Hailed by the critics and lauded by readers for its riotously funny and scathing portrayal of America in an age of trial by media, materialism, and violence, Vernon God Little was an international sensation when it was first published in 2003 and awarded the prestigious Man Booker Prize. The memorable portrait of America is seen through the eyes of a wry, young, protagonist. Fifteen-year-old Vernon narrates the story with a cynical twang and a four-letter barb for each of his townsfolk, a medley of characters. With a plot involving a school shooting and death-row reality TV shows, Pierre's effortless prose and dialogue combine to form a novel of postmodern gamesmanship.

Reporters Derry Danaher and Amadee Beauchene fall in love while working at the Milwaukee Ledger when sorrowful events change everything.

This series affirms that the Bible is a Christ-centered book, containing a unified story of redemptive history of which Jesus is the hero. It's presented as sermons, divided into chapters that conclude with a "Reflect & Discuss" section, making this series ideal for small group study, personal devotion, and even sermon preparation. It's not academic but rather presents an easy-reading, practical and friendly commentary. The series is projected to be 48 volumes.

If I should die before I wake... Then my soul is Caesar's to take. He pulls me down, he lifts me up. And then he leaves me in the muck. If I should fall before I fly... Then they know it was the fault of mine. He taught me better, he led the way. I just didn't know how to stay. And if I should not gain his heart... Fuck that, he made me this way. Curled my thoughts and twisted me. He belongs to me, forever. WARNING: This book is DARK. So dark, I barely found my way writing it. Know this. Understand it. Believe it. It's one long warning from beginning to end, but the love found between the pages is everlasting. This is NOT a conventional couple, and they don't come together with rainbows and silver linings. There's pain. There's violence. There's blood. You have been warned. Please ... Please, walk away if a filthy dark story isn't right for you. You will find no softness here. But if you like it so dark the sun won't make you feel warm again, then you've found the right place, and Caesar is waiting.

For everyone who has lost at love, been let down by life, feels like their universe is unraveling...here is the celebrated message from Tony Campolo to warm their souls and encourage them to keep trusting in God.

A young boy eagerly awaits the start of Shabbat as challah rises, matzah balls cook, and the table is prepared by his loving family.

The students in Mrs. Madoff's class share how they will celebrate Mother's Day with their families, in the latest book from the mother-daughter team which includes instructions for making a flower for mom from a button, paper, and a pipe cleaner.

Do you feel overwhelmed by all the stuff in your home? Is your home office a messy file drawer of papers? Do you want to get organized, but you do not know where to start? This book will help you look at your stuff differently and put you on the right track to get organized and stay organized, so you can better enjoy life. We will consider the real value of our possessions. Is "real value" a dollar amount? Or the usefulness of the item? Or how it makes you feel? There are many ways to consider an item's value, none of them right or wrong. Everything is relative in terms of what is really important to you, whether it be your time, your space, or your stuff.

Every culture is governed by an internal code of conduct, and this publication captures the code of Saudi culture. Most Saudi norms have long been unwritten and only orally communicated among citizens. As a result, visitors to the country have been unable to read about these norms. For this reason, this book spells out these norms in bold print. It provides bite-sized descriptions of 'the Saudi'. It is informed by around 2,000 interviews with Saudis and expats. It is the first to talk about the culture in a purely descriptive (and therefore non-judgemental) manner. Writings about Saudi culture tend to be too serious; however, this publication is meant not to be taken too seriously. It is, rather, intended to be entertaining (and, surely, informative). It is written mostly on the toilet (and is, likewise, meant to be read on the toilet). It avoids being biased, recording both 'negative' and 'positive' norms. It tries to avoid using such sensitive words as 'religion' and 'politics', considering that it is written entirely for cultural orientation (not for religious or political matters). The book is the first to be written by a male Saudi who was born and raised in the country, who is still based there, who is a former officially-recognised 'imam' (i.e. a worship leader) and who comes from a working-class family. Yet, he is a traveller, professor and Oxford graduate. He has been with people from different ethnicities. He has published in different languages and with globally known publishers. Hence, he has shown an ability to communicate with international readers and convey information to foreign mentalities.

These 18 stories probe the lies and secrets, the "fictions" in the lives of parents and children, siblings, Germans and Jews, confused adolescents, and elderly lovers. ..."The actors in these beautiful, often sad stories carry with them complex histories of desire and pain, often longing for what they can't or shouldn't have. You've met them, fathers and mothers, daughters, sisters, uncles, lovers, presented here with humor and dignity, with a keen and dispassionate eye, reminiscent of another great Canadian storyteller, Rosen's cast will surprise you, instant by instant." - Daniel Coshnear, Occupy & Other Love Stories "In Rosen's book, amidst gorgeous imagery, people we care about stumble through attraction and betrayal. And move over Portnoy, with your raw liver in a milk bottle. Let a girl show you how it's done. The title story contains the most imaginative portrayal of self-pleasuring you'll ever read." - Norma Watkins, The Last Resort: Taking the Mississippi Cure "A young woman prepares to declare her independence from her parents only to discover that her mother is secretly struggling for her own autonomy; a free-spirited bartender deftly plays off the two women who try to hold him; an elderly husband tries to protect a favorite vacation spot from the encroachments of youth and time. Each situation opens a window onto another universal aspect of human character. Children, young people and the aged all have a voice here, and almost every one of them either hides a secret or uncovers someone else's. Rosen's writing is crisp and precise. Without a single excess word she paints a series of varied pictures ranging from the German countryside, a working-class Toronto neighborhood, or the American open road. Each story is a pleasure to read, and the collection as a whole demonstrates Rosen's talent in a dazzling variety of times, places and themes." - Ruhama Veltfort, Strange Attractors

A #1 New York Times bestseller and the first novel in a brand-new series—from bestselling author Abbi Glines—about a small Southern town filled with cute boys in pickup trucks, Friday night football games, and crazy parties that stir up some major drama. To everyone who knows him, West Ashby has always been that guy: the cocky, popular, way-too-handsome-for-his-own-good football god who led Lawton High to the state championships. But while West may be Big Man on Campus on the outside, on the inside he’s battling the grief that comes with watching his father slowly die of cancer.

Two years ago, Maggie Carleton's life fell apart when her father murdered her mother. And after she told the police what happened, she stopped speaking and hasn't spoken since. Even the move to Lawton, Alabama, couldn't draw Maggie back out. So she stayed quiet, keeping her sorrow and her fractured heart hidden away. As West's pain becomes too much to handle, he knows he needs to talk to someone about his father—so in the dark shadows of a post-game party, he opens up to the one girl who he knows won't tell anyone else. West expected that talking about his dad would bring some relief, or at least a flood of emotions he couldn't control. But he never expected the quiet new girl to reply, to reveal a pain even deeper than his own—or for them to form a connection so strong that he couldn't ever let her go...

If he has been poisoned then the list of suspects includes anyone with a bottle

of whisky in the house, and, here at Queensferry, that means just about everyone.

Mars was once similar to Earth, but today there are no rivers, no lakes, no oceans. Yet multiple spacecraft are circling Mars, sweeping over Terra Sabaea, Syrtis Major, the dunes of Elysium, and Mare Sirenum-- on the brink, perhaps, of a staggering find. Johnson tells the story of how she and other researchers have scoured Mars for signs of life. She interlaces her journey as a female scientist with tales of other seekers, to offer an unlikely natural history of a place where no human has ever set foot, while providing a vivid portrait of our quest to defy our isolation in the cosmos. -- adapted from jacket

Your graduate work was on bacterial evolution, but now you're lecturing to 200 freshmen on primate social life. You've taught Kant for twenty years, but now you're team-teaching a new course on "Ethics and the Internet." The personality theorist retired and wasn't replaced, so now you, the neuroscientist, have to teach the "Sexual Identity" course. Everyone in academia knows it and no one likes to admit it: faculty often have to teach courses in areas they don't know very well. The challenges are even greater when students don't share your cultural background, lifestyle, or assumptions about how to behave in a classroom. In this practical and funny book, an experienced teaching consultant offers many creative strategies for dealing with typical problems. How can you prepare most efficiently for a new course in a new area? How do you look credible? And what do you do when you don't have a clue how to answer a question? Encouraging faculty to think of themselves as learners rather than as experts, Therese Huston points out that authority in the classroom doesn't come only, or even mostly, from perfect knowledge. She offers tips for introducing new topics in a lively style, for gauging students' understanding, for reaching unresponsive students, for maintaining discussions when they seem to stop dead, and -yes- for dealing with those impossible questions. Original, useful, and hopeful, this book reminds you that teaching what you don't know, to students whom you may not understand, is not just a job. It's an adventure.

Women's Sexual Fantasies

A piercingly raw debut story collection from a young writer with an explosive voice; a treacherously surreal, and, at times, heartbreakingly satirical look at what it's like to be young and black in America.

This book shows how to use agreement to transform the biggest areas of marital conflict into closeness, cooperation, and mutually desirable outcomes. Licensed psychologist, marriage, and relationship coach Jack Ito PhD illustrates with clear, easy to follow examples, how to communicate about the biggest problems that couples face. These are the same techniques his coaching clients use to stop divorces, end affairs, deal with addicted spouses, solve problems, end blaming, improve dating, handle money issues, parent cooperatively, get out of debt, and more. This book is unique in offering communication training to couples when one spouse (or significant other) is not ready or willing to work on the relationship.

Hey kids, do you want to know how to make all-stars for your baseball league? Or parents, do you feel like the coaches keep passing your child up? Well no more! Or coaches, want drills and ways to motivate your players to get better? Coach Andy Collins is going to tell you everything he knows from his 35 years of youth and adult coaching and watching what works and what doesn't work. It's chock-full of ideas in 86 pages. He'll cover: * How your league chooses all-stars * What all-star selectors are really looking for * 7 tried and true methods of getting better at baseball * But more importantly, little known ways to get the people picking the team to notice you * And how to beat the "politics" that seem to get in the way Year after year kids sit in the stands crying after the all-star teams are announced and they weren't one of the players that were chosen. At the same time the students I've trained do make these same all-star teams. It was then I realized I had the information that the kids in the stands and their parents and coaches were looking for. Wherever there are kids around the world that play youth baseball, there are kids that long to make the league's all-star team. Every year it's the same, kids that desperately want to have their name called out (or see it announced on the list) don't make it, and a little bit of them is hurting deep inside; and they don't know why they were not picked. Little did they know that they could have fairly accurately predicted their chances almost from day one of when the season started. And if they knew what you're about the find out, they could improve enough in skill in the eyes of the all-star selectors as to be a better player or even make the all-star team. The good news is that in this book, there is a way to learn how to make the all-star team for the next upcoming season; and if not then, the following year (if you're willing to listen and follow the advice I give). While I have written this for parents and coaches to learn how this process works and how they can help these youngsters achieve their dreams, this is mostly a book written for the kid who wants to make all-stars, not a book for the parent who wants their kid to make all-stars (there is a difference). And it will be in that voice that this book will be written.

Christ's seven last words from the cross have long been a source of reflection, challenge, and soul-searching. These simple statements contain the full range of human emotions and divine self-revelation: grief, compassion, despair, forgiveness, physical need, the promise of redemption. In many ways they embody the core of the gospel. In this brief book one of today's most noted churchpersons and preachers confronts the reader with the seven last words's claim on her or his life. Written with the clarity, depth, and insight that are Will Willimon's trademark, this book offers afresh the challenge and grace of the message of the Crucified One.
