Four Kingdoms. No Heir. An Uncertain Future. After an evil curse is cast upon the four corners of Syracuse, a vast country ruled by the Rothhaven family, maidens across the land suddenly become barren. Years pass, and the future of Family Rothhaven looks bleak, until eighteen-year-old Mariselle Langer wakes up one morning with cramps, a craving for chocolate, and a highly unexpected visit from Aunt Flow. Upon realizing that his daughter is different from the other maidens, Mariselle's father approaches the leaders of the four kingdoms with the wonderful news. This sets off a chain of events which threaten to divide the Rothhaven brothers, who all desire her for themselves, and not just because she can give them an heir. Meanwhile, Mariselle has her own ideas about whom she wishes to wed, which not only shocks the nation, but ultimately... saves it.

Forest Grove is swarming with...danger. The kind you only read about in paranormal romance books. I'm talking vampires, shifters like wolves, huge wolves that come in twins, and many more. P.S. They are NOT smoking as hell beasts who swoon and fall in love with you forever like they tell you in those reads. Well, the smoking as hell part, yes...of course...how else will they mess with your head...but not the second part. And each beast thinks they have some sort of claim on me. What the hell? Now that my monster of a husband is on the loose, sending me notes, threatening me to go back to him, and the sizzling beasts in my class want a piece of me, LITERALLY, I'm terrified and lost. If I go back to the monster I know, at least, I'll still be human, even for a short while before his next rage kills me. If I surrender to the beasts and become their mate, I'll live forever protected as a beast myself without a soul. Survival 101 doesn't even begin to prepare you for this. What would you do? HELP!
