their voyage - toward the Baltic. Denmark, Sweden, Finland were full of welcoming and interesting people and an almost invisible bureaucracy. But things were definitely different when they reached Poland where armed guards watched while the people greeted them with flowers, fruits and sweets. Their foray behind the Iron Curtain of the 1970's introduced them to some of the people who led the Solidarity Movement, the force that eventually toppled the Soviet Union. You'll be right on board as they weather a fierce mast-under broach in a Baltic gale and through the wintery North Seas. Here is a feast for the fantasia of stay-at-homes and a warm account of just two years of the life of two people who have lived in a wide adventurous world for more than four decades. plunge. And this book is an entertaining instruction manual on how to live a rich life on very little money. "Lin Pardey has, in her deceptively simple and fresh-faced style, told the story of an unusual and appealing marriage partnership, a special way of life. Yachtsmen will enjoy the technical description of the problems of maneuvering in the tight harbours and unmapped channels...the perils of heavy seas in a small boat. But what is remarkable is that she can draw a nonsailor into these special subjects and make them as comprehensible and absorbing to a landlubber as they would be to someone about to set out on the same itinerary in a small boat of his own."
