One of the Best Books of the Year: Parade, Glamour, Real Simple, Refinery29, Yahoo! Lifestyle. "A startlingly modern love story and a mesmerizing portrait of a woman's self-transformation from muse to artist." --Celeste Ng, author of Little Fires Everywhere "I'd rather take a photograph than be one," Lee Miller declares after she arrives in Paris in 1929, where she soon catches the eye of the famous Surrealist Man Ray. Though he wants to use her only as a model, Lee convinces him to take her on as his assistant and teach her everything he knows. As they work together in the darkroom, their personal and professional lives become intimately entwined, changing the course of Lee's life forever. Lee's journey of self-discovery takes her from the cabarets of bohemian Paris to the battlefields of war-torn Europe during WWII, from inventing radical new photography techniques to documenting the liberation of the concentration camps as one of the first female war correspondents. Through it all, Lee must grapple with the question of whether it's possible to stay true to herself while also fulfilling her artistic ambition--and what she will have to sacrifice to do so.

Left Bank

A Trip to Jeremyville Adult Coloring Book

Painting This Painting Is Created with My Admiration for Jannina Fantasy

An incandescent group portrait of the midcentury artists and thinkers whose lives, loves, collaborations, and passions were forged against the wartime destruction and postwar rebirth of Paris In this fascinating tour of a celebrated city during one of its most trying, significant, and ultimately triumphant eras, Agnes Poirier unspools the stories of the poets, writers, painters, and philosophers whose lives collided to extraordinary effect between 1940 and 1950. She gives us the human drama behind some of the most celebrated works of the 20th century, from Richard Wright's Native Son, Simone de Beauvoir's The Second Sex, and James Baldwin's Giovanni's Room to Samuel Beckett's Waiting for Godot and Saul Bellow's Augie March, along with the origin stories of now legendary movements, from Existentialism to the Theatre of the Absurd, New Journalism, bebop, and French feminism. We follow Arthur Koestler and Norman Mailer as young men, peek inside Picasso's studio, and trail the twists of Camus's Sartre's, and Beauvoir's epic love stories. We witness the births and deaths of newspapers and literary journals and peer through keyholes to see the

first kisses and last nights of many ill-advised bedfellows. At every turn, Poirier deftly hones in on the most compelling and colorful history, without undermining the crucial significance of the era. She brings to life the flawed, visionary Parisians who fell in love and out of it, who infuriated and inspired one another, all while reconfiguring the world's political, intellectual, and creative landscapes. With its balance of clear-eyed historical narrative and irresistible anecdotal charm, Left Bank transports readers to a Paris teeming with passion, drama, and life.

Inspired by true events and set against the backdrop of the Second World War, Melanie Levensohn's *A Jewish Girl in Paris* is a powerful novel about forbidden love, adapted from a translation by Jamie Lee Searle. 'In this vivid, affecting novel of intertwined destinies and the enduring power of love against the bleakest odds, Levensohn weaves a tale saturated with historical accuracy and yet surprisingly intimate. *A Jewish Girl in Paris* delivers romance and intrigue to spare, but the novel's real power lies in its portrayal of how deeply and sometimes mysteriously we can find ourselves connected to the past, and to each other.' - Paula Mc Lain, New York Times bestselling author of *The Paris Wife* and *When the Stars Go Dark* Paris, 1940, a city under German occupation. A young Jewish girl, Judith, meets a young man, the son of a wealthy banker and Nazi sympathizer – his family will never approve of the girl he has fallen in love with. As the Germans impose more and more restrictions on Jewish Parisians, the couple secretly plan to flee the country. But before they can make their escape, Judith disappears . . . Montréal, 1982. Shortly before his death, Lica Grunberg confesses to his daughter, that she has an older half-sister, Judith. Lica escaped the Nazis but lost all contact with his first-born daughter. His daughter promises to find the sister she never knew. The search languishes for years, until Jacobina is spurred on by her young friend Béatrice. Soon the two women discover a dark family secret, stretching over two continents and six decades, that will change their lives forever . . .

Take a journey through the world's most romantic city, traveling from color to magnificent color with this beguiling book. An orange café chair, bright blue bicycles against a fence, a weathered white door-Nichole Robertson's sumptuous photographs of the distinctive details of Paris, all arranged by color, evoke a sense of serendipitous discovery and celebrate the city as never before. At once a work of art and a window into the heart of the city, *Paris in Color* will surprise and delight those who love art, design, color, and, of course, Paris!

Why French women of a certain age are the consummate hostesses, homemakers, and style icons--and how you can be, too. Frenchwomen--particularly those 40 and over--are role models for stylish and gracious living, what the French call *l'art de vivre*. American-born fashion journalist Tish Jett, who has studied these women for years, shared their beauty secrets in her first book, *Forever Chic*. Now she explores why Frenchwomen of a certain age are master hostesses and homemakers, expert practitioners of *les bonnes manières* as well as everyday elegance, *savoir-faire*, and as a result, *la joie de vivre*. Jett explains how to entertain like a Frenchwoman, including a glimpse into the typical French larder from which a delicious meal can be thrown together with ease, to detailed instruction on laying a beautiful table and crafting a perfect cheese plate (did you know that when cutting from a wedge of cheese, slice from the back to the point, which is the "heart" of the cheese, and as such considered the best part and not to be lopped off so others cannot enjoy it). She explores everyday style and elegance, disclosing how to create that special *bien dans sa peau* (to feel good about oneself) sensation so coveted by Frenchwomen. Jett also shares the importance of discipline, which goes hand in hand with beauty--a well-ordered closet, be it for clothes or linens, translates to easy everyday elegance. With tips on adjusting your beauty and style regimes seasonally, charmingly packaged with color illustrations, *Living Forever Chic* is a delightful gift for the Francophile in your life.

*"The perfect summer read" (USA TODAY) begins with a shocking tragedy that results in three generations of the Adler family grappling with heartbreak, romance, and the weight of family secrets over the course of one summer. *A New York Times Book Review Editors' Choice * One of USA TODAY's "Best Books of 2020" * One of Good Morning America's "25 Novels You'll Want to Read This Summer" * One of Parade's "26 Best Books to Read This Summer" Atlantic City, 1934. Every summer, Esther and Joseph Adler rent their house out to vacationers escaping to "America's Playground" and move into the small apartment above their bakery. Despite the cramped quarters, this is the apartment where they raised their two daughters, Fannie and Florence, and it always feels like home. Now, Florence has returned from college, determined to spend the summer training to swim the English Channel, and Fannie, pregnant again after recently losing a baby, is on bedrest for the duration of her pregnancy. After Joseph insists they take in a mysterious young woman whom he recently helped emigrate from Nazi Germany, the apartment is bursting at the seams. Esther only wants to keep her daughters close and safe but some matters are beyond her control: there's Fannie's risky pregnancy—not to mention her always-scheming husband, Isaac—and the fact that the handsome heir of a hotel notorious for its anti-Semitic policies, seems to be in love with Florence. When tragedy strikes, Esther makes the shocking decision to hide the truth—at least until Fannie's baby is born—and pulls the family into an elaborate web of secret-keeping and lies, bringing long-buried tensions to the surface that reveal how quickly the act of protecting those we love can turn into betrayal. "Readers of Emma Straub and Curtis Sittenfeld will devour this richly drawn debut family saga" (Library Journal) that's based on a true story and is a breathtaking portrayal of how the human spirit can endure—and even thrive—after tragedy.*

NATIONAL BESTSELLER • Julia's story of her transformative years in France in her own words is "captivating ... her marvelously distinctive voice is present on every page." (San Francisco Chronicle). Although she would later singlehandedly create a new approach to American cuisine with her cookbook *Mastering the Art of French Cooking* and her television show *The French Chef*, Julia Child was not always a master chef. Indeed, when she first arrived in France in 1948 with her husband, Paul, who was to work for the USIS, she spoke no French and knew nothing about the country itself. But as she dove into French culture, buying food at local markets and taking classes at the Cordon Bleu, her life changed forever with her newfound passion for cooking and teaching. Julia's unforgettable story—struggles with the head of the Cordon Bleu, rejections from publishers to whom she sent her now-famous cookbook, a wonderful, nearly fifty-year long marriage that took the Childs across the globe—unfolds with the spirit so key to Julia's success as a chef and a writer, brilliantly capturing one of America's most endearing personalities.

NEW YORK TIMES BESTSELLER #1 bestselling author Lisa Scottoline offers a sweeping and shattering epic of historical fiction fueled by shocking true events, the tale of a love triangle that unfolds in the heart of Rome...in the creeping shadow of fascism. What war destroys, only love can heal. Elisabetta, Marco, and Sandro grow up as the best of friends despite their differences. Elisabetta is a feisty beauty who dreams of becoming a novelist; Marco the brash and athletic son in a family of professional cyclists; and Sandro a Jewish mathematics prodigy, kind-hearted and thoughtful, the son of a lawyer and a doctor. Their friendship blossoms to love, with both Sandro and Marco hoping to win Elisabetta's heart. But in the autumn of 1937, all of that begins to change as Mussolini asserts his power, aligning Italy's Fascists with Hitler's Nazis and altering the very laws that govern Rome. In time, everything that the three hold dear--their families, their homes, and their connection to one another--is tested in ways they never could have imagined. As anti-Semitism takes legal root and World War II erupts, the threesome realizes that Mussolini was only the beginning. The Nazis invade Rome, and with their occupation come new atrocities against the city's Jews, culminating in a final, horrific betrayal. Against this backdrop, the intertwined fates of Elisabetta, Marco, Sandro, and their families will be decided, in a heartbreaking story of both the best and the worst that the world has to offer.
