

Doctor Who: T Is For TARDIS

A beautifully illustrated collection of new Doctor Who stories, each featuring one of the twelve Doctors on a festive adventure in theTARDIS. Written by six authors and with a full-page colour illustration for each story, these tales are full of magic, mystery, wonder, excitement - and everything else that fans love about a Doctor Who Christmas special.

Don't dig too deep. You never know what you'll find beneath the surface. Deep below the surface of the planet Adamantine lies a crystalline wonder world of lava seas and volcanic islands, home to living rock-people. But when the Doctor and her friends arrive on Adamantine they find it under threat. The seas are shrinking, the magma is cooling, and mysterious, fatal seething pools are spreading fast. Something has come to Adamantine - but what does it want? Fearing an invasion is underway, the Doctor must lead an expedition to the surface of the world to save its molten heart... Featuring the Thirteenth Doctor, Yasmin, Ryan and Graham, as played by Jodie Whittaker, Mandip Gill, Tosin Cole and Bradley Walsh.

Over 3,000 questions from across space and time - the ultimate challenge for any Doctor Who fan. For over fifty years, Doctor Who has been one of the nation's favourite programmes. Now you can discover just how much you know about it.

Straightforward or fiendish, easy or horrendously difficult, all 3000 questions in this book have one thing in common - a certain traveller through time and space. From Ace to Zoe and Axons to Zygons, it covers every single one of the almost 250 Doctor Who stories that have been broadcast since 1963. So put on your brainy specs, pour yourself a nice glass of carrot juice and prepare to discover if you have the knowledge to graduate from Time Lord Academy...

Travel with the Doctor in this essential companion for the modern Doctor Who era Since its return to British television in 2005, through its 50th anniversary in 2013, to its historic casting of actress Jodie Whittaker in the title role, Doctor Who continues to be one of the most popular series in Britain and all over the world. Who Is The Doctor 2 is a guide to the new series of Doctor Who starring Matt Smith, Peter Capaldi, and Jodie Whittaker. Every episode in series 7 to 11, as well as the 50th anniversary specials, is examined, analyzed, and discussed in thoughtful detail, highlighting the exhilarating moments, the connections to Doctor Who lore, the story arcs, the relationships, the goofs, the accumulated trivia and much, much more. Designed for die-hard Whovians and Who newbies alike, Who Is The Doctor 2 explores time and space with the Doctor and chronicles the imagination that has made Doctor Who an iconic part of culture for over 50 years.

A Quest to Make Doctors Believe in Women's Pain

Doctor Who: Dr. First

Doctor Who: Twelve Doctors of Christmas

A Collection of Time Lord Verse

Doctor Who: Star Tales

This ancient Time Lord manual has been kicking around the TARDIS for thousands of years, giving the Doctor plenty of time to 'improve' it with scribbles, doodles and post-it notes as a gift for his successor, the Twelfth Doctor. He's even ripped out the middle of the book and replaced it with a scrapbook packed with everything important to our hero, and how to be just like him! So if you have ever wondered if you'd cut it in the Time Lord Academy, how to fly the TARDIS, or the correct way to dip a fish finger into custard, this is the book for you! Essential reading for all aspiring Time Lords!

'Hello, sweetie!' Melody Pond, Melody Malone, River Song...She has had many names. Whoever she really is, this archaeologist and time traveller has had more adventures (and got into more trouble) than most people in the universe. And she's written a lot of it down. Well, when you're married to a Time Lord (or possibly not), you have to keep track of what you did and when. Especially as it may not actually have happened to both of you yet. These are just a few of River Song's exploits, extracted from her journals. Sometimes, she is with the Doctor. Sometimes she's on her own. But wherever and whenever she may be, she is never far from danger and excitement. This is just a tiny portion of her impossible life. But it will reveal more than you've ever known about the legend that is River Song.

In his travels across time and space, the Doctor has met hundreds of monsters - now, he's created this handy spotter's guide to the biggest, smallest, tallest, hungriest, smelliest and most dangerous creatures in the Whoniverse! In this fantastic companion guide to How To Be A Time Lord, the Twelfth Doctor reveals, in tips and doodles, everything you need to know about each dangerous monster, advice for battling them and how and when to make a speedy escape.

cosmologist and is ideal beach reading for anyone who loves science and watches the show—no matter which planet the beach is on.

The Big Book of Lists

Dear Doctor

An all-new Doctor Who adventure featuring the Twelfth Doctor and Missy reimaged in the style of Roger Hargreaves. Dr. Twelfth's oldest adversary returns in a time-bending chase through Earth's history. Will the Doctor prevail, or does a storybook mash-ups, written and illustrated by Adam Hargreaves, combine the iconic storytelling of Doctor Who with the whimsical humor and design made famous by his father, Roger Hargreaves. Dr. Twelfth continues this series of witty featuring one of the twelve Doctors.

Premiering the day after the JFK assassination, Doctor Who humbly launched one of the entertainment world's first super-brands. We begin with a look at TV programming of the day and the original pitch documents before delving into the but inspired many monsters to follow. After three years, First Doctor William Hartnell left, prompting the BBC to recast their hit rather than end it, giving us the first “regeneration” and making TV history. We follow the succession of Doctor Who exiled to Earth and targeted by the Master—and see how the program reflected the feminism of the 1970s while gaining mainstream popularity with Fourth Doctor Tom Baker . . . until declining support from the BBC eventually led to cancelation to it suffer a repeat cancelation. Yet many continued to enjoy the Whoniverse in syndication, novels, audio dramas, and Doctor Who Magazine. Paul McGann impressed many as the Eighth Doctor in a 1996 TV movie, but it failed to reignite the series. Ninth Doctor Christopher Eccleston and a serious special effects budget before Tenth Doctor David Tennant helped rocket the series to international popularity and a new era of spinoffs. With Eleventh Doctor Matt Smith, the show became a pop culture phenomenon. Following the program's fiftieth anniversary, Whovians will meet the Twelfth Doctor, ushering in yet another era for the unstoppable Time Lord. Featuring discussions of concepts and characters, with insights from producers, writers, and a behind-the-camera investigation into the dazzling multiverse of Doctor Who.

The greatest mash-up in the entire Whoniverse is here! Dr. First stars William Hartnell's First Doctor on an amazing adventure through time and space, written and illustrated by Adam Hargreaves.

"Hop aboard the TARDIS with these eight fantastically silly adventures"--Back of original container.

Doctor Who: How to be a Time Lord - The Official Guide

Looks at all eleven Doctors through the ages, noting their friends, enemies, and adventures.

Doctor Who stories are many things: thrilling adventures, historical dramas, tales of love and war and jelly babies. They're also science fiction – but how much of the science is actually real, and how much is really fiction? The Scientific Secrets of Doctor Who is a mind-bending blend of story and science that will help you see Doctor Who in a whole new light, weaving together a series of all-new adventures, featuring every incarnation of the Doctor. With commentary that explores the possibilities of time travel, life on other planets, artificial intelligence, parallel universes and more, Simon Guerrier and Dr Marek Kukula show how Doctor Who uses science to inform its unique style of storytelling – and just how close it has often come to predicting future scientific discoveries. This book is your chance to be the Doctor's companion and explore what's out there. It will make you laugh, and think, and see the world around you differently. Because anything could be out there. And going out there is the only way to learn what it is.

Discover the new Doctor Who classics. “Nice to meet you, Rose. Run for your life!” In a lair somewhere beneath central London, a malevolent alien intelligence is plotting the end of humanity. Shop window dummies that can move – and kill – are taking up key positions, ready to strike. Rose Tyler, an ordinary Londoner, is working her shift in a department store, unaware that this is the most important day of her life. She’s about to meet the only man who understands the true nature of the threat facing Earth, a stranger who will open her eyes to all the wonder and terror of the universe – a traveller in time and space known as the Doctor.

Discover the new Doctor Who classics. The key to Earth's destruction lies buried in its past. Visiting Paris in 1979, the Doctor and Romana's hopes for a holiday are soon shattered by armed thugs, a suave and dangerous Count, a plot to steal the Mona Lisa and a world-threatening experiment with time. Teaming up with a British detective, the Time Lords discover that a ruthless alien plot hatched in Earth's pre-history has reached its final stage. If Scaroth, last of the Jagaroth, cannot be stopped then the human race is history, along with all life on Earth...

Doctor Who: A History of Humankind: The Doctor’s Official Guide

The Doctor's continuing investigation of human psi powers brings him to a council estate in Thatcher's Britain. He discovers that there's a lethal new batch of cocaine on the streets--and the man who's dealing it has been dead for two weeks.

A is for Angel. B is for Bow Tie. C is for Cyberman. D is for Doctor! Featuring Doctors, companions and monsters both past and present, kids of all ages will love this Doctor Who alphabet book. Includes stunning original illustrations in a retro style on every page, all the way through from A to Z(ygon).

For this new edition of The Writer's Tale, Russell T Davies and Benjamin Cook expand their in-depth discussion of the creative life of Doctor Who to cover Russell's final year as Head Writer and Executive Producer of the show, as well as his work behind the increasingly successful Torchwood and The Sarah Jane Adventures spin-offs. Candid and witty insights abound throughout two years' worth of correspondence, covering David Tennant's last episodes as the Doctor and the legacy that Russell and David leave behind as a new era of Doctor Who begins. With over 300 pages of new material, and taking in events from the entire five years since the show's return in 2005, The Writer's Tale: The Final Chapter is the most comprehensive - and personal - account of Doctor Who ever published.

‘Even though they’re gone from the world, they’re never gone from me.’ The Doctor is many things – curious, funny, brave, protective of her friends...and a shameless namedropper. While she and her companions battled aliens and travelled across the universe, the Doctor hinted at a host of previous, untold adventures with the great and the good: we discovered she got her sunglasses from Pythagoras (or was it Audrey Hepburn?); lent a mobile phone to Elvis; had an encounter with Amelia Earhart where she discovered that a pencil-thick spider web can stop a plane; had a 'wet weekend' with Harry Houdini, learning how to escape from chains underwater; and more. In this collection of new stories, Star Tales takes you on a rip-roaring ride through history, from 500BC to the swinging 60s, going deeper into the Doctor's notorious name-dropping and revealing the truth behind these anecdotes.

Doctor Who: The Writer's Tale: The Final Chapter

"We need to reach out. We need to continue the line..." On a windswept northern shore, the islanders believe the worst they have to fear is a Viking attack. Then the burning comes. Water will not stop it. It consumes everything in its path - yet the burned still speak. The Doctor encounters a people under attack from a power they cannot possibly understand. They have no weapons, no strategy and no protection against a fire sent to engulf them all. The islanders must take on a ruthless alien force in a world without technology; but at least they have the Doctor on their side...

Don't they? A thrilling adventure starring the Doctor, as played by Matt Smith.

Drawing on unseen and iconic material from the BBC archive and private collectors, The Vault is an unforgettable journey through 50 years of Doctor Who, via carefully selected photographs, props, costumes designs, production memos, letters, scripts and more. This is the full and official story of Doctor Who, from the first pre-production memos in 1963 to the most recent props created for the 2013 series, including interviews with key contributors and scores of prop photos, design sketches and behind the scenes stills from every decade of the show's production. Taking you year by year through the world's longest running science fiction series, Marcus Hearn explores the show's groundbreaking innovations as well as its impact on popular culture through books and comics, magazines and toys, merchandise and ephemera. The Vault is a collectorâ€(tm)s dream and the ultimate celebration of Doctor Who.

All over the world, people are venting their fury at one another on social media. Dropping their friends, giving vent to their hatred, and everywhere behaving with incredible cruelty. Even Donna has found that her friend Hettie, with her seemingly perfect life and fancy house, has unfriended her. And now, all over the world, internet trolls are dying... As more and more people give in to this wave of bitterness and aggression, it's clear this is no simple case of modern living. This is unkindness as a plague. From the streets of London to the web cafes of South Korea and the deepest darkest forests of Rio, can the Doctor and Donna find the cause of this unhappiness before it's too late? An original novel featuring the Tenth Doctor and Donna, as played by David Tennant and Catherine Tate.

Doctor Who: Now We Are Six Hundred

With illustrations by Russell T Davies, original showrunner of the new-era Doctor Who, the first ever Doctor Who poetry collection—a charming, funny and whimsical illustrated collection of verse that celebrates the joys and pitfalls of getting older . . . Time-Lord older. Like many of us, the older they get, the more Time Lords realize how little they understand the universe around them. This delightful collection of poems—the first volume of Doctor Who verse published—offers moments of insight, wit, and reassurance for the maturing inhabitants of Gallifrey (and everywhere else), including such delights as: THE END When I was One I was not much fun When I was Two I was barely through When I was Three I liked strong tea When I was Four I hated a bore When I was Five I was really alive When I was Six I somehow could never quite fit in to what was expected of me, well, not exactly but that was because things weren ’t neat and there are no easy rhymes in the universe and scansion, my dear Peri, is a thing that ’s really overrated and you only have to look at a sunset to realise that creation itself is a poem and oh no wait, got it, of course, Fix! The line needed to end with Fix! (Or tricks. That ’s works too.) When I was Seven I sent the gods to Heaven When I was Eight Kissing was great When I was Nine I had forgotten time When I was Ten I began again When I was Eleven I totally got even When I was Twelve, I became as clever as clever And now I think I ’ ll be Twelve for ever and ever” (“Unless, of course, there is a terrible catastrophe involving explosions, radiation, or heights. And then I guess we ’ ll find out what comes next. But the eyebrows won ’ t be as good.)

Having a crush on her drop – dead – gorgeous boss could get Hopewell General intern Jasmine Campbell fired...especially with the prestigious Virginia hospital reeling from a shocking scandal. But head resident Lucien De Winter is impossible to resist. And he’s arousing a healthy dose of desire as the good doctor wages an all – out war to make the sheltered Southern belle his own... Head over heels for Jasmine, Lucien vows to keep their relationship a secret. He knows they’re playing a dangerous game, but he can’t live without the sensual sister. Even if it means putting his hard – fought career on the line, the seduced surgeon is ready to risk it all. Because Lucien knows that the only thing to cure his acute condition is a lifetime of love

Doctor Who viewers might believe they've seen every photograph, read every interview, know every fact about the latest incarnation of BBC TV's science fantasy series, but this book will set out to show them just how much they've missed. With pre-production drawings and paintings, countless behind-the-scenes candid shots, comments and opinions from everyone involved, The Inside Story sets out to be exactly that. The insider's scoop on the how, why, who and where of all things Doctor Who.

A companion book to the popular, ongoing television series Doctor Who offers intriguing collections of lists covering everything in the show's universe over the past 50 years, including the TARDIS, the Daleks, doppelgangers, regenerations and much more. Original.

A History

The Unofficial Guide to Doctor Who — The Modern Series

The Runaway TARDIS

Over billions of years of time travel, the Doctor has run into his fair share of important people – and he's formed opinions on most of them too. Now the Twelfth Doctor has got hold of a history textbook from Coal Hill School, and he's decided to improve it with notes of his own! From Nefertiti to Robin Hood, this essential Doctor's guide gives us his unique take on Earth's most famous historical figures. Through annotations, scribbles and his trademark snarky humour, the Doctor has plenty to say about the pudding-brained humans he's met on his travels. It's history . . . but perhaps not quite as you know it!

The Doctor Won't See You Now: Advocating now is the time to heal healthcare, new book offers wakeup call to the power of Ayurveda Award-winning entrepreneur, acclaimed healer, Tedx speaker, journalist and author, Sunita Passi demystifies the practice of Ayurveda in her new book, The Doctor Won't See You Now, and makes the teachings and practices of this 5,000-year-old Indian system of healing accessible to all . . . With the healthcare system and access to mental health support both currently ravaged by the impact of the Covid Pandemic, the publication of The Doctor Won't See You Know couldn't be timelier. Offering an accessible entrée into the 5,000-year-old world of this Indian healing system, author Sunita Passi brings over 20 years' experience of training Ayurvedic practitioners, as well as a multitude of insights gained from launching her own highly successful skincare range to this compelling and potentially life changing book. Accessible, informative and written in celebration of the amazing bodies, minds and immune systems we all possess, the author will find an instant readership in those keen to keep themselves and their loved ones healthy, as well as those whose blind trust in 21st century healthcare is waning. As a journalist and broadcaster, Sunita Passi understands how to keep her readers engaged. With her passion for her subject shining through as much as the wisdom she is imparting, The Doctor Won't See You Now, is destined to become a cherished 'friend' that is sought out time and time again.

Join the Doctor and her smallest companion on a madcap adventure through time and space! The beloved sci-fi TV series is now a charming picture book, perfect for Doctor Who fans of all ages. Unable to make friends at her new school, Lizzie packs a bag and runs away. After accidentally stowing away in the TARDIS, she meets the Doctor, a mysterious woman who claims to be a time-traveling space alien. When the TARDIS malfunctions, Lizzie and the Doctor are sent catapulting through time and space, visiting the pyramids, the dinosaurs, an alien planet, and more. Along the way, Lizzie learns that making new friends isn't so hard after all . . . but will she ever be able to get back home? Featuring Jodie Whittaker’s Thirteenth Doctor and an adorable new alien species, this sweet storybook is a must-have for Whovians everywhere, young and old alike.

When a child in her care dies under questionable circumstances, pediatrician Dr. Becca Landau leaves Boston and begins life and work anew in Manhattan, but once again little girls begin to die. Original.

Dr. Twelfth
The Science of Doctor Who

"Three female doctors and friends remind the reader of the heart-wrenching tragedies and impossible choices that make such a cast not only heroic but human."-Kristina McMorris, New York Times bestselling author of Sold on a Monday Hannah, Compton, and Kira have been close friends since medical school, reuniting once a year for a much-needed vacation. Just as they gather to travel in Spain, an outbreak of a fast-spreading virus throws the world into chaos. When Compton Winfield returns to her job as an ER doctor in New York City, she finds a city changed beyond recognition-and a personal loss so gutting it reshapes every aspect of her life. Hannah Geier's career as an ob-gyn in San Diego is fulfilling but she's always longed for a child of her own. After years of trying, Hannah discovers she's expecting a baby just as the disease engulfs her city. Kira Marchand, an infectious disease doctor at the CDC in Atlanta, finds herself at the center of the American response to the terrifying new illness. Her professional battle turns personal when she must decide whether her children will receive an experimental but potentially life-saving treatment. Written prior to Covid-19 by a former emergency medicine physician, Doctors and Friends incorporates unexpected wit, razor-edged poignancy, and a deeply relatable cast of characters who provoke both laughter and tears. Martin provides a unique insider's perspective into the world of medical professionals working to save lives during the most difficult situations of their careers.

In the form of an open letter from patients to their doctors, spiritual writer and professor of medical humanities Marilyn McEntyre brings to light the hidden fears, desperate needs, deepest hopes, and heartfelt truths that many feel doctors overlook in their approach to health care. It's a clarion call for doctors to attend to the whole person and listen deeply, rather than rush to assess a set of symptoms. And it's a letter that informs doctors of the many things that patients already know about themselves and their health. Engaging and candid, Dear Doctor covers the basics of how patients view their time with doctors, how they want doctors to collaborate on health issues, and even how patients bring their faith and spirituality to their view of their health and their bodies. Ultimately, this book is an important first step to begin a dialogue between two communities that often have a very large disconnect.

The Scientific Secrets of Doctor Who
Doctor Who

What Doctors Don't Ask, What Patients Need to Say

In the 1830s, when a brave and curious girl named Elizabeth Blackwell was growing up, women were supposed to be wives and mothers. Some women could be teachers or seamstresses, but career options were few. Certainly no women were doctors. But Elizabeth refused to accept the common beliefs that women weren't smart enough to be doctors, or that they were too weak for such hard work. And she would not take no for an answer. Although she faced much opposition, she worked hard and finally—when she graduated from medical school and went on to have a brilliant career—proved her detractors wrong. This inspiring story of the first female doctor shows how one strong-willed woman opened the doors for all the female doctors to come. Who Says Women Can't Be Doctors? by Tanya Lee Stone is an NPR Best Book of 2013 This title has common core connections.

For any woman who has experienced illness, chronic pain, or endometriosis comes an inspiring memoir advocating for recognition of women's health issues In the fall of 2010, Abby Norman's strong dancer's body dropped forty pounds and gray hairs began to sprout from her temples. She was repeatedly hospitalized in excruciating pain, but the doctors insisted it was a urinary tract infection and sent her home with antibiotics. Unable to get out of bed, much less attend class, Norman dropped out of college and embarked on what would become a years-long journey to discover what was wrong with her. It wasn't until she took matters into her own hands--securing a job in a hospital and educating herself over lunchtime reading in the medical library--that she found an accurate diagnosis of endometriosis. In Ask Me About My Uterus, Norman describes what it was like to have her pain dismissed, to be told it was all in her head, only to be taken seriously when she was accompanied by a boyfriend who confirmed that her sexual performance was, indeed, compromised. Putting her own trials into a broader historical, sociocultural, and political context, Norman shows that women's bodies have long been the battleground of a never-ending war for power, control, medical knowledge, and truth. It's time to refute the belief that being a woman is a preexisting condition.

This Doctor Who Official Sticker Book contains over 1000 stickers of over 200 of the scariest monsters and aliens from the last 50 years! Celebrate the 50th anniversary of Doctor Who by using the stickers inside to complete your guide to the Doctor's greatest enemies, including Daleks, Cybermen, Weeping Angels, Ice Warriors and many more!

In What Your Doctor Isn't Telling You: The Real Reasons You Don't Feel Good and What YOU Can Do About It, Dr. Sherer provides readers with verifiable information about current medicine, healthcare and relevant public policy so they can make their own best judgments as to whether a change in their behavior will, if they are inclined, effect a positive change in your life. He strips away the veneer of political correctness when it comes to health and provides the basic truths behind the implications of the daily decisions we make that affect our health.

These decisions, mostly based in how we approach food, physical activity, our mental and emotional states, our interactions with others and our approach to accessing healthcare, have profound effects on our physical, mental and emotional states. Rather than being a book on how to eat, how to exercise, how to shop for a health plan and so on, this work strives only to inform. Because with information comes power. And with power, there is the potential for positive change.
