In many European languages the National Standard Variety is converging with spoken, informal, and socially marked varieties. In Italian this process is giving rise to a new standard variety called Neo-standard Italian, which partly consists of regional features. This book contributes to current research on standardization in Europe by offering a comprehensive overview of the re-standardization dynamics in Italian. Each chapter investigates a specific dynamic shaping the emergence of Neo-standard Italian and Regional Standard Varieties, such as the acceptance of previously non-standard features, the reception of Old Italian features excluded from the standard variety, the changing standard language ideology, the retention of features from Italo-Romance dialects, the standardization of patterns borrowed from English, and the developmental tendencies of standard Italian in Switzerland. The contributions investigate phonetic/phonological, prosodic, morphosyntactic, and lexical phenomena, addressed by several empirical methodologies and theoretical vantage points. This work is of interest to scholars and students working on language variation and change, especially those focusing on standard languages and standardization dynamics.

Noi donne

The Chamber of Eternity is said to contain a hieroglyphic code to the future, the meaning of life and the secrets of immortality. For thousands of years its site has been fiercely guarded, its existence defended by preposterous rumours and outright lies. Learning of the mysterious vault, Napoleon Bonaparte launches an expedition to Egypt to locate the Chamber. When its extraordinary secrets are revealed to him in the heart of the Great Pyramid, he returns to Paris and swiftly becomes Emperor of France. Forty years later Queen Victoria becomes infatuated with the legend and recruits Alexander Rhind, a modest young Scot, to infiltrate a secretive cabal of archaeologists known as the 'Brotherhood of Eternity'. But when Rhind himself is seduced by the mystery, he is compelled to undertake his own expedition to Egypt to uncover the truth. With its cast of emperors, popes, queens, generals, sheikhs, artists and archaeologists - every one of them real - The Empire of Eternity is a spellbinding novel about the wonders of Egypt, the secrets of the gods, and man's desire to achieve immortality at all costs. By turns awesome and intimate, its revelations endure far beyond the final page.

Surgeons around the world need a basic knowledge of English to keep up to date with advances in their field. Fluency in surgical English is important for your professional development, enabling you to attend English-speaking patients with confidence, to study (or work) in other hospitals, speak confidently at international meetings, and to write articles for international journals. This book will provide you with the basic tools to handle day-to-day situations without stress and will help you to improve your English, no matter what your level. To our knowledge, this is the first English book written specifically by surgeons for surgeons. We are sure that surgical specialists from all over the "non-English-speaking world" (general surgeons, thoracic surgeons, vascular surgeons, neurosurgeons, gynecologists, plastic surgeons) will enjoy reading it.

Afghanistan. Every year, an assignment for thousands of British personnel. Some of them bring back more than memories. TV producer Dan Simmons wants to film it all. He finds a regiment about to be deployed to the Afghan war on a raid. He gets himself embedded. He shoots some film. Then he shoots himself. The Ministry of Defence spin machine goes into motion and puts Military Police captain Stef Maguire under pressure to file it all away. But Maguire has heard the TV man's story. They lead her to someone called Tom Fletcher. Ex-cop, ex-PI, now Fletcher is living the perfect life in a house in the country. A very isolated house. Fletcher doesn?t know why the TV man shot himself. But some very dangerous people think he should begin to threaten Fletcher?s family, it?s time for him to act.

Who killed Gilbert Worth? The official verdict was suicide, but those that knew him best thought he was not the type to take his own life. Furthermore, before his death, a missing gun, a half-written letter and two 'accidents' had convinced Worth that someone was trying to kill him. Worth's family and mistress all had motives and opportunity, and those close to him have their own ideas as to how he was murdered. And one occupant of the house in particular has a good reason for wanting to identify the killer . . .

A dictionary gives meanings of words - in that respect this is not a dictionary & but much more. The meaning can be found, and is often known, but what often eludes the reader is knowledge of words that can be used instead of a particular word. In the English language there are several words that can, and do, convey the same or similar meaning, synonyms, as such words are called. The discerning person would like to use the correct word & and this compact and simple dictionary brings to the reader, a vast collection of the most commonly and currently used words. Wherever available, an antonym, i.e. the opposite meaning is also given.

Salient Features: " Simpler than a thesaurus " Invaluable to writers and crossword addicts " Readers, students and teachers of the English language will benefit from this book " Improves vocabulary

A collection of essays from the visionary storyteller Gianni Rodari about fairy tales and folk tales and their great advantages in teaching creative storytelling. "Rodari grasped children's need to play with life's rules by using the grammar of their own imaginations. They must be encouraged to question, challenge, destroy, mock, eliminate, generate, and reproduce their own language and meanings through stories that will enable them to narrate their own lives." --Jack Zipes "I hope this small book," writes renowned children's author Gianni Rodari, "can be useful for all those people who believe it is necessary for the imagination to have a place in education; for all those who trust in the creativity of children; and for all those who know the liberating value of the word." Full of ideas, glosses on fairytales, stories, and wide-ranging activities, including the fantastic binomial, this book changed how creative arts were taught in Italian schools. Translated into English by acclaimed children's historian Jack Zipes and illustrated for the first time ever by Matthew Forsythe, this edition of The Grammar of Fantasy is one to live with and return to for its humor, intelligence, and truly deep understanding of children. A groundbreaking pedagogical work that is also a handbook for writers of all ages and kinds, The Grammar of Fantasy gives each of us a playful, practical path to finding our own voice through the power of storytelling. Gianni Rodari (1920-1980) grew up in Northern Italy and wrote hundreds of stories, poems, and songs for children. In 1960, he collaborated with the Education Cooperation Movement to develop exercises to encourage children's creative and critical thinking abilities. Jack Zipes is a renowned children's historian and folklorist who has written, translated, and edited dozens of books on fairytales. He is a professor at the University of Minnesota. Matthew Forsythe lives in Montreal where he draws and paints for picture books, comics, and animations.
