

Cats, Kittens And Cats!: A Fun Activity Book For Kids And Cat Lovers

A New York Times Bestseller "I have to hand it to Bradshaw and Ellis: Once you suss out their basic cat-training philosophy, their methods totally work." --Slate We often assume that cats can't be trained, and don't need to be. But in *The Trainable Cat*, bestselling anthrozoologist John Bradshaw and cat expert Sarah Ellis show that cats absolutely must be trained in order to enrich the bond between pet and owner. Full of training tips and exercises--from introducing your cat to a new baby to helping them deal with visits to the vet--*The Trainable Cat* is the essential cat bible for cat owners and lovers. "I doubt you'll find a more well-informed or scientific book on cats that better shows you how feline thinking works."--Times (UK)

The Everything Book of Cats and Kittens Penguin

"Describes the characteristics and behavior of pet cats, also discussing the physical appearance and place in the history of pet cats"--Provided by publisher.

advances in feline medicine from a systemic and adjunctive care perspective. It's the most comprehensive feline medical reference available with a strong clinical focus. Helps you meet the increasing demand for state-of-the-art medical care by cat owners — including advanced diagnostic services and treatments designed to extend and improve quality of life for feline companions. Features a full-color design with hundreds of schematic drawings, tables, boxes, key points, algorithms, and photographs for quick and easy access to information. Addresses key topics unique to feline medicine and not currently covered in other books, including: insights and clinical advances attributable to the mapping of the feline genome; medical conditions associated with behavioral problems; managing the feline patient with co-existing and chronic disease; special medical problems and care considerations for the geriatric cat; environmental enrichment for the indoor cat; feline zoonotic agents and implications for human health; and shelter medicine and overpopulation solutions. Provides in-depth information on indoor cats and senior cats, including timely guidance on meeting owners' expectations for longer, healthier lives for their cats. Addresses the challenges of pet overpopulation, particularly the impact of millions of feral cats on public health and the environment. Presents information written in the manner of expanded conference proceedings, delivering the latest insights and most current approaches to management of feline medical disorders. Includes contributions from approximately 60 contributors, drawing on the valuable expertise of those most knowledgeable in the field of feline medical care. Bears the full endorsement of the Winn Feline Foundation, a non-profit organization that supports studies about cat health and funds feline research projects

worldwide, and is internationally regarded as a major contributor to the health and wellbeing of all cats. The complete contents also are available online through Veterinary Consult.

The most adorable kittens ever, all in one book! This guide is packed full of incredibly cute photos and fascinating facts on kitten breeds. Information on the beauty and character of each breed is fully captured, while their individual qualities are explored on each page. Discover which kittens are calm and quiet and which are bouncy and playful! Stunning photographs and easy-to-read text make this the perfect book for young cat lovers.

Say goodbye to ordinary photo books! The Big Photo Book of Cats, Kittens, and Kitties features over 150 super size high quality professional-grade photos on a LARGE 8.5" x 11" size book, capturing the perfect (or sometimes awkward) moments of lovely cats! Perfect gift for cat lovers, kids who love animals, and makes a great coffee table book.

You can't help but be changed when you have a cat. They teach us about devotion, loyalty, and the value of living in the moment. They show us how to appreciate every day, and somehow, in those deep eyes, we learn about ourselves as well, becoming better humans. Our feline friends teach us many lessons, from their days as a kitten to their quiet senior years. Along the way they keep us company, provide unconditional love, and share in the ups and downs of our lives.

These 101 real-life stories will delight cat lovers of all kinds. You'll laugh a lot, tear up at times, and nod your head in recognition as you read these tales about the wonderful experience of sharing life with a cat. Part of the proceeds go to support the work of American Humane, providing a better life for cats everywhere.

popular family pet. This book will capture their interest and encourage reading for pleasure, which is linked with improved reading and writing skills. Cats and Kittens is a new Level 2 DK Reader, aimed at children who are learning to read. Helping to develop a lifelong love of reading, DK Readers cover a vast range of fascinating subjects to support children as they become confident readers.

Thinking about adding a second cat to the family? This essential guide on managing multi-cat households will answer all your questions and maybe even prevent a kitty apocalypse—now in an expanded and updated edition. America's favorite cat expert and award-winning author shows how adding another cat to your home does not have to be the start of a cat vs. cat war zone. Although cats are often misunderstood as natural loners, you can readily introduce new members to your family, and keep the fur from flying. Johnson-Bennett shows how to plan, set up, and maintain a home environment that will help multiple cats--and their owners--live in peace. Cat vs. Cat will help readers understand the importance of territory, the specialized communication cats use to establish relationships and hierarchies, and how to interpret the so-called "bad behavior" that leads so many owners to needless frustration. Offering a wealth of information on how to diffuse tension, prevent squabbles and ambushes, blend two families, or help the elder kitty in your family, Cat vs. Cat is a welcome resource for both seasoned and prospective guardians of cat families large and small.

The Veterinarians' Guide to Your Cat's Symptoms

When a bombing wrecks a hotel, kills a housekeeper, and threatens to destroy the Great Food Expo, Qwilleran and his feline sleuths, Koko and Yum Yum, embark on a culinary quest to find a killer

So Many Cats is a charming counting story written in rhyming verse that tells how a household with one cat comes to have 12 cats.

"Fun, fanciful, and even informative." —People The first comprehensive history of felines—from the laps of pagan gods to present-day status as meme stars—as revealed by a very learned tabby with a knack for hunting down facts Since the dawn of civilization, felines have prowled alongside mankind as they expanded their territory and spread the myth of human greatness. And today, cats are peddled on social media as silly creatures here to amuse humans with their antics. But this is an absurd,

Download File PDF Cats, Kittens And Cats!: A Fun Activity Book For Kids And Cat Lovers

self-centered fantasy. The true history of felines is one of heroism, love, tragedy, sacrifice, and gravitas. Not entirely convinced? Well, get ready, because Baba the Cat is here to set the record straight. Spanning almost every continent and thousands—yes, thousands—of years, Baba's complex story of feline survival presents readers with a diverse cast of cats long forgotten: from her prehistoric feline ancestors and the ancient Egyptian cat goddess Bastet to the daring mariners at the height of oceanic discovery, key intellectuals in the Enlightenment period, revered heroes from World Wars I and II, and the infamous American tabbies. Baba, a talented model in addition to a scholar, goes beyond surface-level scratches, pairing her freshly unearthed research with a series of stunning costume portraits to bring history to life. A paws-on journey through the feline hall of fame, with in-depth research and four-legged testaments that will make you rethink who defines history, *A Cat's Tale* is a one-of-a-kind chronicle that introduces readers to the illustrious ancestors of their closest companions and shows, once and for all, that cats know exactly what they're doing.

America's favorite cat behavior expert, author of *Catwise* and *Cat vs. Cat*, offers the most complete resource for cat owners of all stripes, now fully updated. "The queen of cat behavior" - Steve Dale, author of *My Pet World* Think it's impossible to train a cat? Think again! By learning how to think like a cat, you'll be amazed at just how easy it is. Whether you are a veteran cat lover, a brand-new owner of a sweet kitten, or the frustrated companion of a feline whose driving you crazy, Pam Johnson-Bennett will help you understand what makes your cat tick (as well as scratch and purr). Topics range from where to get a cat to securing a vet; from basic health care to treating more serious problems; choosing an irresistible scratching post and avoiding litterbox problems. A comprehensive guide to cat care and training, she helps you understand the instincts that guide feline behavior. Using behavior modification and play therapy techniques, she shares successful methods that will help you and your cat build a great relationship.

Presents facts about cats and kittens, including types of cats, how to train a kitten, how cats hunt, and how they keep clean.

included before succinct clear entries go on to cover all the main breeds of domestic cat (nearly 60), split into shorthair and longhair and organised by type. There are also entries on wild cats and helpful statistics and icons provide essential information at a glance.

A book that will delight every cat lover, full of wise and unforgettable life lessons, each paired with the perfect photo. Cats are the ultimate savants, possessing intelligence, poise, and sass in equal measure. They know when to play it cool, and when to pounce; when to fly solo, and when to cuddle up. Entertaining, unpredictable, and just a bit wild, cats encourage us to explore, take chances, and live on the edge—just as if we too had nine lives. Cynthia L. Copeland, author of the bestselling Really Important Stuff My Dog Has Taught Me and Really Important Stuff My Kids Have Taught Me, now turns her attention to our mysterious feline friends. Every page of this full-color gift book is a joyful reminder of what's important in life. Like Confidence: “Insist on a seat at the table.” Curiosity: “Have more questions than answers.” Adventure: “Sometimes you have to leap before you look.” Individuality: “You’ll be remembered for what sets you apart.” Kindness: “Recognize the power of your purr.” And Solitude: “Find your own square of sunshine.”

Cat Culture

A magical book about cats and kittens for young readers to treasure. A perfect book for any child interested in cats and kittens, this is a friendly introduction to the world of cat breeds and kitten behavior. Children will learn all about their favorite cat breeds, such as the Ragdoll or Persian, and how baby kittens learn through play. Colorful images, fun facts, and bite-size chunks of information make this a must for kids with a passion for cats.

'Kittens and Cats: A first reader' is a children's reader for young audiences. The vocabulary is fun, yet simplistic enough for readers to follow along, and is accompanied with

Download File PDF Cats, Kittens And Cats!: A Fun Activity Book For Kids And Cat Lovers

fun black and white cat photos - cats wearing bonnets, dresses, fun outfits, and cute hats. All of which are directly related to the short stories and poems in the book. It is perfect for young readers, for teachers to use in the classroom, or just for cat lovers. Though the book is more than a hundred years old, it is still a must-have for young readers.

ZooBorns showcases the newest and cutest animal babies from accredited zoos and aquariums around the world. With interesting animal facts and background stories on the featured babies, ZooBorns illustrates the connections between zoo births and conservation initiatives in the wild. Even people who live with cats and have good reason to know better insist that cats are aloof and uninterested in relating to humans. Janet and Steven Alger contend that the anti-social cat is a myth; cats form close bonds with humans and with each other. In the potentially chaotic environment of a shelter that houses dozens of uncaged cats, they reveal a sense of self and build a culture—a shared set of rules,

Download File PDF Cats, Kittens And Cats!: A Fun Activity Book For Kids And Cat Lovers

roles, and expectations that organizes their world and assimilates newcomers. As volunteers in a local cat shelter for eleven years, the Algers came to realize that despite the frequency of new arrivals and adoptions, the social world of the shelter remained quite stable and pacific. They saw even feral cats adapt to interaction with humans and develop friendships with other cats. They saw established residents take roles as welcomers and rules enforcers. That is, they saw cats taking an active interest in maintaining a community in which they could live together and satisfy their individual needs. Cat Culture's intimate portrait of life in the shelter, its engaging stories, and its interpretations of behavior, will appeal to general readers as well as academics interested in human and animal interaction.

The Cat Who Said Cheese

*Cats have been popular household pets for thousands of years, and their numbers only continue to rise. Today there are three cats for every dog on the planet, and yet cats remain more mysterious, even to their most adoring owners. Unlike dogs, cats evolved as solitary hunters, and, while many have learned to live alongside humans and even feel affection for us, they still don't quite "get us" the way dogs do, and perhaps they never will. But cats have rich emotional lives that we need to respect and understand if they are to thrive in our company. In *Cat Sense*, renowned anthrozoologist John Bradshaw takes us further into the mind of the domestic cat than ever before, using cutting-edge scientific research to dispel the myths and explain the true nature of our feline friends. Tracing the cat's evolution from lone predator to domesticated companion, Bradshaw shows that although cats and humans have been living together for at least eight thousand years, cats remain independent, predatory, and wary of contact with their own kind, qualities that often clash with our modern lifestyles. Cats still have three out of four paws firmly planted in the wild, and within only a few generations can easily revert back to the independent way of life that was the exclusive*

Download File PDF Cats, Kittens And Cats!: A Fun Activity Book For Kids And Cat Lovers

preserve of their predecessors some 10,000 years ago. Cats are astonishingly flexible, and given the right environment they can adapt to a life of domesticity with their owners—but to continue do so, they will increasingly need our help. If we're to live in harmony with our cats, Bradshaw explains, we first need to understand their inherited quirks: understanding their body language, keeping their environments—however small—sufficiently interesting, and becoming more proactive in managing both their natural hunting instincts and their relationships with other cats. A must-read for any cat lover, Cat Sense offers humane, penetrating insights about the domestic cat that challenge our most basic assumptions and promise to dramatically improve our pets' lives—and ours.

Count on cats as a fun way to learn numbers--in rhyming spreads with expressive appeal for animal lovers of all ages. Cat Number One has nothing to do . . . Until she makes friends with Cat Number Two. Meet cats from one to a dozen in this adorable board book introduction to counting with a feline twist. Author Lesléa Newman draws on her love for (and familiarity with) cats in a concept book for the very young, while illustrator Isabella Kung captures the animals' movements and gestures in a way that is sure to delight.

One cat sleeps. Two cats play. Three cats stack! Cats of all shapes and sizes scamper, stretch and yawn across the pages of this adorable
