Goldilocks meets Little Red Riding Hood in this charming and unexpected fairytale mashup from the New York Times bestselling Illustrator of Easter Cat! KNOCK! KNOCK! When the Three Bears

answer the door, it's not Goldilocks they meet, but a stranger from a different story. It's Little Red Riding Hood—and the Big Bad Wolf is close behind her! Still, much unfolds as expected: porridge is eaten, a chair is broken, and there is a girl asleep in Baby Bear's bed. Does Little Red fit in this book after all? Perhaps it's the Wolf who will surprise us. With a bit of courage and much compassion, the Bears and Little Red learn that characters, just like the stories we tell, can change over time. In this quirky combination of familiar fairy tales, Claudia Rueda tells a new story about what happens when we open our minds, hearts, and homes to the utterly unexpected. FAIRYTALES—WITH A TWIST: From the original mind of Claudia Rueda, this fresh take on classic fairy tales is an inspired nod to the storytelling tradition and reveals how some of our most beloved, time-honored children's stories interact with each other . . . literally, and with hilarity. This fairytale mashup will charm even the most jaded of readers with its humor, its wild and endearing characters, and its unexpected meta twists. FOR FANS OF...: Sure to be read side-by-side with mash-up classics like Jon Scieszka's *The True Story of the Three Little Pigs* and David Wiesner's *The Three Pigs!* MILLENNIAL LITTLE RED: Little Red Riding Hood has got a punk personality and aesthetic. She breaks down the barriers that stand in her way, including escaping traditional narratives and endings. EMPATHY FOR THE WOLF: Is The Big Bad Wolf really so big, and really so bad? Approach a "villain" with a little empathy, and you may just make a new friend! INSPIRED BY BOOKS: Inspired by antique books, Claudia Rueda has infused this book with classic bookmaking, from flourishes on book covers and type design, to playing with meta touches like walking between books, past title pages, and in to other stories. CURRICULUM TIE-IN: Perfect for teachers and librarians looking for tools for teaching about storytelling and narrative. Perfect for: For fans of fairytale mash-ups, parents, educators

One of only two remaining charter members of the National Football League, the Chicago Bears are a team steeped in history. With nine pro football championships and twenty-six hall of famers, the Bears are also among the most successful franchises in all of professional sports. Revised and updated to include the latest seasons on the gridiron, Chicago Bears: The Complete Illustrated History brings the team's vibrant history to life. Beginning with the franchise's 1919 origins as the Decatur Staleys, this lavishly illustrated book presents the highs and lows from more than nine decades of football. Here is the story of the first dynasty under George "Papa Bear" Halas; the "Monsters of the Midway" of the 1940s; the team's resurgence in the late 1960s; its 1985 Super Bowl win; and the run for the title in 2006. Former Chicago Tribune sportswriter and longtime Bears aficionado Lew Freedmen highlights the legends who have donned Bears uniforms, outsize characters like Red Grange, Bronko Nagurski, Sid Luckman, Mike Ditka, Dick Butkus,

Gayle Sayers, Walter Payton, Mike Singletary, Brian Urlacher, and many more. He includes the numbers behind the stories---the stats and team records---as well as pivotal plays in Bearsâ€™™ history, from Halasâ€™™ T-formation to William â€œThe Refrigeratorâ€? Perryâ€™™s touchdown runs. The book presents a key chapter of sports history and offers a fitting tribute to one of footballâ€™™s most beloved teams.

Richard L. Proenneke--a modern-day Henry David Thoreau--built a cabin in Twin Lakes, Alaska, during the spring of 1968, sparking thirty years of personal growth in which he spent the majority of his time strengthening his relationship with the wilderness around him. Following in the footsteps of One Man's Wilderness, a classic book compiling some of the mountain man's journals, More Readings from One Man's Wilderness chronicles Proenneke's experiences with animals, the elements, park visitors, and observations he made while hiking in Lake Clark National Park and Preserve. A master woodcraftsman, a mechanical genius, a tireless hiker with a keen eye, and a journalist, Proenneke's life at Twin Lakes has inspired thousands of readers for decades. Editor John Branson--a longtime friend of Proenneke's and a park historian--ensures that Proenneke's journals from 1974-1980 are kept entirely intact. His colloquial writing is not changed or altered, but Branson's footnotes make his world more approachable by providing a background for names and places that may have otherwise been unknown. Any reader with a love for conservation and true-life wilderness narratives will undoubtedly admire and relish Proenneke's tales of living in the wild. Skyhorse Publishing, as well as our Sports Publishing imprint, is proud to publish a broad range of books for readers interested in sports--books about baseball, pro football, college football, pro and college basketball, hockey, or soccer, we have a book about your sport or your team. In addition to books on popular team sports, we also publish books for a wide variety of athletes and sports enthusiasts, including books on running, cycling, horseback riding, swimming, tennis, martial arts, golf, camping, hiking, aviation, boating, and so much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.

One night Bear looks out of the window and sees a shooting star. He makes a wish that all his friends at Big Blue House could see the star as well. An ideal bedtime story for the very young with glow-in-the-dark pages. From the internationally successful creators of The Muppet Show.

All the students in the class are assigned reading buddies, except for Adelaide. She already has one, a bear! And Adelaide is quite persuasive as she explains to her language arts teacher, Mrs. Fitz-Pea, and the reader, that bears really do make the best reading buddies: they sniff out good books and their claws are just right for turning pages. And the bear looks rather friendly (and studious) in these crayon-bright, contemporary illustrations, making this is must-read picture book for story time! The Capstone Interactive edition comes with simultaneous access for every student in your school and includes read aloud audio recorded by professional voice over artists.

In *A Shape in the Dark*, wilderness guide and lifelong Alaskan Bjorn Dihle weaves personal experience with historical and contemporary accounts to explore the world of brown bears--from encounters with the Lewis and Clark Expedition, frightening attacks including the famed death of Timothy Treadwell, the controversies related to bear hunting, the animal's place in native cultures, and the impacts on the species from habitat degradation and climate change. Much more than a report on human-bear interactions, this compelling story intimately explores our relationship with one of the world's most powerful predators. An authentic and thoughtful work, it blends outdoor adventure, history, and elements of memoir to present a mesmerizing portrait of Alaska's brown bears and grizzlies, informed by the species' larger history and their fragile future.

Once upon a time there was a story. It was a lovely story with absolutely NO BEARS in it--not a SINGLE BEAR anywhere. Then one day...MORE BEARS! KENN NESBITT is possibly the funniest and most sought-after children's poet writing today. He seriously cannot get enough of bears. Or chickens. TROY CUMMINGS has been drawing goofy animals pretty much nonstop since kindergarten. Come for a visit in Bear Country with this classic First Time Book® from Stan and Jan Berenstain. Brother and Sister love to play sports, so when Mama becomes the official soccer mom, Papa feels a bit left out. This beloved story is a perfect way to teach children about the importance of good sportsmanship and supporting one another.

In his Nautilus Award-winning classic Touching Spirit Bear, author Ben Mikaelson delivers a powerful coming-of-age story of a boy who must overcome the effects that violence has had on his life. After severely injuring Peter Driscall in an empty parking lot, mischief-maker Cole Matthews is in major trouble. But instead of jail time, Cole is given another option: attend Circle Justice, an alternative program that sends juvenile offenders to a remote Alaskan Island to focus on changing their ways. Desperate to avoid prison, Cole fakes humility and agrees to go. While there, Cole is mauled by a mysterious white bear and left for dead. Thoughts of his abusive parents, helpless Peter, and his own anger cause him to examine his actions and seek redemption—from the spirit bear that attacked him, from his victims, and, most importantly, from himself. Ben Mikaelson paints a vivid picture of a juvenile offender, examining the roots of his anger without absolving him of responsibility for his actions, and questioning a society in which angry people make victims of their peers and communities. Touching Spirit Bear is a poignant testimonial to the power of a pain that can destroy, or lead to healing. A strong choice for independent reading, sharing in the classroom, homeschooling, and book groups.

The Random Acts of Kindness movement started in the 1980s. It is attributed to Anne Herbert, a peace activist who wrote a challenge on a restaurant place mat: "Practice random kindness and senseless acts of beauty." Today the movement has spread around the world. Make & Share Random Acts of Kindness is a unique compilation of step-by-step projects and quick & easy ideas for practicing acts of kindness in your life through

cooking and crafting. Some ideas include decorating a reusable plate and using it to share homemade sweets with a stranger or neighbor, or putting together "Blessing Bags" with uplifting message cards to give out to those in need. Mique Provost is the founder of the immensely popular craft and cooking blog Thirty Handmade Days. She first started doing Random Acts of Kindness in honor of her oldest son who has autism, and she received an overwhelming response when she encouraged her readers to join her. In this book, she gives readers completely new crafts, recipes and projects, complete with her popular design templates. Readers young and old will love these inspiring ideas to spread joy and help make the world a kinder place.

The teddy bears are back—this time to teach readers all about patterns. Similar to the first three books in the McGrath Math series of concept books, TEDDY BEAR PATTERNS uses rhyming verse to explain the concepts illustrated by the colorful teddies. This simple text helps children to follow along as the teddy bears sort by color, and arrange into patterns of two colors, three colors, and so on. Readers will also discover how they can use patterns to skip count, add, and even multiply, before trying their hand at creating a pattern of their own. TEDDY BEAR PATTERNS is a worthwhile addition to the classroom, especially those that already use bear counters or other manipulatives as learning tools. Back matter provides a summary of the concepts introduced in the book.

Bear's Super Shape Search

A tiny American town's plans for radical self-government overlooked one hairy detail: no one told the bears. Once upon a time, a group of libertarians got together and hatched the Free Town Project, a plan to take over an American town and completely eliminate its government. In 2004, they set their sights on Grafton, NH, a barely populated settlement with one paved road. When they descended on Grafton, public funding for pretty much everything shrank: the fire department, the library, the schoolhouse. State and federal laws became meek suggestions, scarcely heard in the town's thick wilderness. The anything-goes atmosphere soon caught the attention of Grafton's neighbors: the bears. Freedom-loving citizens ignored hunting laws and regulations on food disposal. They built a tent city in an effort to get off the grid. The bears smelled food and opportunity. A
