Jean Feraca's road to self-fulfillment has been as quirky and demanding as the characters in her incredible memoir. A veteran of several decades of public radio broadcasting, Feraca is also a writer and a poet. She is a talk show host beloved for her unique mixture of the humanities, poetry,

and journalism, and is the creator of the pioneering international cultural affairs radio program Here on Earth: Radio without Borders. In this searing memoir, Feraca traces her own emergence. She pulls back the curtain on her private life, revealing unforgettable portraits of the characters

in her brawling Italian-American family: Jenny, the grandmother, the devil woman who threw Casey Stengel down an excavation pit; Dolly, the mother, a cross between Long John Silver and the Wife of Bath, who in battling mental illness becomes the scourge of a Lutheran nursing home; and Stephen,

the brilliant but troubled older brother, an anthropologist adopted by a Sioux tribe. In a new chapter that reinforces and ties together the book's exploration of the multiple forms of love, Jean introduces us to Roger, a Wildman and her husband's best friend with whom she, too, develops an

extraordinary intimacy. A selection of fifteen of Feraca's poems add counterpoint to her engaging prose.

La trama della storia è semplice. Un amico ha dato al protagonista un biglietto di compleanno per un compleanno. Immediatamente si è scoperto che il biglietto ha vinto 30 milioni di rubli. Gli eventi cominciano a svilupparsi rapidamente. Ma poi si scopre che non c'è guadagno, è uno scherzo, un

raduno. La spirale si srotola nella direzione opposta. Ma non è tutto, e la fine stessa promette di essere interessante. Leggi il libro.

1990 Census of Population and Housing

Population and housing characteristics for census tracts and block numbering areas. Miami-Fort Lauderdale, FL CMSA.. Fort Lauderdale-Hollywood-Pompano Beach, FL PMSA.

The first volume of Viaggiatori “Curatele” series seeks to recreate some scientific dialogues, namely meetings, exchanges and acquisition of theoretical and practical scientific knowledge, thus linking the cultural, historical and geographical context of America, Asia, Europe and Mediterranean Sea between the 16th and the 20th century. More specifically, the main objective is to consider the role of travellers as passeurs, as “intermediaries” for building and allowing the circulation of knowhow and the practical and theoretical knowledge from one continent to another.

This workbook offer photostories set in Italy which provide an authentic context for the language topics explored in each chapter. The course combines a communicative approach with planned grammar coverage.

This volume is dedicated to "Serenata and Festa Teatrale in 18th Century Europe", especially to the production of this music-dramatic genre at the courts on the Iberian Peninsula, in Italy, and the Holy Roman Empire where it was an integral part of court ceremonials and a privileged ritual of repraesentatio maiestatis. The 16 studies on patrons and artists, exceptional events and local traditions, reveal highly interesting material for the research on these up to now largely neglected genre. Any approach to these works full of metaphors, symbols and allusions has to take into account the context of the celebration and the resulting multiplicity of aspects: choice of themes, dramaturgical forms, textual and musical structures, vocal and instrumental ensembles, and the various options regarding the stage apparatus. "Serenata and Festa Teatrale in 18th Century Europe", edited by Iskrena Yordanova (Lisbon) and Paologiovanni Maione (Naples), inaugurates the series "Cadernos de Queluz", a subseries of "Specula Spectacula" by Don Juan Archiv Wien.

This ground-breaking study of Italian-Canadian writers and artists with roots in Istria and Dalmatia highlights the history of their diaspora, the vitality of their literary and artistic works, and the distinctive multiculturalism that characterises them.

Salience in Second Language Acquisition brings together contributions from top scholars of second language acquisition (SLA) in a comprehensive volume of the existing literature and current research on salience. In the first book to focus exclusively on this integral topic, the editors and contributors define and explore what makes a linguistic feature salient in sections on theory, perpetual salience, and constructed salience. They also provide a history of SLA theory and discussion on its contemporary use in research. An approachable introduction to the topic, this book is an ideal supplement to courses in SLA, and a valuable resource for researchers and scholars looking for a better understanding of the subject.

Serenata and Festa Teatrale in 18th Century Europe

Learn Italian for Beginners

Arguably the most important American composer of the century, Elliott Carter often has been more highly regarded in Europe than in his native land. Interest in his work has grown rapidly in recent years, however, and the celebration of his ninetieth birthday in December, 1998, accompanied by numerous performances and new recordings, undoubtedly will increase the attention of his fellow citizens to this remarkable figure. Authoritative and gracefully written, The Music of Elliott Carter engages composers, performers, and critics, and speaks to concert-goers, whether attuned to or alarmed by the formidable difficulty of Carter's music. David Schiff views the music from the perspective of the composer's development and relates his compositional techniques to those nonmusical arts—contemporary American poetry in particular—with which Carter has been deeply involved. The volume benefits from Schiff's extensive discussions of Carter's works with their most noted performers, including Heinz Holliger, Oliver Knussen, and Ursula Oppens, and from the generous cooperation of the composer himself. This new edition, a thoroughly reorganized, revised, and updated version of the book published in 1983, accounts for the many new works written by Carter since 1980 and accommodates the burgeoning critical literature on his music. Its features include many musical examples and a selected discography. In addition to the new foreword, the composer has provided his listing of three-to-six note chords and a note on "Voyage."

It is a great honor and privilege to have this opportunity of celebrating the 65th birthday of Professor Antonio Ruberti by holding an International Conference on Systems, Models and Feedback. The conference, and this volume which contains its proceedings, is a tribute to Professor Ruberti in acknowledgement of his major contributions to System Theory, at a time in which this area was emerging and consolidat ing as an independent discipline, his role as a leader of the Italian academic community, his activity in promoting and fostering close scientific relations between Italian and U.S. scholars in Systems and Control. The format of this conference is inspired by a series of seminars initi ated exactly twenty years ago under the direction of Professor Ruberti, in Italy, and Professor R. R. Mohler, in the U.S. By bringing together many authoritative talents from both countries, these seminars were instrumental in promoting the expansion of System Theory in new areas, notably that of Nonlinear Control, and were the key to successful scientific careers for many of the younger attendants.

This volume explores the dense networks created by diplomatic relationships between European courts and aristocratic households in the early modern age, with the emphasis on celebratory events and the circulation of theatrical plots and practitioners promoted by political and diplomatic connections. The offices of plenipotentiary ministers were often outposts providing useful information about cultural life in foreign countries. Sometimes the artistic strategies defined through the exchanges of couriers were destined to leave a legacy in the history of arts, especially of music and theatre. Ministers favored or promoted careers, described or made pieces of repertoire available to new audiences, and even supported practitioners in their difficult

travels by planning profitable tours. They stood behind extraordinary artists and protected many stage performers with their authority, while carefully observing and transmitting precious information about the cultural and musical life of the countries where they resided.

L'autrice nasce in Germania, dove vive un'infanzia felice, ma dopo la separazione dei genitori viene costretta a trasferirsi in Sicilia con la madre. Per fare chiarezza, soprattutto a se stessa, sui rapporti uomo-donna dal punto di vista psicologico, mette insieme una serie di interviste a donne single, uomini single, coppie, donne sposate, uomini sposati, amanti, nonche lunghe istruttive chiacchierate tra donne, spietate nella descrizione delle loro quanto mai pittoresche esperienze sessuali. Tutto in chiave ironica e dissacrante. Quello che ne risulta e la constatazione che "" l?uomo ideale"" esiste, ma che spesso ci si accontenta di quello che capita, e che non sono i maschi quelli da combattere ma il maschilismo."

Photographer, writer and intellectual, Lucia Moholy (born Lucia Schulz, Karolinenthal, Prague, 1894 – Zollikon, Zurich, 1989) is a central figure in the 20th century history of photography, although the fame of her husband, the renowned artist László Moholy-Nagy, overshadowed her work for a long time. Through her photographs, an example of the German avant-garde and of the Neue Sachlichkeit (New Objectivity), it is possible to understand the complexity of her artistic personality and to reconstruct the role she played in the cultural history of the past century. Her major photographic work is on the Bauhaus: pictures of the school, of teachers, objects and furniture are considered as true icons of modern times. The essays published in this volume allow us to understand and outline Lucia Moholy's complex artistic personality, thus giving her the correct place she is due in 20th century culture. 0Exhibition: Museo MAX, Chiasso, Italy (24.11.2012–31.1.2013).
