

CORSO FACILISSIMO PIANO 3 CD

Since moving to a new city, once-adventurous Steph is doing her best to prove to her friends and family back home that her life is as fulfilling and envy-inducing as ever. The truth? She is broke and has found that making new friends isn't as easy as she expected. Eric has lost his way in life since his breakup with perfect Clarissa. Now that all his friends are buying homes, getting married and starting families, Eric is still living in a house share, feeling left behind. Eric and Steph are lonely. They're strangers, but with one connection - they live on the same street, on either side of number 26. Neither Eric nor Steph have met their neighbour at number 26, but both used to take comfort in hearing their neighbour playing piano at the same time every night - it made them feel less alone. Now the music has stopped and number 26 lies silent. Brought together by their mutual concern, Eric and Steph begin to grow closer and it looks like they might discover that the solution to their problems has been just two doors away the whole time.

Paganini periodico artistico-musicale

A group of resourceful kids start "solution-seekers.com," a website where "cybervisitors" can get answers to questions that trouble them. But when one questioner asks the true meaning of Christmas, the kids seek to unravel the mystery by journeying back through the prophecies of the Old Testament. What they find is a series of "S" words that reveal a "spectacular story!" With creative characters, humorous dialogue and great music, The "S" Files is a children's Christmas musical your kids will love performing.

Dizionario della lingua italiana arricchito di tutte le giunte che si trovano negli altri dizionarj pubblicati o in corso di stampa e di un copioso numero di voci nuove

In this new publication, available in an engaging two-volume series by Diego Minoia, we learn about the life and times of the Mozart family. Everything that there is to discover about these extraordinary characters and the epoch in which they lived is illustrated in this interesting and curious story that narrates approximately thirty years of their lives: travels and encounters, triumphs and disappointments, petty deceit and genius, rebellion and defeat. The story of the Mozart family, told through their own eyes, thanks to a rich collection of letters containing a wealth of information, enriched with detailed study that allows us a complete panoramic view of the circles in which they traveled, between journeys and presentations, intrigue and friendship, compliance to the powerful and desire for autonomy. An overview of a family and of a European continent that helps us understand the Eighteenth Century from a protagonist who rendered it one of the most prolific eras for music.“The Mozarts: Who They Were” narrates the story of their lives until 1775, following them step by step, getting to know and understand them. Would you like to be their traveling companion? We will begin in Salzburg, where the family was formed and where Wolfgang Amadeus and his sister Maria Anna – known as Nannerl – were born to accompany them in their early travels to Munich and Vienna. We will then follow them in their very long European Grand Tour where the two young Mozart children were to become known as child prodigies, journeying through the principle courts of Germany, the Netherlands, France and England. 5,200 kilometers covered and 80 cities, visited in 1,269 days. No rock or pop star has ever accomplished such a tour!In Volume I, we will follow Mozart to Munich, then on to Vienna, and finally Paris. Volume II will see his return to Salzburg from London, traveling through France and Switzerland. This is the moment when Leopold Mozart's ambitions become more audacious. It was time for Wolfgang Amadeus to begin his formation in becoming a composer, and there was only one place to do this: Italy. And this is how father and son, alone, without the women of the family, confronted their three journeys to Dante's Bel Paese, where they made friends and found recognition, as well as some less complimentary opinions. We will continue to accompany the Mozart family along the various visits on their tour of Italy where they visited many important cities: Verona, Mantua, Milan, Bologna, Florence, Rome, Naples, Turin, Venice. We will discover through their travels the many interesting facts about how life was lived in the country of Bel Canto – beautiful singing. In the meantime, Amadeus the child, was growing into a mature musician, brought up to perfect his craft, having already composed his first operas, as well as being able to navigate his way through the creation of the sacred and profane vocal and instrumental music. The elderly prince-bishop who had supported the Mozart family passed away and was substituted by Hieronymus Colloredo, whose relationship with the family grew constrained over time. The small and provincial Salzburg did not allow the young Wolfgang to express his full potential, who dreamed of the capital and a prestigious post at the Imperial Court.

Kant and Culture. Studies on Kant's Philosophy of Culture is a collective volume focusing on the figure of Kant as Kulturphilosoph. The challenge of this volume, which gathers scholars who differ in language, method, approach and perspective, is to shed light from different angles on the relevance and complexity of a subject ¶ Kant and culture ¶ that has often been confined to the margins of the Kantforschung and has only recently received the attention it deserves. Yet, on closer inspection, the issues related to the notion of culture in Kant are so varied and at the same time so pervasive and transversal that they allow for important connections between his philosophical reflection's different areas (from aesthetics to theoretical philosophy, from ethics to philosophy of history, from philosophy of law to moral philosophy, from anthropology to religion, from geography to pedagogy), providing a privileged point of view to explore and understand his idea of a Bestimmung des Menschen. Moreover, Kant's contribution to the philosophy of culture offers important insights into its contemporary crisis, its loss of significance and interest. A starting point to try to articulate a notion of culture in a normative sense, that is, elaborated not in reference to a certain class of objects defined as cultural (education, the arts, the sciences), but formally, as a particular relationship we can establish with any object, subject or experience.
