Three resources in one ? READING, WRITING, and ARITHMETIC! Learn how to take the mystery out of teaching the early grades with this practical, down-to-earth guidebook from Ruth Beechick. The book is divided into three sections that are tabbed for easy reference. The READING section tells how and when to begin phonics, and how to develop comprehension skills. The LANGUAGE section shows how to develop written language skills naturally, in the same way children learn oral language. The ARITHMETIC section explains how to teach understanding of math concepts, and not just memorization of facts.

When Little Narwhal realizes he is different from the other arctic whales, he sets out on an adventure to learn what makes him special. Follow Little Narwhal as he meets Puffin, Moose, other unique animals who teach him you don't need to fit into one mold to be beautiful. This book is meant to foster learning and encourage self-acceptance for children. Includes 8 pages of fun facts about arctic animals.

Businesses today want actionable insights into their data—they want their data to reveal itself to them in a natural and user-friendly form. What could be more natural than human language?

Natural-language search is at the center of a storm of ever-increasing web-driven demand for human-computer communication and information access. SQL Server 2008 provides the tools to take advantage of the features of its built-in enterprise-level natural-language search engine in the form of integrated full-text search (iFTS). iFTS uses text-aware relational queries to provide your users with fast access to content. Whether you want to set up an enterprise-wide Internet or intranet search engine or create less ambitious natural-language search applications, this book will teach you how to get the most out of SQL Server 2008 iFTS: Introducing powerful iFTS features in SQL Server, such as the FREETEXT and CONTAINS predicates, custom thesauruses, and stop lists Showing you how to optimize full-text query performance through features like full-text indexes and iFilters Providing examples that help you understand and apply the power of iFTS in your daily projects

Paint by Sticker is the most exciting new idea in activity books, both for grown-ups and kids. A compelling activity for crafters and artists, doodlers and colorers of all ages, each Paint by Sticker book includes everything you need to create twelve vibrant, full-color "paintings." The original images are rendered in low-poly, a computer graphics style using geometric polygon shapes to create a 3D effect. As in paint-by-number, each template is divided into dozens of spaces, each with a number that corresponds to a particular sticker. Find the sticker, peel it, and place it in the right space. Add the next, and the next, and the next—it's an activity that's utterly absorbing, both in the pleasure of peeling and sticking and the growing satisfaction of watching a "painting" come to life, emerging from a flat black-and-white illustration to a dazzling image with color, body, and spirit. Paint by Sticker: Music Icons brings us face-to-face with Elvis, The Beatles, Beyoncé, David Bowie, Cher, Prince, Michael Jackson, Kurt Cobain, Madonna, Nina Simone, Dolly Parton, and "Weird Al" Yankovic. Colorists can relax and unwind with this beautiful book illustrating life on the farm. Thirty-one idyllic scenes include everything from cows in the meadow and chickens in the hen house to fields of flowers and fresh vegetable stands. These realistically rendered images will make you want to "Live, Laugh, Farm" – and of course, color! Pages are perforated and printed on one side only for easy removal and display. Specially designed for experienced colorists, Country Farm Scenes and other Creative Haven® adult coloring books offer an escape to a world of inspiration and artistic fulfillment. Each title is also an effective and fun-filled way to relax and reduce stress.
