Luke Thorpe è un lupo mannaro schiappa di quindici anni. Bravissimo in matematica e disastroso in ginnastica, non è il tipo di persona che ti aspetteresti di vedere ululare nelle notti di luna piena. Ma da quando ha scoperto di essere un pelosissimo licantropo, Luke si comporta in modo davvero bizzarro, terrorizzando amici e parenti con il suo comportamento a dir poco imbarazzante. Tra emozionanti colpi di scena e situazioni esilaranti, Luke ci descrive la sua

nuova condizione e i suoi goffi tentativi per non farsi smascherare. Finché il bene e il male non si affronteranno in uno scontro all'ultimo sangue, in un duello ai confini della realtà. Sylvia Plath began keeping a diary as a young child. By the time she was at Smith College, when this book begins, she had settled into a nearly daily routine with her journal, which was also a sourcebook for her writing. Plath once called her journal her “Sargasso,” her repository of imagination, “a litany of dreams, directives, and imperatives,” and in fact these pages contain the germs of most of her work. Plath’s ambitions as a writer were urgent

and ultimately all-consuming, requiring of her a heat, a fantastic chaos, even a violence that burned straight through her. The intensity of this struggle is rendered in her journal with an unsparing clarity, revealing both the frequent desperation of her situation and the bravery with which she faced down her demons. Written in electrifying prose, *The Journals of Sylvia Plath* provide unique insight, and are essential reading for all those who have been moved and fascinated by Plath's life and work. While trying to find a new best friend after feuding with Rowley, middle-school slacker Greg Heffley is warned by older family members that adolescence is a time to act more responsibly and to think seriously about his future.

When snow closes Greg Heffley's middle school, he and his best friend, Rowley Jefferson, face a fight for survival as warring gangs turn the neighborhood into a wintry battlefield. The inspiring true story of Greta Thunberg, a young eco-activist whose

persistence sparked a global movement. You are never too young to make a difference. Ever since she learned about climate change, Greta Thunberg couldn't understand why politicians weren't treating it as an emergency. In August 2018, temperatures in Sweden reached record highs, fires raged across the country, and fifteen-year-old Greta decided to stop waiting for political leaders to take action. Instead of going to school on Friday, she made a sign and went on strike in front of Stockholm's parliament building. Greta's solo protest grew into the global Fridays for Future—or School Strike 4 Climate—movement, which millions have now joined. She has spoken at COP24 (the UN summit on climate change) and has been nominated for the Nobel Peace Prize.

While Kathy was making phone calls and sending photos of the tattoo to several tattoo parlors, I went through my father's cold case logs. When I read the autopsy report from one of the cases, I knew I had a related case. I let Kathy read the report. "What do you think?" I asked. "It's the same MO as your Jane Doe. The victim was a Native American girl, seventeen to nineteen years of age with a new heart-shaped tattoo. The ink was household enamel. The killer thinned it down with turpentine. The killer used bleach to destroy any DNA evidence and killed her by pouring bleach down her throat. An incision to the wrist drained her

blood. No sign of a struggle due to morphine. I'd say you have a serial killer."

A family road trip is supposed to be a lot of fun . . . unless, of course, you're the Heffleys. The journey starts off full of promise, then quickly takes several wrong turns. Gas station bathrooms, crazed seagulls, a fender bender, and a runaway pig-not exactly Greg Heffley's idea of a good time. But even the worst road trip can turn into an adventure-and this is one the Heffleys won't soon forget. Readers love The Diary of a Wimpy KidSeries. story about how not fitting in just might lead to an incredible life. This classic book is perfect for fans of Gordon Korman and Carl Hiaasen. Just like other kids, Zinkoff rides his bike, hopes for snow days, and wants to be like his dad when he grows up. But Zinkoff also raises his hand with all the wrong answers, trips over his own feet, and falls down with laughter over a word like "Jabip." Other kids have their own word to describe him, but Zinkoff is too busy to hear it. He doesn't know he's not like everyone else. And one winter night, Zinkoff's differences show that any name can someday become "hero." With some of his finest writing to date and great wit and humor, Jerry Spinelli creates a story about a boy's individuality surpassing the need to fit in and the genuine importance of failure. As readers follow Zinkoff from

the novel he imagines his son would write. Or is it the novel that the son imagines his father would imagine, if he were to imagine the kind of novel the son would write? Let's simplify: a woman seeks an apprenticeship with a painter, claiming to be his long-lost daughter. A contractor-for-hire named Murphy can't distinguish between the two brothers who employ him. And in Murphy's troubled dreams, Nat Turner imagines the life of William Styron. These narratives twist together with anecdotes from the nursing home, each building on the other until they crest in a wild,

outlandish excursion of the inmates led by the father. Anchoring these shifting plotlines is a running commentary between father and son that sheds doubt on the truthfulness of each story. Because, after all, what narrator can we ever trust? Not only is Percival Everett by Virgil Russell a powerful, compassionate meditation on old age and its humiliations, it is an ingenious culmination of Everett's recurring preoccupations. All of his prior work, his metaphysical and philosophical inquiries, his investigations into the nature of narrative, have led to this

Challenging theoretical concepts, this study of translation extends the field of inquiry to cross-cultural factors and ideology. The corpus spans across languages and literatures, highlighting themes across multimodal genres. It accounts for the universalistic view of interjections, and conversely their linguistic specificity as identity markers. In *The Deep End*, book 15 of the *Diary of a Wimpy Kid* series from #1 international bestselling author Jeff Kinney, Greg Heffley and his family hit the road for a cross-country camping trip, ready for the adventure of a lifetime.
