expected.
