

Heartless (Tales Of Goldstone Wood)

Given the chance to train as a squire, kitchen servant Achan Cham hopes to pull himself out of his pitiful life and become a Kingsguard Knight. When Achan's owner learns of his training, he forces Achan to spar with the Crown Prince--more of a death sentence than an honor. Meanwhile, strange voices in Achan's head cause him to fear he's going mad. While escorting the prince to a council presentation, their convoy is attacked. Achan is wounded and arrested, but escapes from prison--only to discover a secret about himself he never believed possible.

Lighthearted, quirky, and upbeat, this book explores the portrayal of science and technology on both the big and little screen -- and how Hollywood is actually doing a better job of getting it right than ever before. Grounded in the real-world, and often cutting-edge, science and technology that inspires fictional science, the authors survey Hollywood depictions of topics such as quantum mechanics, parallel universes, and alien worlds. Including material from interviews with over two dozen writers, producers, and directors of acclaimed science-themed productions -- as well as scientists, science fiction authors, and science advisors -- *Hollyweird Science* examines screen science fiction from the sometimes-conflicting vantage points of storytellers, researchers, and viewers. Including a foreword by Eureka co-creator and executive producer Jaime Paglia, and an afterword by astronomer and science fiction author Michael Brotherton, Ph.D., this book is accessible to all readers from the layperson to the armchair expert to the professional scientist, and will delight all of them equally.

Examining a series of El Niño-induced droughts and the famines that they spawned around the globe in the last third of the 19th century, Mike Davis discloses the intimate, baleful relationship between imperial arrogance and natural incident that combined to produce some of the worst tragedies in human history. *Late Victorian Holocausts* focuses on three zones of drought and subsequent famine: India, Northern China; and Northeastern Brazil. All were affected by the same global climatic factors that caused massive crop failures, and all experienced brutal famines that decimated local populations. But the effects of drought were magnified in each case because of singularly destructive policies promulgated by different ruling elites. Davis argues that the seeds of underdevelopment in what later became known as the Third World were sown in this era of High Imperialism, as the price for capitalist modernization was paid in the currency of millions of peasants' lives. CNN host and best-selling author Fareed Zakaria argues for a renewed commitment to the world's most valuable educational tradition. The liberal arts are under attack. The governors of Florida, Texas, and North

Carolina have all pledged that they will not spend taxpayer money subsidizing the liberal arts, and they seem to have an unlikely ally in President Obama. While at a General Electric plant in early 2014, Obama remarked, "I promise you, folks can make a lot more, potentially, with skilled manufacturing or the trades than they might with an art history degree." These messages are hitting home: majors like English and history, once very popular and highly respected, are in steep decline. "I get it," writes Fareed Zakaria, recalling the atmosphere in India where he grew up, which was even more obsessed with getting a skills-based education. However, the CNN host and best-selling author explains why this widely held view is mistaken and shortsighted. Zakaria eloquently expounds on the virtues of a liberal arts education—how to write clearly, how to express yourself convincingly, and how to think analytically. He turns our leaders' vocational argument on its head. American routine manufacturing jobs continue to get automated or outsourced, and specific vocational knowledge is often outdated within a few years. Engineering is a great profession, but key value-added skills you will also need are creativity, lateral thinking, design, communication, storytelling, and, more than anything, the ability to continually learn and enjoy learning—precisely the gifts of a liberal education. Zakaria argues that technology is transforming education, opening up access to the best courses and classes in a vast variety of subjects for millions around the world. We are at the dawn of the greatest expansion of the idea of a liberal education in human history.

What is the church? And why does it exist? These are essential questions for those who seek to follow Jesus in community. David Fitch delves into the origins of the church, exploring the identity and calling of the body of Christ in scripture and church history. Learn about the Christian practices that shape the church and how our understandings of church might change in light of the life of the church through the centuries. At a time when the church in the US is losing credibility and cultural privilege, Fitch calls us to embrace historic Anabaptism as a model for thriving as God's people in our own time and place. The Jesus Way: Small Books of

Radical Faith delve into big questions about God's work in the world. These concise, practical books are deeply rooted in Anabaptist theology. Crafted by a diverse community of internationally renowned scholars, pastors, and practitioners, The Jesus Way series helps readers deepen their faith in Christ and enliven their witness.

For the past three decades, many history professors have allowed their biases to distort the way America's past is taught. These intellectuals have searched for instances of racism, sexism, and bigotry in our history while downplaying the greatness of America's patriots and the achievements of "dead white men." As a result, more emphasis is placed on Harriet Tubman than on George Washington; more about the internment of Japanese Americans during World War II than about D-Day or Iwo Jima; more on the dangers we faced from Joseph McCarthy than those we faced from Josef Stalin. A Patriot's History of the United States corrects those doctrinaire biases. In this groundbreaking book, America's discovery, founding, and development are reexamined with an appreciation for the elements of public virtue, personal liberty, and private property that make this nation uniquely successful. This book offers a long-overdue acknowledgment of America's true and proud history.

This beloved Newbery Honor-winning story about a feisty heroine is sure to enchant readers new and old. At her birth, Ella of Frell receives a foolish fairy's gift—the "gift" of obedience. Ella must obey any order, whether it's to hop on one foot for a day and a half, or to chop off her own head! But strong-willed Ella does not accept her fate... Against a bold backdrop of princes, ogres, giants, wicked stepsisters, and fairy godmothers, Ella goes on a quest to break the curse forever. A tween favorite for 25 years—now shared with today's young readers by moms, teachers, and other adults who remember the pleasure of discovering this fun fairy-tale retelling themselves!

Undertaking a dangerous quest and desperate to redeem himself, Prince Lionheart must enter hidden

realms to stop King Vahe from waking the Dragon's children on the Night of Moonblood--and rescue Rose Red, the girl he betrayed. Original.

"Readers will enjoy this romantic adventure story...akin to C.S. Lewis' Narnia series."--Booklist When a cursed dragon-witch kidnaps the lovely Lady Gleamdren, Eanrin sets boldly forth on a rescue mission...and a race against his rival for Gleamdren's favor. Intent upon his quest, the last thing the immortal Faerie needs is to become mixed up with the troubles of an insignificant mortal. But when he stumbles upon a maiden trapped in an enchanted sleep, he cannot leave her alone in the dangerous Wood Between. One waking kiss later, Eanrin suddenly finds his story entangled with that of young Starflower. A strange link exists between this mortal girl and the dragon-witch. Will Starflower prove the key to Lady Gleamdren's rescue? Or will the dark power from which she flees destroy both her and her rescuer?

Drawing on previously untapped archival materials including letters, interviews, and more, Bernard F. Dick traces the history of Columbia Pictures, from its beginnings as the CBC Film Sales Company, through the regimes of Harry Cohn and his successors, and ending with a vivid portrait of today's corporate Hollywood. The book offers unique perspectives on the careers of Rita Hayworth and Judy Holliday, a discussion of Columbia's unique brands of screwball comedy and film noir, and analyses of such classics as *The Awful Truth*, *Born Yesterday*, and *From Here to Eternity*. Following the author's highly readable studio chronicle are fourteen original essays by leading film scholars that follow Columbia's emergence from Poverty Row status to world class, and the stars, films, genres, writers, producers, and directors responsible for its transformation. A new essay on Quentin Tarantino's *Once Upon a Time...in Hollywood* rounds out the collection and brings this seminal studio history into the 21st century. Amply illustrated with film stills and photos of stars and studio heads, *Columbia Pictures* is the first book to integrate history with criticism of a single studio, and is ideal for film lovers and scholars alike.

From Quantum Quirks to the Multiverse

On his first voyage aboard the merchant ship Kulap Kanya, cabin boy Munny must find the courage to trust his captain and protect a stowaway that the crew believes should be sacrificed to Risafeth, the evil goddess of the sea, if they are to return safely home.

Firefighting burns in Aidan O'Neill's blood. The son of a fireman, O'Neill has a sixth sense about fire and often takes dangerous risks. When one act of disobedience nearly gets a rookie killed, O'Neill is suspended. His weeks off are supposed to be a time to reflect but instead he escapes to Mexico, where another rash act of bravery actually kills him. But only for a few minutes. Called back to Reno, he's now haunted by visions of hell and paralyzed in the face of fire. And at the worst time, because an arsonist is targeting Reno. With a growing love interest with one of the investigators complicating everything, Aidan must discover where his trust rests as the fires creep ever closer.

Acclaimed journalist Jeffrey Toobin takes us into the chambers of the most important—and secret—legal body in our country, the Supreme Court, revealing the complex dynamic among the nine people who decide the law of the land. An institution at a moment of transition, the Court now stands at a crucial point, with major changes in store on such issues as abortion, civil rights, and church-state relations. Based on exclusive interviews with the justices and with a keen sense of the Court's history and the trajectory of its future, Jeffrey Toobin creates in *The Nine* a riveting story of one of the most important forces in American life today.

The heart-pounding sequel to *Cast in Firelight*, perfect for fans of epic, sweepingly romantic fantasy by Sabaa Tahir, Susan Dennard, and Mary E. Pearson. After a magical eruption devastates the kingdom of Belwar, royal heir Adraa is falsely accused of masterminding the destruction and forced to stand trial in front of her people, who see her as a monster. Adraa's punishment? Imprisonment in the Dome, an impenetrable, magic-infused fortress filled with Belwar's nastiest criminals—many of whom Adraa put there herself. And they want her to pay. Jatin, the royal heir to Naupure, has been Adraa's betrothed, nemesis, and fellow masked vigilante . . . but now he's just a boy waiting to ask her the biggest question of their lives. First, though, he's going to have to do the impossible: break Adraa out of the Dome. And he won't be able to do it without help from the unlikeliest of sources—a girl from his past with a secret that could put them all at risk. Time is running out, and the horrors Adraa faces in the Dome are second only to the plot to destabilize and destroy their kingdoms. But Adraa and Jatin have saved the world once already. . . . Now, can they save themselves? Gail Carson Levine left her mark on fantasy with her well-loved Newbery Honor Book *Ella Enchanted*.

Now she has created another shimmering and tapestried landscape of fantasy and fairies. The two princesses of Bamarre couldn't be more different. Princess Addie is fearful and shy. Her deepest wish is for safety. Princess Meryl is bold and brave. Her deepest wish is to save the kingdom of Bamarre. They are sisters, and they mean the world to each other. Then disaster strikes, and Addie—terrified and unprepared—sets out on a perilous quest. In her path are monsters of Bamarre: ogres, specters, gryphons, and dragons. Addie must battle them, but time is running out, and the sisters' lives—and Bamarre's fate—hang in the balance.

This is a story about blood. And love. And the many things that lie between. By her father's wish, Lady Daylily is betrothed to the Prince of Southlands. Not the prince she loves, handsome and dispossessed Lionheart, but his cousin, the awkward and foolish Prince Foxbrush. As her wedding day dawns, Daylily

flees into the dangerous Wilderlands, her only desire to vanish from living memory. But Foxbrush, determined to rescue his betrothed, pursues Daylily into a new world of magic and peril, a world where vicious Faerie beasts hold sway, a world invaded by a lethal parasite. A world that is hauntingly familiar. Readers of the New Testament often encounter quotes or allusions to Old Testament stories and prophecies that are unfamiliar or obscure. In order to fully understand the teachings of Jesus and his followers, it is important to understand the large body of Scripture that preceded and informed their thinking. Leading evangelical scholars G. K. Beale and D. A. Carson have brought together a distinguished team to provide readers with a comprehensive commentary on Old Testament quotations, allusions, and echoes that appear from Matthew through Revelation. College and seminary students, pastors, scholars, and interested lay readers will want to add this unique commentary to their reference libraries. Contributors Craig L. 2014 Lannan Foundation Cultural Freedom Notable Book Award In Goliath, New York Times bestselling author Max Blumenthal takes us on a journey through the badlands and high roads of Israel-Palestine, painting a startling portrait of Israeli society under the siege of increasingly authoritarian politics as the occupation of the Palestinians deepens. Beginning with the national elections carried out during Israel's war on Gaza in 2008-09, which brought into power the country's most right-wing government to date, Blumenthal tells the story of Israel in the wake of the collapse of the Oslo peace process. As Blumenthal reveals, Israel has become a country where right-wing leaders like Avigdor Lieberman and Bibi Netanyahu are sacrificing democracy on the altar of their power politics; where the loyal opposition largely and passively stands aside and watches the organized assault on civil liberties; where state-funded Orthodox rabbis publish books that provide instructions on how and when to kill Gentiles; where half of Jewish youth declare their refusal to sit in a classroom with an Arab; and where mob violence targets Palestinians and African asylum seekers scapegoated by leading government officials as "demographic threats." Immersing himself like few other journalists inside the world of hardline political leaders and movements, Blumenthal interviews the demagogues and divas in their homes, in the Knesset, and in the watering holes where their young acolytes hang out, and speaks with those political leaders behind the organized assault on civil liberties. As his journey deepens, he painstakingly reports on the occupied Palestinians challenging schemes of demographic separation through unarmed protest. He talks at length to the leaders and youth of Palestinian society inside Israel now targeted by security service dragnets and legislation suppressing their speech, and provides in-depth reporting on the small band of Jewish Israeli dissidents who have shaken off a conformist mindset that permeates the media, schools, and the military. Through his far-ranging travels, Blumenthal illuminates the present by uncovering the ghosts of the past -- the histories of Palestinian neighborhoods and villages now gone and forgotten; how that history has set the stage for the current crisis of Israeli society; and how the Holocaust has been turned into justification for occupation. A brave and unflinching account of the real facts on the ground, Goliath is an unprecedented and compelling work of journalism.

A retelling of "The Twelve Dancing Princesses" like you've never seen before! For six hundred years I have dwelt in this prison. Trapped. Helpless. Unliving and undying. For six hundred years I have watched as cursebreakers come and go. Brave young women all, gifted with powers beyond mortal understanding. I have watched them die. I have watched them wish to die. Once again the Family of Night invades this country to claim its dues, and this generation's cursebreaker has her chance to break the endless chain of torment. To save me. To save her sisters. But how can a peasant child scarcely fourteen years of age discover the three-part key and liberate the captives? Will she too be doomed to join the Death Dance binding us all to the Family of Night?
