Over the past 45 years, Lonely Planet has grown a dedicated global community of travellers, many of whom are now sharing a passion for exploration with their children. Lonely Planet Kids educates and encourages young readers at home and in school to learn about the world with engaging books on culture, sociology, geography, nature, history, space and more. We want to inspire the next generation of global citizens and help kids and their parents to approach life in a way that makes every day an adventure. Come explore!*

*Tiré du site de l'éditeur: "What kind of gaze does the city license? What kind of gaze does it induce, determine, inform, program, organise? What is the nature of the city as reality, as image and as symbol? What is this object of desire, at once near and ungraspable, fascinating and repulsive, attractive and intractable, necessary and unbearable, intimate and impenetrable, available and inaccessible, that it is for itself as well as for the man of the crowd, for the man in the street, for the man of the city, for those who inhabit it and those merely passing through it, for anyone who knows that it is a labyrinth but nonetheless allows himself to remain trapped in it? Hubert Damisch.*

*Takashi Homma uses fragments collected in camera obscura constructed in metropolitan areas of Japan and the US to build a city image by image. Homma does not seek to index any particular city but to render a shadow world, a city's unconscious caught in a dark chamber, suspended in the camera's box. The camera obscura offers a repetition, like the reflection shimmering in Narcissus's pool. The narcissistic city is a city transfixed upon its own image - a mirror city, laced with repetition (modular) and reflections (glass). A city looking at its reflection, a city caught in a dark chamber, a city observing its camera obscura inversion - flickering inside the camera's box."*

*Buckle up for the next installment in our 'Epic' series and the follow-up to Epic Bike Rides of the World. Epic Drives of the World, a beautiful hardback, showcases 50 of the greatest road trips on Earth, from classic routes in America, Australia and Europe, to incredible adventures in Asia and Africa. Organised by continent, each route features a first-hand account, awe-inspiring photographs, illustrated maps and practical advice on when to go, how to get there, where to stay and what to eat. From Hawaii's Hana Highway and Vietnam's Ho Chi Minh*

Road, to Utah's National Park Circuit and Germany's Black Forest High Road, Epic Drives of the World will inspire any motorist to hit the open road. African and Middle East drives include: The self-drive Safari (Zambia) Crossing the Kalahari (Botswana) Passing over the Panorama Route (South Africa) Marrakesh to Taroudannt (Morocco) Cruising Clarence Drive (South Africa) The Americas drives include: The Highway to Hana in Hawaii (USA) The Salar de Uyuni (Bolivia) The Pacific Coast Highway (USA) Crossing the Carretera Austral (Chile) Canada's Icefields Parkway Asia drives include: On the trail of Ho Chi Minh (Vietnam) Crossing the Kathmandu Loop (Nepal) Hightailing from Thimphu to Gangtey (Bhutan) South Korea: From top to toe The road from Srinagar to Manali (India) Europe drives include: Black Forest High Road (Germany) The Wilds of Abruzzo (Italy) Croatia's Adriatic coast Norway's west coast The Magic Circle (Iceland) Oceania drives include: Southern Alps explorer (New Zealand) The Great Ocean Road (Australia) Northland & the Bay of Islands (New Zealand) Following the Captain Cook Highway (Australia) Alice Springs to Darwin (Australia) About Lonely Planet: Lonely Planet is a leading travel media company and the world's number one travel guidebook brand, providing both inspiring and trustworthy information for every kind of traveller since 1973. Lonely Planet Best Day Walks Japan

Here's a book about Sydney that's seriously streetwise. Colourful themed trails, from history and culture to food and nature, reveal amazing facts and intriguing tales that kids won't find on the tourist routes. We'll show them where to find haunted pubs, ancient Aboriginal art, the best surfing beaches, and lots more!

Traveling to Japan has never been so much fun—visit the land of anime, manga, cosplay, hot springs and sushi! This graphic Japan travel guide is the first of its kind exploring Japanese culture from a cartoonist's perspective. Cool Japan Guide takes you on a fun tour from the high-energy urban streets of Tokyo to the peaceful Zen gardens and Shinto shrines of Kyoto and introduces you to: the exciting world of Japanese food—from bento to sushi and everything in between. the otaku (geek) culture of Japan, including a manga market in Tokyo where artists display and sell their original artwork. the complete Japanese shopping experience, from combini (not your run-of-the-mill convenience stores!) to depato (department stores with everything). the world's biggest manga, anime and cosplay festivals. lots of other exciting places to go and things to do—like zen gardens, traditional Japanese arts, and a ride on a Japanese bullet train. Whether you're ready to hop a plane and travel to Japan tomorrow, or interested in Japanese culture, this fun and colorful travelogue by noted comic book artist and food blogger Abby Denson, husband Matt, friend Yuuko, and sidekick, Kitty Sweet Tooth, will present Japan in a unique and fascinating way.

The large parks and green infrastructure presented here illustrate the diverse uses and many benefits of large urban parks across 30 major cities. Demand for large urban parks emerged at the height of the First Industrial Revolution in the mid-1800s, when large urban parks represented new ideas of accessible public spaces, often established on land previously owned by aristocracy, royalty or the army. They represented new ideas on how city life could be improved and how large green spaces could enhance urban citizens' physical and psychological well-being (e.g. Birkenhead Park in Liverpool, Bois de Boulogne in Paris, Tiergarten in Berlin and Central Park in New York City). Today, large urban parks are habitats for biodiversity and spaces of climate change adaptation. For people living in cities, this biodiversity may represent high cultural, recreational and aesthetic values, but is

also important for other aspects of health and well-being, for example by reducing the urban heat island effect, air pollution and risks of flooding. At a time when we are seriously reconsidering how we live in cities and our urban quality of life, while also grappling with serious challenges of climate change, the authors of this book detail the much-needed evidence, pathways and vision for a future of more liveable, resilient cities where large urban parks are at the core. This book will help park managers, NGOs, landscape architects and city planners to develop the green city of the future.

Here's a book about Tokyo that's seriously streetwise. Colorful themed trails, from history and culture to food and nature, reveal amazing facts and intriguing tales that kids won't find on the tourist routes.

We'll show them where to find Henry the giant elephant, oyster sandwiches, the Grand Canyon on a ceiling, and lots more!***

***Delve inside the myriad landscapes of Japan with this stunning collection of photographs and discover the nation's extraordinary diversity of places, people and experiences - from moments in awe-inspiring cities to quiet escapes in remote, exotic corners.***

***Newly reinstated to the Homicide Division and transferred to a precinct in Tokyo, Inspector Iwata is facing superiors who don't want him there and is assigned a recalcitrant partner, Noriko Sakai, who'd rather work with anyone else. After the previous detective working the case killed himself, Iwata and Sakai are assigned to investigate the slaughter of an entire family, a brutal murder with no clear motive or killer. At the crime scene, they find puzzling ritualistic details. Black smudges. A strange incense smell. And a symbol—a large black sun. Iwata doesn't know what the symbol means but he knows what the killer means by it: I am here. I am not finished. As Iwata investigates, it becomes clear that these murders by the Black Sun Killer are not the first, nor the last attached to that symbol. As he tries to track down the history of black sun symbol, puzzle out the motive for the crime, and connect this to other murders, Iwata finds himself racing another clock—the superiors who are trying to have him removed for good. Haunted by his own past, his inability to sleep, and a song, 'Blue Light Yokohama,' Iwata is at the center of a compelling, brilliantly moody, layered novel sure to be one of the most talked about debuts in 2017.***

New parents and parents of toddlers face unique challenges when it comes to planning outdoor trips. “Family-friendly trail” is often a misleading phrase, and doesn’t take young children under the age of 5 into consideration, whose safety and comfort require a different perspective. The unpredictable nature of little ones leads many parents to put their adventure dreams on the back burner, missing out on years of meaningful experiences as a family. Hike it Baby presents 100 outdoor adventures across the U.S. that you can take with babies and toddlers (really!), along with everything you need to know about exploring the natural world. Sourced from real families using Hike it Baby’s trail-tested system, this book helps moms and dads get out there in their comfort zone, yet feel like hardcore adventurers! Whether you’ve always wanted to hike part of the Appalachian Trail, splash around in gentle Northwest waterfalls, or scramble up rocks in the desert surrounded by Joshua Trees, this book shows you how to plan a truly memorable journey together.

**\*\*2012 Creative Child Magazine Preferred Choice Award Winner!\*\*** A cultural adventure for kids, All About Japan offers a journey to a new place—and ways to bring it to life! Dive into stories, play some games from Japan, learn some Japanese songs. Two friends, a boy from the country and a girl from the city, take us on a tour of their beloved land through their eyes. They introduce us to their homes, families, favorite places, school life, holidays and more! Celebrate the cherry blossom festival Learn traditional Japanese songs and poems Make easy recipes like mochi (New Year's sweet rice cakes) and okonomiyaki (Japanese pizza or pancakes) Create origami frogs, samurai helmets and more! Beyond the fun and fascinating facts, you'll also learn about the spirit that makes Japan one-of-a-kind. This is a multicultural children's book for families to treasure together.

City Trails - Tokyo Lonely Planet

The definitive guide to the therapeutic Japanese practice of shinrin-yoku, or the art and science of how trees can promote health and happiness Notice how a tree sways in the wind. Run your hands over its bark. Take in its citrusy scent. As a society we suffer from nature deficit disorder, but studies have shown that spending mindful, intentional time around trees--what the Japanese call shinrin-yoku, or forest bathing--can promote health and happiness. In this beautiful book--featuring more than 100 color photographs from forests around the world, including the forest therapy trails that criss-cross Japan--Dr. Qing Li, the world's foremost expert in forest medicine, shows how forest bathing can reduce your stress levels and blood pressure, strengthen your immune and cardiovascular systems, boost your energy, mood, creativity, and concentration, and even help you lose weight and live longer. Once you've discovered the healing power of trees, you can lose yourself in the beauty of your surroundings, leave everyday stress behind, and reach a place of greater calm and wellness.

Everything You Ever Wanted to Know

With stories of 50 incredible hiking routes in 30 countries, from New Zealand to Peru, plus a further 150 suggestions, Lonely Planet’s Epic Hikes of the World will inspire a lifetime of adventure on foot. From one-day jaunts and urban trails to month-long thru-hikes, cultural rambles and mountain expeditions, each journey shares one defining feature: being truly epic. In this follow-up to Epic Bike Rides and Epic Drives, we share our adventures on the world’s best treks and trails. Epic Hikes is organised by continent, with each route brought to life by a first-person account, beautiful photographs and charming illustrated maps. Additionally, each hike includes trip planning advice on how to get there, where to stay, what to pack and where to eat, as well as recommendations for three similar hikes in other regions of the world. Hikes featured include: Africa & the Middle East: Cape Town’s Three Peaks (South Africa) Kilimanjaro (Tanzania) Camp to Camp in South Luangwa National Park (Zambia) Americas: Angel’s Landing, Zion National Park (USA) Skyline Trail, Jasper National Park (Canada) Concepción volcano hike (Nicaragua) Asia: 88 Sacred Temples of Shikoku Pilgrimage (Japan) Markha Valley (India) Gubeikou to Jinshanling on the Great Wall (China) Europe: Wordsworth’s Backyard: Dove Cottage and around Rydal and Grasmere (UK) Alpine Pass Route (Switzerland) Camino de Santiago (Spain) Oceania: Sydney’s Seven Bridges Walk (Australia) The Routeburn Track (New Zealand) Kokoda Track (Papua New Guinea) About Lonely Planet: Lonely Planet is a leading travel media company and the world’s number one travel guidebook brand, providing both inspiring and trustworthy information for every kind of traveller since 1973. Over the past four decades, we’ve printed over 145 million guidebooks and grown a dedicated, passionate global community of travellers. You’ll also find our content online, on mobile, video and in 14 languages, 12 international magazines, armchair and lifestyle books, ebooks, and more. Important Notice: The digital edition of this book may not contain all of the images found in the physical edition.

Here's a book about Rome that's seriously streetwise. Colourful themed trails, from history and culture to food and nature, reveal amazing facts and intriguing tales that kids won't find on the tourist routes. We'll show them where to find Rome's belly button, read a poem to chocolate, snack on witch sweets, and lots more!

A new way forward for sustainable quality of life in cities of all sizes Strong Towns: A Bottom-Up Revolution to Build American Prosperity is a book of forward-thinking ideas that breaks with modern wisdom to present a new vision of urban development in the United States. Presenting the foundational ideas of the Strong Towns movement he co-founded, Charles Marohn explains why cities of all sizes continue to struggle to meet their basic needs, and reveals the new paradigm that can solve this longstanding problem. Inside, you’ll learn why inducing growth and development has been the conventional response to urban financial struggles—and why it just doesn’t work. New development and high-risk investing don’t generate enough wealth to support itself, and cities continue to struggle. Read this book to find out how cities large and small can focus on bottom-up investments to minimize risk and maximize their ability to strengthen the community financially and improve citizens’ quality of life. Develop in-depth knowledge of the underlying logic behind the “traditional” search for never-ending urban growth Learn practical solutions for ameliorating

financial struggles through low-risk investment and a grassroots focus Gain insights and tools that can stop the vicious cycle of budget shortfalls and unexpected downturns Become a part of the Strong Towns revolution by shifting the focus away from top-down growth toward rebuilding American prosperity Strong Towns acknowledges that there is a problem with the American approach to growth and shows community leaders a new way forward. The Strong Towns response is a revolution in how we assemble the places we live.

Tokyo Maze - 42 Walks is no ordinary travel guide. The author is no stranger to Japan either, having spent over 25 years visiting the country as a student, on work assignments and as a writer. He even lived in Tokyo for five years. Alongside all the main attractions, this guide takes you to places which don't get a mention elsewhere. The information included in the guide is fully up to date. He returned from his most recent in-depth research trip in January 2019. Inside the guide: - 42 complete walking tours to 500 sights in and around Tokyo. - Each itinerary begins and ends at a railway or subway station. - Recommend lunch-break and coffee-stop for each walk. - 48 area maps reliably steer the visitor through the maze of Tokyo streets. - 108 photos offer first impressions. - Over 100 insider tips aid readers in their pre-trip preparations and during their stay. - 350 bookmarks enable travellers to access additional information on the Internet. - A calendar shows at a glance which festivals are taking place at any given time. - Personal Top 10 tips on architecture, observation points, parks and gardens, shopping streets and malls, boutiques, hotels, restaurants, fine arts and other museums, showrooms, theatres, temples and shrines. - Online maps are available for half of the tours, featuring additional tips on accommodation, shopping, and food and drink. Regardless of whether you come to Japan on a package holiday or under your own steam or if you're even planning to live in Tokyo for a while, this guide will enrich your stay. Please note: a conscious decision was made to print this guide in black and white in order to provide you with a wealth of detailed and up-to-the-minute information at a low price. If colour photographs are a priority, you should opt for the e-book version.

Lonely Planet: The world's leading travel guide publisher\* This is not a guidebook. And it's definitely 'not-for-parents'. It is the real inside story about one of the world's most colorful continents - South America. In this book you'll hear fascinating tales about wrestling ladies and man-eating fish, lost cities, intrepid explorers, and remarkable survivals. Check out cool stories about the real Robinson Crusoe, a navy without an ocean, rivers that shimmer with colors, and floating islands. You'll find dirty dancing, fowl play, daring prison escapes, and history galore. This book shows you a South America your parents probably don't even know about. Authors: Written and researched by Lonely Planet, Margaret Hynes About Lonely Planet: Started in 1973, Lonely Planet has become the world's leading travel guide publisher with guidebooks to every destination on the planet, as well as an award-winning website, a suite of mobile and digital travel products, children's books, and a dedicated traveller community. Lonely Planet's mission is to enable curious travellers to experience the world and to truly get to the heart of the places where they travel. TripAdvisor Travellers' Choice Awards 2012 and 2013 winner in Favorite Travel Guide category 'Lonely Planet guides are, quite simply, like no other.' - New York Times 'Lonely Planet. It's on everyone's bookshelves; it's in every traveller's hands. It's on mobile phones. It's on the Internet. It's everywhere, and it's telling entire generations of people how to travel the world.' - Fairfax Media (Australia) \*#1 in the world market share - source: Nielsen Bookscan. Australia, UK and USA. March 2012-January 2013

Get ready for a walking tour like no other- all from the comfort of your sofa! This guide is packed with themed trails, from history and skyscrapers to food, nature and spooky stuff, revealing amazing facts and tales you won't find on the tourist routes. Discover a rainforest walkway, racing dragons, the world's longest rooftop pool, and more!

Step back into old Japan with this fascinating travelogue of the famous Kiso Road, an ancient route used by samurai and warlords The Kisoji, which runs through the Kiso Valley in the Japanese Alps, has been in use since at least 701 C.E. In the seventeenth century, it was the route that the daimyo (warlords) used for their biennial trips—along with their samurai and porters—to the new capital of Edo (now Tokyo). The natural beauty of the route is renowned—and famously inspired the landscapes of Hiroshige, as well as the work of many other artists and writers. William Scott Wilson, esteemed translator of samurai philosophy, has walked the road several times and is a delightful and expert guide to this popular tourist destination; he shares its rich history and lore, literary and artistic significance, cuisine and architecture, as well as his own experiences.

Get ready for a walking tour like no other - all from the comfort of your sofa! How Trees Can Help You Find Health and Happiness

Urban Transport and the Environment in the 21st Century

City Trails - Washington DC

**Photographer Liam Wong's debut monograph, a cyberpunk-inspired exploration of nocturnal Tokyo.**

**Transportation in cities, with its related environmental and social concerns continues to be a topic of the utmost priority for urban authorities and central governments around the world. Frequently, the concern is not orderly but driven by the safety crises, which take place regularly, and even the best-planned urban transport systems require considerable studies to safeguard their safety, maintenance and operational use. On a broader front, the continuing need for better urban transport systems in general and the need for a healthier environment has led to an increased level of research around the world. This is reflected in the**

proceedings of the Thirteenth International Conference on Urban Transport and the Environment in the 21st Century, which stresses the continuous steady growth and research into the urban transport systems control aspects, information and imulation systems. All these topics continue to be of importance for analyzing the complex inter-relation of the urban transport environment and for establishing action strategies for transport and traffic problems. Of interest to engineers, scientists and managers working in industry, universities, research organizations and government involved in the planning and management of urban transportation systems and transport policy, this book contains papers within the following subject areas: Environmental and ecological considerations; Information systems and GPS applications; Intelligent transport systems; Intermodel passenger transport systems; Land use and transport integration; Modality in freight; Public transport systems; Road pricing; Traffic management; Transport automation; Transport logistics and operations research; Transport modelling and simulation; Transport security and safety; Transport sustainability; Transport technology; Urban transport planning.

Tokyo lives up to its reputation as a modern metropolis and, as this book shows, it is also one of the most exciting and diverse places on the planet. Focusing on Tokyo and its surrounding areas, photojournalist Stephen Mansfield brings this buzzing place to life within these pages. He presents all the well-established sights along with many new ones that are not "discovered" yet. This book will provide inspiration for every traveler—whether your interests are J-culture, fashion, food, traditional crafts, gardens or nature trails (or all of the above!). This visual guide is the perfect introduction for anyone planning a trip to Tokyo, reminiscing about time spent there or those hoping to go in the future.
