A fast-paced adventure series featuring The Jungle Girl herself! The stories are inspired and co-created by Bindi Irwin, daughter of the iconic wildlife expert, Steve Irwin. The series features the characters of Bindi, her brother Robert, mother Terri, and the Australia Zoo. Bindi's birthday party at the zoo is going to be HUGE. Karaoke, animal rides, dancing competitions-it's all happening! But when a spoiled ten-year-old boy decides he wants to take home one of the zoo's precious water dragons, Bindi, her brother Robert, and a green-winged macaw come to the rescue. Can Bindi save the water dragon and her party?

The James Beard Award–winning founder of Milk Bar and host of Bake Squad shares her personal stories and wisdom for igniting passion, following your joy, and creating a satisfying life. Dessert connects us heart-to-heart like almost nothing else. It brings us together in good times and bad, celebration and solace. It marks big and small milestones and creates memories of comfort and joy. And Christina Tosi, the founder and CEO of Milk Bar, believes it can save the world. Does the combination of sugar, flour, and butter have some magical ability to fix all the craziness of our modern

existence? Of course not. Tosi knows a cookie is just a cookie—but bringing the joy a cookie holds into every area of your life most definitely can. The spirit of dessert—the relentless, unflinching commitment to finding or creating joy even when joy feels hard to come by—is what can save us. And then we, in turn, can each save the world. Tosi shares the wisdom she learned growing up surrounded by strong women who showed her baking’s ability to harness love and create connection, as well as personal stories about succeeding in the highly competitive food world by unapologetically being her true self. Studded with personal and unorthodox recipes, *Dessert Can Save the World* reveals the secret ingredients for transforming our outlooks, our relationships, our work, and our entire collective existence into something boldly optimistic and stubbornly joyful.

Jacqueline Woodson and Rafael López's highly anticipated companion to their #1 New York Times bestseller *The Day You Begin* illuminates the power in each of us to face challenges with confidence. On a dreary, stuck-inside kind of day, a brother and sister heed their grandmother’s advice: “ Use those beautiful and brilliant minds of yours. Lift your arms, close your eyes, take a deep breath, and believe in a thing. Somebody somewhere at some point was just as bored you are now. ” And before they know it, their imaginations lift them up and out of their boredom. Then, on a day full of quarrels, it’s time for a trip outside their minds again, and they are able to leave their anger behind. This precious skill, their grandmother tells them, harkens back to the

*Technically it was a minor league, but for hockey fans west of the Mississippi, the Western Hockey League provided major-league entertainment for over 25 years. The WHL was a determined and ambitious professional league, with some 22 teams based in major American and Canadian cities. Known as the Pacific Coast Hockey League prior to 1952, the WHL aspired to establish itself as North America's second major league, a western counterpart to the early eastern Canada-based National Hockey League. But it never quite managed to make the jump to the majors. Ice Warriors is a play-by-play history of the Western Hockey League, recalling the league's beginnings as the Pacific Coast League, how it came to rival the NHL and what led to its disbanding in 1974. By interviewing former players, coaches and fans, and examining statistical records, Jon C. Stott captures the WHL's glory days and pays tribute to a time when hockey was played with heart.*

skeptics. Fortunately, there are those among us who study pandemics and are willing to look unflinchingly at worst-case scenarios. Michael Lewis ' s taut and brilliant nonfiction thriller pits a band of medical visionaries against the wall of ignorance that was the official response of the Trump administration to the outbreak of COVID-19. The characters you will meet in these pages are as fascinating as they are unexpected. A thirteen-year-old girl ' s science project on transmission of an airborne pathogen develops into a very grown-up model of disease control. A local public-health officer uses her worm ' s-eye view to see what the CDC misses, and reveals great truths about American society. A secret team of dissenting doctors, nicknamed the Wolverines, has everything necessary to fight the pandemic: brilliant backgrounds, world-class labs, prior experience with the pandemic scares of bird flu and swine flu...everything, that is, except official permission to implement their work. Michael Lewis is not shy about calling these people heroes for their refusal to follow directives that they know to be based on misinformation and bad science. Even the internet, as crucial as it is to their exchange of ideas, poses a risk to them. They never know for sure who else might be listening in.
