answer, of course, is: virtually nothing. Deep down inside, guys are extremely shallow. But that has not stopped Dave Barry from writing an entire book about them. If you're a guy--or if you're attempting to share a remote control with one--you need this book, because it deals frankly and semi-thoroughly with such important guy issues as: Scratching The role of guys in world history, including the heretofore-unknown relationship between the discovery of North America and golf Why the average guy can remember who won the 1960 World Series, but

Burriesci teaches his daughter about 32 great books, from Plato to Karl Marx, and how their lessons have applied to his life. As someone who has spent a long and successful career advocating for great literature, Burriesci defends the titles in this series of tender and candid letters, rich in personal experience and full of humor. Dead White Guys is also a timely defense of the great books, arriving in the middle of a national debate about the fate of these books in high schools and universities around the country. Burriesci shows how the great books

This is the third book in the critically acclaimed Two Guys series by Steve Chandler and Terrence Hill. This time the two guys take on their biggest challenge yet-Jane Austen. Follow their wild and often hilarious exchanges as they fly through Pride and Prejudice and the darker, more complex Mansfield Park. Often veering off into the worlds of music, sports, and history, both of these accomplished writers draw upon their lifelong friendships and shared childhood

readers, the series features real science facts with adventure and humor, making these books ideal for STEM education. This first installment examines the science of “matter.” Kid-genius and inventor Frank Einstein loves figuring out how the world works by creating household contraptions that are part science, part imagination, and definitely unusual. In the series opener, an uneventful experiment in his garage-lab, a lightning storm, and a flash of electricity bring Frank’s inventions—the robots Klink and Klank—to life! Not exactly the ideal lab partners, the wisecracking Klink and the overly expressive

Klank nonetheless help Frank attempt to perfect his inventions. . . . until Frank's archnemesis, T. Edison, steals Klink and Klank for his evil doomsday plan! Integrating real science facts with wacky humor, a silly cast of characters, and science fiction, this uniquely engaging series is an irresistible chemical reaction for middle-grade readers. With easy-to-read language and graphic illustrations on almost every page, this chapter book series is a must for reluctant readers. The Frank Einstein series encourages middle-grade readers to question the way things work and to discover how they, too,

From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice!

There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the

tough discussions you may need to have during your career. You'll learn what to say when

- coworkers push their work on you—then take credit for it
- you accidentally trash-talk someone in an email then hit “reply all”
- you're being micromanaged—or not being managed at all
- you catch a colleague in a lie
- your boss seems unhappy with your work
- your cubemate's loud speakerphone is making you homicidal
- you got drunk at the holiday party

A tender affair and the redemptive power of art are at the core of this compelling novel from National Book Award finalist Allegra Goodman, “a romantic realist who dazzles with wit [and] compassion” (The Wall Street Journal). Collin James is young, creative, and unhappy. A college dropout, he waits tables and spends his free time beautifying the streets of Cambridge, Massachusetts, with his medium of choice: chalk. Collin’s art captivates passersby with its vibrant colors and intricate lines—until the

The daughter of a tech mogul who is revolutionizing virtual reality, Nina Lazare is trying to give back as a high school teacher—but her students won't listen to her. When Collin enters her world, he inspires her to think bigger. Nina wants to return the favor—even if it means losing him. Against this poignant backdrop, Allegra Goodman paints a tableau of students, neighbors, and colleagues: Diana, a teenage girl trying to make herself invisible; her twin brother, Aidan, who's addicted to the games produced by Nina's father; and Daphne, a viral-marketing

These days, it's harder than ever to know how to act like a real man. We're not talking about the touchy-feely, ultra-sensitive, emotion-sharing, not-afraid-to-cry version of manhood that Oprah and Dr. Phil have been spouting for years. We're talking about the tough, smart, confident, charming, classy, all-around good fella that upholds the true ideal of what is known as "a man's man." Now, renowned actor and true-life man's man Frank Vincent, famed for his unforgettable tough-guy roles in such classic films as Raging Bull, Goodfellas and HBO's The Sopranos, is going to show how any man can be all that he can be in love, work, play, and life. Everything you need to know is covered here, including, getting the best women by being the best man, dressing like a champ and taking on the world, winning big money and big respect in Las Vegas, selecting, smoking, and

A journalist's provocative and spellbinding account of her eighteen months spent disguised as a man. Norah Vincent became an instant media sensation with the publication of Self-Made Man, her take on just how hard it is to be a man, even in a man's world. Following in the tradition of John Howard Griffin (Black Like Me), Vincent spent a year and a half disguised as her male alter ego, Ned, exploring what men are like when women aren't around.
