Blasted & Phaedra's Love

5 Steps to a 5: AP English Language 2020 Elite Student edition

In January 1995, Sarah Kane's first full-length play, *Blasted*, opened at the Royal Court Theatre. It became the cause celebre of the theatrical year, making front-page headlines and outraging critics with its depiction of rape, torture and violence in civil war. This two-play volume brings together *Blasted* and *Phaedra's Love*, Kane's radical reworking of Seneca's classical tragedy of incest and unrequited lust, which premiered at the Gate Theatre, London, in May 1996.

From across the room I saw the President, torchlight playing across his visage. And the violins began, and the low rumble of the timpani. I screamed. I ran. An old farmhouse upstate. Snow is falling. Mountains are falling. Something is breaking apart. You are formally invited to dinner with the 45th President of the United States. Anne Washburn (The Twilight Zone, Mr Burns) returns with her sinister and sensational play, now updated in a special dual edition to coincide with its audio premiere on WNYC Public Radio, to be aired in October 2020 in partnership with New York Public Theater. As part of a bold experiment to write a history play about the present, this edition includes both the stage and audio versions of the play, as well as extensive commentary from the writer herself about the significant changes made to it in reaction to the unprecedented crises and protest movements of 2020.

The basic history of the Shakespearean editorial tradition is familiar and well-established. For nearly three centuries, men - most of them white and financially privileged - ensconced themselves in private and hard-to-access libraries, hammering out 'their' versions of Shakespeare's text. They produced enormous, learned tomes: monuments to their author's greatness and their own reputations. What if this is not the whole story? A bold, revisionist and alternative version of Shakespearean editorial history, this book recovers the lives and labours of almost seventy women editors. It challenges the received wisdom that, when it came to Shakespeare, the editorial profession was entirely male-dominated until the late twentieth century. In doing so, it demonstrates that taking these women's work seriously can transform our understanding of the history of editing, of the nature of editing as an enterprise, and of how we read Shakespeare in history.

A stunning work of scholarship, the Norton Critical Edition of The English Bible, King James Version, is the most accessible edition available. In celebration of the 400th anniversary of the King James Bible, these long-awaited volumes bring together succinct introductions to each biblical book, detailed explanatory annotations, and a wealth of contextual and critical materials. Archaic words are explained, textual problems are lucidly discussed, and stylistic features of the original texts are highlighted. Judicious and economical, the introductions and annotations to the Old Testament give readers without Hebrew an entry into the complexities of biblical literature, reconstructing its original contexts, tracing its evolution, and pointing out productive strategies of reading. Incorporating the insights of modern biblical scholarship as well as centuries of precritical interpretation, they offer essential guidance to a labyrinthine world, while respecting the text's integrity. The historical and critical appendix comprises three distinct collections. A section on ancient Near Eastern backgrounds presents the myths, hymns, prayers, and legal codes that informed the creation of the Hebrew Bible. A historical anthology of biblical interpretation gathers—for the first time in one volume—generous selections from the Jewish, Christian, and Muslim traditions, along with classics of secular commentary. It includes reflections on the Bible by philosophers from Hobbes to Ricoeur; a compendium of modern biblical scholarship, focusing on topics such as the oral and the written, the composition of the Pentateuch, and the historical movement from covenant to canon; and a provocative sampling of comparative and literary approaches. The crucial presence of the Old Testament within English literature is represented by paraphrases and parables in verse and prose, and a recapitulatory conclusion brings the diverse perspectives of this millennial survey to bear on two of the Bible's most famous passages: the expulsion from the garden of Eden and the binding of Isaac. A final section devoted to the question of translation includes significant English versions from Wycliffe to the present. Time lines, chronologies, diagrams, and maps are included.

British theatre of the 1990s witnessed an explosion of new talent and presented a new sensibility that sent shockwaves through audiences and critics. What produced this change, the context from which the work emerged, the main playwrights and plays, and the influence they had on later work are freshly evaluated in this important new study in Methuen Drama's Decades of Modern British Playwriting series. The 1990s volume provides a detailed study by four scholars of the work of four of the major playwrights who emerged and had a significant impact on British theatre: Sarah Kane (by Catherine Rees), Anthony Minghella (Patricia Reid), Mark Ravenhill (Graham Saunders) and Philip Ridley (Aleks Siers). Essential for students of Theatre Studies, the series of six decadal volumes provides a critical survey and study of the theatre produced from the 1950s to 2009. Each volume features a critical analysis of the work of four key playwrights besides other theatre work, together with an extensive commentary on the period. Readers will understand the works in their contexts and be presented with fresh research material and a reassessment from the perspective of the twenty-first century. This is an authoritative and stimulating reassessment of British playwriting in the 1990s.

Note: this is an abridged version of the book with references removed. The complete edition is also available. In this unprecedented, fascinating book which covers women in theatre from the 1910s to the 2010s, author Lynne Grealey notes that, for the purposes of this study, "feminism" is defined as the political impulse toward economic and social empowerment for females or the female-identified, a position perceived by many feminists as oppositional to ideas of femininity that they see as personally and politically constraining and that "femininity" comprises social behaviors and practices that mean as "many different things as there are women," some of which are empowering and others of which are not. This book illuminates how throughout the twentieth century and into the twenty-first, playwrights and artists in American theatre both embodied and disrupted the feminine of their times. Through approaches as wide ranging as performing their own recipes, energizing silences, raging against war and rape, and inviting the public to inscribe their naked bodies, theatre artists have used performance as a site to insert themselves between the physicality of their female presence and the liminality of their disrupting the role of the feminine. Capturing that place of liminality, a neither-here-nor-there place that is often unsafe, where the established order is overturned by acts as banal as raising a plant, women have written and performed and disrupted their way through one hundred years of theatre history, even within the constraints of a variably rigid and usually unsympathetic social order. Creating a feminist femininity, they have reinscribed their place in the culture and provided models for their audiences to do the same. This comprehensive tome, part of the Cambria Contemporary Global Performing Arts headed by John Clum (Duke University) is an essential addition for theater studies and women's studies.

This Student Edition of Sarah Kane's seminal play *Blasted* features expert and helpful annotation and is an accessible guide for anyone studying or performing the play. This includes a scene-by-scene summary, a detailed commentary on the dramatic, social and political context, and on the themes, characters, language and structure of the play, as well as a list of suggested reading, questions for further study and a review of performance history. In 1995 Sarah Kane's first full-length play *Blasted* sent shockwaves throughout the theatrical world. Making front-page headlines, the play outraged critics with its depiction of rape, torture and violence in civil war. At its debut *Blasted* was roundly condemned by theatre critics like the Daily Mail who decried it as a "disgusting feast of filth". Today, however, this play is considered a seminal work of European theatre and has defined an era of stage writing. *Blasted*'s canonical status reflects the raw beauty and terror of Kane's writing. Probing the brutality people inflict upon one another, the suffering and violation, the play also looks at the role of love and the redemption it offers. Unafraid to delve into darkness, this is a provocative, fragmenting piece full of significance and power.

Makers of the Media Mind is a collection of analytical essays focusing on the most important and original ideas contributed to the field of mass communication by journalism educators. Divided into six sections representing the most prominent areas of specialization in the field, this text serves two significant purposes: first, it acquaints readers with the lives of preeminent journalism educators; second, it provides concise discussions and evaluations of the most compelling ideas those educators have to offer. The editor of, and contributors to, this text contend that ideas cannot be appreciated fully without an understanding of the creators of those same ideas. They hope that this volume's coverage of "creators" as well as concepts will demonstrate that journalism education has played a critical role in the making of the "media mind."

Among the oldest student publications in the United States, the Miscellany News traces its roots back to 1866. Beginning as a literary magazine and evolving into a contemporary newspaper, the paper has reported nearly 150 years of student experiences. The Miscellany has seen generations of Vassar College students who have witnessed the horrors of international observed stirring protests unfold on their own campus. This narrative history of the Miscellany tells the story of the young men and women writing about their collegiate environment against the grand backdrop of American history. With careful qualitative and quantitative analysis along with scores of interviews with former editors-Brian Farkas navigates the complex

Blending historical investigation with his personal experience, Farkas presents a fascinating and often humorous window into journalism, history's first draft.

There's little question that he actually lived. But miracles? Rising from the dead? Some of the stories you hear about him sound like just that--stories. A reasonable person would never believe them, let alone the claim that he's the only way to God! But a reasonable person would also make sure that he or she understood the facts before jumping to conclusions. The journalist with a knack for asking tough questions--decided to investigate Jesus for himself. An atheist, Strobel felt certain his findings would bring Christianity's claims about Jesus tumbling down like a house of cards. He was in for the surprise of his life. Join him as he retraces his journey from skepticism to faith. You'll consult expert testimony as you sift through literature, and religion reveal. Like Strobel, you'll be amazed at the evidence--how much there is, how strong it is, and what it says. The facts are in. What will your verdict be in The Case for Christ?
