The New York Times and USA TODAY bestselling collection of short stories chronicling the adventures of Simon Lewis as he trains to become a Shadowhunter is now available in print with ten brand-new comic illustrations! Simon Lewis has been a human and a vampire, and now he is becoming a Shadowhunter. The events of City of Heavenly Fire left him stripped of his memories, and Simon isn't sure who he is anymore. So when the Shadowhunter Academy reopens, Simon throws himself into this new world of demon-hunting, determined to find himself again. Whomever this new Simon might be. But the Academy is a Shadowhunter institution, which means it has some problems. Like the fact that non-Shadowhunter students have to live in the basement. At least Simon's trained in weaponry—even if it's only from hours of playing D&D. Join Simon on his journey to become a Shadowhunter, and learn about the Academy's illustrious history along the way, through guest lecturers such as Jace Herondale, Tessa Gray, and Magnus Bane. Written by Cassandra Clare, Sarah Rees Brennan, Maureen Johnson, and Robin Wasserman, these moving and hilarious short stories are perfect for the fan who just can't get enough of the Shadowhunters.

Clary, who is still seeking a cure for her mother's enchantment, travels to the City of Glass, the capital of the forbidden country of the secretive Shadowhunters, where she uncovers important truths about her family's past.

"Darkness has descended on the Shadowhunter world. Chaos and destruction overwhelm the Nephilim as Clary, Jace, Simon, and their friends band together to fight the greatest evil they have ever faced: Clary's own brother. Nothing in this world can defeat Sebastian--but if they journey to the realm of demons, they just might have a chance.."--

When Jace vanishes with Sebastian, Clary and the Shadowhunters struggle to piece together their shattered world and Clary infiltrates the group planning the world's destruction.

Queen of Air and Darkness

The Course of True Love (and First Dates)

A global account of pirates and their modus operandi from the middle ages to the present day In the twenty-first century piracy has regained a central place in Western culture, thanks to a surprising combination of Johnny Depp and the Pirates of the Caribbean franchise as well as the dramatic rise of modern-day piracy around Somalia and the Horn of Africa. In this global history of the phenomenon, maritime terrorism and piracy expert Peter Lehr casts fresh light on pirates. Ranging from the Vikings and Wako pirates in the Middle Ages to modern day Somali pirates, Lehr delves deep into what motivates pirates and how they operate. He also illuminates the state's role in the development of piracy throughout history: from privateers sanctioned by Queen Elizabeth to pirates operating off the coast of Africa taking the law into their own hands. After exploring the structural failures which create fertile ground for pirate activities, Lehr evaluates the success of counter-piracy efforts—and the reasons behind its failures.
