With fun surprises on every page, Pop-Up Peekaboo: First Words enhances the reading experience and builds an early learning foundation. As young children explore the spreads, they will learn to recognize, name, and describe the pictures they see.

Invites readers to lift flaps with stuffed animals on them to find the baby hiding beneath it and guess which facial expression each baby is making. On board pages.

With 28 objects to count and find in each illustrated animal scene, this hide and seek book for children with lift flaps is packed with puzzles and interactive fun! Peek under the flap to reveal the flock of birds in the sky, or school of fish in the coral reef. Then seek all sorts of objects hidden in the animal crowd. Can you find two top hats and five paper planes? Children will want to go back again and again to each of Charlotte Milner's intricately illustrated animal gatherings, and they'll discover something new every time! There are fabulous facts and things to learn along the way, such as how monkeys keep each other clean, and animal collective nouns - did you know that a group of monkeys is called a troop? Children can lift the flap to reveal an army of ants busy at work, or a shimmering school of fish (with shiny foil) passing through the colourful coral reef, and they'll discover why some animals work best as a team. Peek and Seek's combination of gentle learning with fun activities, will enable little ones to develop their hand-eye coordination, counting and observational skills, all the while being engaged and having fun!

Baby's First "I Love You" Book

"Jon Swift + Witches of Eastwick + Kelly 'Get in Trouble' Link + Mean Girls + Creative Writing Degree Hell! No punches pulled, no hilarities dodged, no meme unmangled! O Bunny you are sooo genius!" —Margaret Atwood, via Twitter "A wild, audacious and ultimately unforgettable novel." —Michael Schaub, Los Angeles Times "Awad is a stone-cold genius." —Ann Bauer, The Washington Post The Vegetarian meets Heathers in this darkly funny, seductively strange novel from the acclaimed author of 13 Ways of Looking at a Fat Girl "We were just these innocent girls in the night trying to make something beautiful. We nearly died. We very nearly did, didn't we?" Samantha Heather Mackey couldn't be more of an outsider in her small, highly selective MFA program at New England's Warren University. A scholarship student who prefers the company of her dark imagination to that of most people, she is utterly repelled by the rest of her fiction writing cohort—a clique of unbearably twee rich girls who call each other "Bunny," and seem to move and speak as one. But everything changes when Samantha receives an invitation to the Bunnies' fabled "Smut Salon," and finds herself inexplicably drawn to their front door—ditching her only friend, Ava, in the process. As Samantha plunges deeper and deeper into the Bunnies' sinister yet saccharine world, beginning to take part in the ritualistic off-campus "Workshop" where they conjure their monstrous creations, the edges of reality begin to blur. Soon, her friendships with Ava and the Bunnies will be brought into deadly collision. The spellbinding new novel from one of our most fearless chroniclers of the female experience, Bunny is a down-the-rabbit-hole tale of loneliness and belonging, friendship and desire, and the fantastic and terrible power of the imagination. Named a Best Book of 2019 by TIME, Vogue, Electric Literature, and The New York Public Library
