2nd upgraded edition of Viking Language 1 in new smaller book size. Everything necessary to learn Old Norse, the language of the Iceland and Old Scandinavia. For beginner to advanced, graded lessons, saga readings, runes, myths, old Icelandic, grammar exercises, pronunciation, vocabulary and study guides. www.oldnorse.org and vikinglanguage.com

Millions love the hit television show Vikings—but how many fans know that its main character, Ragnar, is based on an actual Viking king whose ambitious and terrifying exploits have been legend since the ninth century AD? As fierce, cunning, and determined as the character he inspired, King Ragnar Lodbrok is perhaps most famous for his sacking of Paris in 845 AD. He is also widely regarded to be among the first Viking leaders to target the riches of the British Isles not simply for plunder, but also for Danish settlement. The Legend of Ragnar Lodbrok presents fascinating translations of ninth, twelfth, and thirteenth-century writings—including sagas, poems, and historical accounts—that describe, in vivid detail, the adventures of Ragnar, his sons, and his formidable wives, Lagertha the Shieldmaiden and Princess Aslaug. These absorbing convergences of fact and Norse mythology include a new translation of The Saga of Ragnar Lodbrok; a new translation of The Tale of Ragnar's Sons; The Anglo-Saxon Chronicle, the single most important source for English history during the early Middle ages; Krákumál, a famous twelfth-century poem thought to be Ragnar's death song; and the Gesta Danorum, a patriotic work that describes the origin of Lagertha and her relationship with Ragnar. Whether Ragnar was a single man of a thousand deeds or an amalgam of heroes may never be proven, but The Legend of Ragnar Lodbrok offers thrilling insight into his brutal, unforgettable world.

After Jack becomes apprenticed to a Druid bard, he and his little sister Lucy are captured by Viking Berserkers and taken to the home of King Ivar the Boneless and his half-troll queen, leading Jack to undertake a vital quest to Jotunheim, home of the trolls.

“ A god for the ages, Odin's veneration remains vital and active. Paxson provides songs, rituals, magical exercises, and practical advice to help you develop your own personal relationship with the Lord of Runes. Highly recommended.” —Judika Illes, author of Encyclopedia of Spirits, Encyclopedia of 5000 Spells, and other books Odin is arguably one of the most enigmatic and complex characters in Norse mythology. Revered since the Viking Age, Odin has been called the greatest of the gods--the god of words and wisdom, runes and magic, a transformer of consciousness, and a trickster who teaches truth. He is both war god and poetry god, and he is the Lord of Ravens, the All-Father, and the rune master. Odin: Ecstasy, Runes, and Norse Magic is the first book on Odin that is both historically sourced and accessible to a general audience. It explores Odin's origins, his appearances in sagas, old magic spells, and the Poetic Edda, and his influence on modern media, such as Tolkien's Lord of the Rings trilogy. Each chapter features suggestions for rituals, exercises, and music, so readers can comprehend and become closer to this complicated god. Author Diana Paxson, an expert on Viking-era mythology, provides a complete portrait of Odin and draws on both scholarship and experience to provide context, resources, and guidance for those who are drawn to work with the Master of Ecstasy today.

The official companion book to the first three seasons of the hit History Channel show inspired by a legendary Viking warrior. MGM's hit show Vikings on the History Channel has drawn millions of viewers into the fascinating and bloody world of legendary Norse hero Ragnar Lothbrok, who led Viking warriors to the British Isles and France. Covering the first three seasons of the series, this official companion book delves into the real history as well as the behind-the-scenes stories. Viking historian Justin Pollard explains shipbuilding and navigation, Norse culture and religion, and the first encounters between Viking warriors and the kings of England and France. Interviews with cast and crew reveal the process of dramatizing this gripping story, from reviving the Old Norse language to choreographing battle scenes and building ancient temples for human sacrifice. This ebook is a must for fans of the show and history buffs alike. VIKINGS

© 2015 TM Prods Ltd/T5 Vikings Prods Inc. VIKINGSTM TM Prods Ltd. Praise for The World of Vikings “ A gorgeous companion book to the hit series . . . The World of Vikings is an excellent piece for the avid Vikings fan. I highly recommend it. ” —Geeks of Doom “ This is a whole new way of learning about Vikings. This book is full of the legends and the lifestyle, with pictures to boot. It is a great read for any proud Scandinavian. ” —Grand Forks Herald

A Big Easy legend returns to the limelight New Orleans was once one of the hottest cities for pro wrestling because of one man ' Sylvester Ritter, better known as the Junkyard Dog. JYD became a legend in the Big Easy, drawing huge crowds to the Superdome, a feat no other wrestler ever came close to. In 1980, he managed to break one of the final colour barriers in the sport by becoming the first black wrestler to be made the undisputed top star of his promotion. This biography aims to restore JYD to his deserved place in the history books by looking at his famous feuds, the business backstories, and the life of the man outside the ring. The King of New Orleans recounts the story of how an area known for racial injustice became the home of wrestling's most adored African-American idol. A remarkable tale of a man still remembered on the streets of New Orleans and in the hearts of pro wrestling fans.

The Vikings maintain their grip on our imagination, but their image is too often distorted by myth. It is true that they pillaged, looted, and enslaved. But they also settl

traveled far from their homelands in swift and sturdy ships to explore. The Age of the Vikings tells the full story of this exciting period in history. Drawing on a wealth of archaeological evidence, Anders Winroth captures the innovation and pure daring of the Vikings without glossing over their destructive heritage. He not only explains the Vikings' military prowess but also looks at Viking endeavors in commerce, politics, discovery, and colonization, and reveals how Viking arts, literature, and religious thought evolved in ways unequalled elsewhere in Europe. The Age of the Vikings sheds new light on the complex society, culture, and legacy of these legendary seafarers.

This book will explore the life and exploits of one of the most fearsome Vikings who has ever walked the earth - Ivar the Boneless. The records that talk about him are often filled with mythical and historical figures. This book will do its best and take a closer look at his origins, family and his notable exploits. We will also catch a glimpse of his demeanor and behavior without moving away from the fact that he is one of the most ruthless men to ever invade England in the 9th century. It is our hope that you will enjoy and learn many new and exciting things about Ivar the Boneless!

In 865 AD a huge Viking army appeared out of the mists of the North Sea from Scandinavia and landed on the East Anglian coast. Their objective was nothing less than the conquest of Anglo-Saxon England and the whole of the British Isles. Numbering some 10,000 to 15,000 men the "Great Heathen Army" was the largest invasion force since Roman times on the shores of Britannia back in 43 AD. During a 14 year reign of terror they left a brutal trail of destruction in their wake. At its head the army was led by the vengeful adventurer, Ragnar Lodbrok "Hairy breeches." The mastermind behind the invasion became one of the most feared and cruel warlords of the Viking age, Ivar "the Boneless" who cast a dark cloud over the British Isles that ultimately led to the unification and creation of the nation state of England.

Although based on historical persons from the 9th century, Ragnar Lodbrok and his sons are the subjects of compelling legends dating from the Viking era. Warriors, raiders, and explorers, Ragnar and his sons inspired unknown writers to set down their stories over seven centuries ago. This volume presents new and original translations of the three major sagas that tell Ragnar's story: the Saga of Ragnar Lodbrok, the Tale of Ragnar's Sons, and the Sogubrot. Ragnar's death song, the Krakumal, and a Latin fragment called the List of Kings complete the story. Extensive notes and commentary are provided, helping the reader to enter the world of these timeless stories of Viking adventure.

Once there was another Sun and another Moon; a different Sun and a different Moon from the ones we see now. Sol was the name of that Sun and Mani was the name of that Moon. But always behind Sol and Mani wolves went, a wolf behind each. The wolves caught on them at last and they devoured Sol and Mani. And then the world was in darkness and cold. In those times the Gods lived, Odin and Thor, H ö dur and Baldur, Tyr and Heimdall, Vidar and Vali, as well as Loki, the doer of good and the doer of evil. And the beautiful Goddesses were living then, Frigga, Freya, Nanna, Iduna, and Sif. But in the days when the Sun and Moon were destroyed the Gods were destroyed too—all the Gods except Baldur who had died before that time, Vidar and Vali, the sons of Odin, and Modi and Magni, the sons of Thor.

Explore Captivating Viking Tales and Sagas Two captivating manuscripts in one book: Viking Sagas: The Captivating Tale of Ragnar Lothbrok, Ivar the Boneless, Lagertha, and More, in Their Historical Context Tales from the Viking Age: Captivating Legendary and Historical Sagas The period between the end of the eighth century CE and the middle of the eleventh is often called the "Viking Age" because this is the period in which Scandinavian people expanded their contacts with the outside world through trade, raiding, exploration, and colonization. The first manuscript of this book presents a version of Ragnar's saga compiled from different modern sources, along with information providing additional historical and documentary context, followed by a discussion of some aspects of modern appropriations and representations of ancient Norse culture. The first section of the first manuscript provides historical context for Ragnar's saga through an exploration of daily life in ninth-century Scandinavia and of contemporary Viking culture and history. The text of the saga itself forms the second part of the first manuscript, along with notes giving further information about how this version of the saga is presented and about elements within the story that might not be familiar to modern readers. The third section of the first manuscript deals with representations of ancient Norse cultures in modern popular media. The second manuscript in this book presents three Viking sagas. Two are legendary sagas, while the third is historical. Some of the topics covered in manuscript 1 of this book include: The World of Ragnar Lothbrok The Saga of Ragnar Lothbrok and His Sons Representations of Norse Myths and History in Modern Media The Clash of History and Drama in the History Channel Television Series Vikings And much more! Some of the topics covered in manuscript 2 of this book include: The Saga of King Heidrek the Wise Selections from The Saga of Ö rvar-Oddr The Voyages to Vinland Scroll up and click the "add to cart" button to discover captivating Viking tales and sagas!

Viking Mythology Have you ever wondered about the legendary Vikings that have been documented and portrayed across different channels of media? Do you know what history says about them and who they were, really? The mysterious and widely misunderstood Vikings have been explained clearly and completely in this book. For the lovers of ancient mythology, the book brings valuable insights into Norse and Celtic mythology - what they said about the Vikings, their culture, their polytheistic religion, and much more. In contrast to the common misconception about the Vikings that they were ruthless agnostics and brutes and not much more than that, the book provides valuable insight into the polytheistic religion of the Vikings and gives an in-depth knowledge about their culture - whether they did have a culture at all, and whether they were the brutes that most accounts of their existence and activities say they were? A mesmerizing tale revolving around the mysterious and profound Norse folklore and the beguiling lifestyle of the legendary Vikings. This book has connected all the pieces of the puzzle and presents a unique tapestry interwoven with multiple threads from the different sides of Norse mythology that contains all the answers about the legendary Vikings and their beliefs. To make a long story short, this book holds in it a beguiling and thrilling tale of the beliefs of an enchanting and historic population written

in a piquing manner. Viking Mythology provides: A detailed account of the Vikings - Origin, Culture, Religion, and Activities An insight into the polytheistic religion and culture of the Norse people - the Deities and the folklore A detailed account of all the Norse mythological and religious beliefs - from the conception of the world to the concept of nine alternate universes Fanciful tales about all the Norse mythological creatures and deities

Formed in 1933, the Gestapo became one of the most feared state forces of the Third Reich before and during World War II. Chronicling the history of the organization, from its origins to the brutal and horrific offences that it perpetrated on hundreds of thousands of people, to its eventual downfall, Gestapo is a compelling tale of power and destruction taken to their most terrifying extremes. Familiar in films as the ominous men wearing black leather trench coats seen arresting people on the flimsiest of pretexts, the true story of the Geheime Staatspolizei (or Gestapo for short) is even more frightening. Drawing on numerous sources, Gestapo explores how this secret state police force was born on 26 April 1933, the creation of Hermann Göring. Together with the Kriminalpolizei and the Sicherheitsdienst, the Gestapo would enforce a reign of terror on Germany and across much of Europe. Containing profiles of key figures and chilling tales of its death squads' sadistic efficiency - from the torture of Resistance members to mass murder in collaboration with the Einsatzgruppen - Gestapo shows how the organization thrived on Hitler's insecurity until, as the Allies triumphed, its members were eventually rounded up and, as far as possible, brought to justice.

A History of the Vikings

University Press returns with another short and captivating portrait of one of history's most compelling figures, Ivar the Boneless. Ivar the Boneless was so frail that he could not even stand without somebody holding him up, and he had to be carried on a shield whenever he went into battle. Yet he went on to become one of the most feared Vikings in history. Ivar the Boneless led the Great Heathen Army on its conquest of England and ushered in an era of Viking domination over Britain that would last until long after his death. To the terrorized British, he was a pagan demon sent from hell. To the proud Vikings, he was a living god with supernatural powers. This short book tells the intensely human story of a man who changed the world in a way that no one else could.

In 700 AD, a tribe of warriors left their homeland and struck out for glory & conquest.. They came to take no prisoners. Their eerie horns made a distinctive sound, and their fearsome longboats struck from out of nowhere.. The Vikings, their History & Mythology fascinates many because it speaks to something within us: The fight to succeed and to grow stronger. Make no mistake, these were not nice people, but much of their legacy was not just about pillaging and destruction. In this book, History Brought Alive reveals new insights into The Vikings. Join us on a rampage through their history, culture, myths and more! Blending historical accounts, tales and mythology. This is the definitive guide to the life and times of the Vikings. Atlantis - the mythical city that was first mentioned by Plato in his Timaeus and Critias. While largely believed to be fictional, Atlantis has made its way into literature and manages to flourish over the years. Through time, the myth became a legend that eventually enticed individuals to delve into this ancient city and find out whether Plato's references are mere fiction or actually a fact. In this book, you will find out the various arguments to and for the existence of Atlantis as well as the various theories on where it is located, why it disappeared, and the civilization rumored to exist within this island. You will also find out about the many theories surrounding the story of Atlantis and the islands thought to be what was left behind by this ancient civilization. You will learn of the characteristics of Atlantis as related by Plato and how they have been used as a literal map in order to find this utopian society.

Björn Ironside: The Extraordinary Viking Stories handed down in the oral tradition for centuries and later recorded by monks tell the tale of a powerful Viking who set out to conquer Rome. Björn Ironside became a legendary figure for the Norse people even as his European exploits were taking place. Today, little is known of Björn Ironside. His story is marked by inconsistencies and exaggerations, leaving the modern world to rely on conjecture to fill in the details of his life. Yet, we do know that Björn Ironside existed and that he eventually became King of Sweden. In addition to the historical record, archeological digs have uncovered a wealth of information about Vikings like Björn Ironside. We know details of the Vikings' everyday lives, their beliefs, how they made their tools and built their houses and ships, how they fought, and how they celebrated their victories. We also know the challenges they faced and can make educated guesses about why they ventured out to explore, trade, loot and pillage on a global scale. Björn Ironside was a member of a Viking family well-known for striking fear in the hearts of their enemies and victims alike. His father, Ragnar Lothbrok, is the subject of intense controversy among Norse scholars, some of whom believe he was not a single person but a composite character based on several historical figures. But, if Björn Ironside existed and was the son of Ragnar, it stands to reason that Ragnar Lothbrok was also a real person. With little to go on, the question may never be answered. So, while Björn Ironside's story includes many historically accurate facts, the best way to experience the power of the legend is to start with what we know is real and then follow the myths and legends into the shifting sands of historical probability. As you read this biography of Björn Ironside, we encourage you to let your mind wander from what certainly was to what might also have been true. Dive into the legend with an open mind and a willingness to accept the historical possibilities presented here. You may find that you gain a new admiration for Björn Ironside or you may be repelled by his actions. Either way, you will see for yourself why history took note of this incredible Viking chieftain. Once upon a time, there was a great Viking leader who set out to own the most powerful city in the world. That man was Björn Ironside, and his legend survives him by over 1000 years. What will you make of Björn? Only you can decide.

Ragnar Lothbrok and a History of the Vikings

Sons of Vikings tells the story of the Viking Age (793-1066 A.D.) through the lives of extraordinary people. Each chapter is a biography of Ragnar Lothbrok, Ivar the Boneless, Bjorn Ironside, Rollo, Brian Boru, Erik the Red, Floki, Leif Erikson, Lagertha, Alfred, Rurik, Sviatoslav, William the Conqueror, and many other heroes and villains. It provides an understanding of this pivotal historical period in a way that facts and chronologies alone cannot. Sons of Vikings is meticulously researched from almost 100 sources but is also not afraid to challenge conventional beliefs and offer new perspectives. It is the perfect introduction for the casual fan of Vikings in television and popular culture but also offers a new take for the well-read history enthusiast. From myths, legends, sagas, and stories, to the most-recent archeology and DNA research, this book brings the Viking Age to life.

Archaeologist Neil Oliver ventures beyond the myths about seafaring Norsemen to reveal the true lives of their chieftains, warlords, and explorers. The Vikings are infamous for taking no prisoners, relishing cruel retribution, and priding themselves on their bloodthirsty skills as warriors. But their prowess in battle is only a small part of their story, which stretches from their Scandinavian origins to America in the West and as far as Baghdad in the East. As the Vikings did not record their own history, we have to discover it for ourselves, and their tale, as Neil Oliver reveals, is an extraordinary story of a stalwart people who came from the brink of destruction to develop awesome seafaring power that reached a quarter of the way around the globe, building an empire that lasted nearly two hundred years. Drawing on discoveries that have only recently come to light, Oliver follows the Vikings' trail to uncover what drove them to embark on such extraordinary voyages more than 1,000 years ago. An epic tale of one of the world's great empires, The Vikings will fascinate all history buffs interested in finding out more about these real-life adventurers.

What do you know about Traveling Through Time & Space? Are you keen to learn about it? This book will tell you about Space and Time and it will explain vital terms in a simple yet factual way that does not blind the reader with science. It will tell you about the vitally important topics of the Solar System, Flight, and Light. It will introduce you to the fascinating topics of Black Holes, Dark Matter, and Wormholes, which are so important to anyone with an interest in Space & Time. The book finishes with Chapters about UFOs, both Modern and Ancient, who we believe carry those who have already mastered Space & Time, and a light-hearted look at those who see them as a Threat.

From the best-selling author of The Seven Daughters of Eve, a perfect book for anyone interested in the genetic history of Britain, Ireland, and America. One of the world's leading geneticists, Bryan Sykes has helped thousands find their ancestry in the British Isles. Saxons, Vikings, and Celts, which resulted from a systematic ten-year DNA survey of more than 10,000 volunteers, traces the true genetic makeup of the British Isles and its descendants, taking readers from the Pontnewydd cave in North Wales to the resting place of the Red Lady of Paviland and the tomb of King Arthur. This

illuminating guide provides a much-needed introduction to the genetic history of the people of the British Isles and their descendants throughout the world.

The Captivating Tale of Ragnar Lothbrok, Ivar the Boneless, Lagertha, and More, in Their Historical Context

The Complete Guide to Norse Gods and Viking Mythology Including Legends, Beliefs, Heroes, Myths and Fairy Tales

Percy Jackson meets Thor in a laugh-out-loud, action-packed adventure inspired by Norse mythology. Twelve-year-old Abby Beckett is proud to come from a long line of elite Viking warriors known as the Aesir. She's spent her entire life training to hunt the horrific creatures known as Grendels-the ancient foe of the Aesir-just like her mother did before she died. But there's just one, small problem: No one has seen a Grendel in centuries, and the Viking Council wants to disband the Aesir . . . forever. When her father is injured in an attack that leaves him in a coma, Abby is forced to take refuge at Vale Hall, a mysterious school in Minnesota where nothing is quite as it seems. She soon discovers the tables have turned and a Grendel is hunting her, but when she tries to alert the Viking Council, they accuse her of making up stories for attention . . . just like her mother did. Desperate to protect her father and clear her mother's name, Abby goes on a dangerous quest to discover the truth--a journey that brings her face-to-face with some unlikely foes, including a Ping-Pong-playing sea monster with a wicked backhand, and a dark Valkyrie with a fondness for bingo. Abby quickly realizes that someone at the school is trying to stop her progress and destroy the Aesir for good. And only she can unravel the sinister plot before it's too late.

Whether they focus on Thor's powerful hammer, the mysterious valkyries, the palatial home of the gods - Asgard - or ravenous wolves and fierce elemental giants, the Norse myths are packed with vivid incident. But at the centre of their cosmos stands a gnarled old ash tree from which all distances and times are measured. When the old tree creaks, Ragnarok - the end of the world and of the gods themselves - is at hand. It is from this tree that Odin, father of the gods, hanged himself in search of the wisdom of the dead: a disturbing image of divine sacrifice far removed from the feasting and fighting of his otherworld home, Valhalla. This is the first book to show how the Norse myths have resonated from era to era: from Viking-age stories of ice and fire to the epic poetry of Beowulf; and from Wagner's "Ring" to Marvel Comics' "Mighty Thor". Heather O'Donoghue considers the wider contexts of Norse mythology, including its origins, medieval expression and reception in post-medieval societies right up to the present. "From Asgard to Valhalla" is a book that will intrigue and delight anyone with an interest in how the Norse myths have so profoundly shaped the western cultural heritage.

The landscape of this dark and powerful story is the ancient world of Assyria some 3000 years ago, a time when writing was in the world's oldest script, cuneiform, and the domination of unseen forces firmly in the hands of the state's leading Exorcist. In the capital, Nineveh, resides a deep and complex man, the power behind the King of the World. Faced with unforeseen disaster that threatens his authority, he emerges as a psychopathic killer. The author uses his familiarity with ancient writings preserved in the world's museums to recreate a vanished world in which those who step from the shadows in ruthless violence to pursue ultimate control show themselves at the same time to be disconcertingly human. The tight prose and graphic illustrations make this a gripping and unusual tale not of this world, but at the same time weirdly familiar.

"The Story of Our Submarines" by John Graham Bower. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten?or yet undiscovered gems?of world literature, we issue the books that need to be read. The Vikings Reimagined explores the changing perception of Norse and Viking cultures across different cultural forms, and the complex legacy of the Vikings in the present day. Bringing together experts in literature, history and heritage engagement, this highly interdisciplinary collection aims to reconsider the impact of the discipline of Old Norse Viking Studies outside the academy and to broaden our understanding of the ways in which the material and textual remains of the Viking Age are given new meanings in the present. The diverse collection draws attention to the many roles that the Vikings play across contemporary culture: from the importance of Viking tourism, to the role of Norse sub-cultures in the formation of local and international identities. Together these collected essays challenge the academy to rethink its engagement with popular reiterations of the Vikings and to reassess the position afforded to 'reception' within the discipline.

The curiously-named Ivar the Boneless was one of the fiercest Viking leaders who ever lived. Despite failing in his quest to settle Britain, he was at the head of the biggest Viking invasion ever staged, and, it is said, never lost a battle. Suitable for readers aged 8+, each book in History Starting Points explores the life and times of a key historical figure, from Alfred the Great to Hatshepsut. It tells the story of the subject's life, using vital primary source material, such as what contemporary people wrote about the figure. Alongside this, each book builds up a vivid picture of the historical era in which the person lived, from Anglo-Saxon Britain to the civilisations of ancient Greece and Egypt. Included throughout are cross-curricular links to other key subject areas such as literacy, science or geography, and the text is supported by cartoon, myths and legends and fun craft projects to make.

In AD 793 Norse warriors struck the English isle of Lindisfarne and laid waste to it. Wave after wave of Norse 'sea-wolves' followed in search of plunder, land, or a glorious death in battle. Much of the British Isles fell before their swords, and the continental capitals of Paris and Aachen were sacked in turn. Turning east, they swept down the uncharted rivers of central Europe, captured Kiev and clashed with mighty Constantinople, the capital of the Byzantine Empire. But there is more to the Viking story than brute force. They were makers of law - the term itself comes from an Old Norse word - and they introduced a novel form of trial by jury to England. They were also sophisticated merchants and explorers who settled Iceland, founded Dublin, and established a trading network that stretched from Baghdad to the coast of North America. In The Sea Wolves, Lars Brownworth brings to life this extraordinary Norse world of epic poets, heroes, and travellers through the stories of the great Viking figures. Among others, Leif the Lucky who discovered a new world, Ragnar Lodbrok the scourge of France, Eric Bloodaxe

who ruled in York, and the crafty Harald Hardrada illuminate the saga of the Viking age - a time which “ has passed away, and grown dark under the cover of night ” .

Ragnar Lothbrok: The Tale of a Viking Warrior King delves into the mystery surrounding the Viking warrior who conquered European nations and became a king in his own right. Over nine centuries after the death of this great warrior, ancient poems, songs, and sagas about him still remain today. This audiobook considers the facts as we know them, the myths attributed to Ragnar, and the way this iconic heathen from the north continues to impact modern culture today. This audiobook will discuss: The historical facts and suppositions surrounding this Viking of legend The retelling of the Saga of Ragnar and his three wives How Ragnar ’ s sons became an integral part of the legend that Ragnar represents, and the stories that they inspired How, despite centuries of time, Ragnar and Vikings of his time helped shape ideas and common traditions that are still held onto today This audiobook is both fact and fictional recount and is dedicated to Ragnar and his enduring, legendary status in history.

A Legendary History of the Viking Age

Norse Mythology A mesmerizing tale revolving around the mysterious and profound Norse folklore and the beguiling lifestyle of the legendary Vikings. This book has connected all the pieces of the tapestry interwoven with multiple threads from the different sides of Norse mythology that contains all the answers about the legendary Vikings and their beliefs. In contrast to the common myth that they were ruthless agnostics and brutes and not much more than that, the book provides valuable insight into the polytheistic religion of the Vikings and gives an in-depth knowledge about their culture at all, and whether they were the brutes that most accounts of their existence and activities say they were? Find out the truth about the Vikings and how they are actually portrayed by the world out of their country and how they conducted raids across the globe and conquered areas? This book covers everything from the Norse Gods to the sumptuous heaven perceived by the Norse men where the most honorable warriors live - the magnificent Valhalla. In Norse mythology, there is a unique approach towards all the heavenly and godly creations as well as phenomena. The dividing lines, as well as the changing shades of weather, are described. The origin of every object and every phenomenon in the world has a fanciful tale attached to it in the unique and mysterious Norse mythology believed in, centuries ago. To make a long story short, this book holds in it a beguiling and thrilling tale of the beliefs of an enchanting and historic population written in a piquing manner. This Norse Mythology is a detailed account of the Vikings - Origin, Culture, Religion, and Activities. An insight into the polytheistic religion and culture of the Norse people - the Deities and the folklore A detailed account of Norse religious beliefs - from the conception of the world to the concept of nine alternate universes Fanciful tales about all the Norse mythological creatures and deities

This fascinating new book reveals the origins of the Vikings—from Thor and Leif Erikson to Loki and the Valkyries—and the tales that have influenced our own lives. For thousands of years, Viking culture—their distinct appearance, their mighty longships, their reputation for causing death and destruction. But who were these strange and mysterious folk? The Book of Viking Myths retells the tales with myths of their gods and goddesses, monsters, and great heroes. From tales of the beautiful and powerful Freyja, to the gold-toothed Heimdallr, to the wolf Fenrir, Peter Archer explores all of Norse mythology. Along with these legends of seafaring, dwarves, giants, and the exploits of Thor, you will also discover the influences that Viking culture has had on our own lives. It's a true eye-opening glimpse into the history and lore of these fabled Nordic warriors.

Born and raised in a stark, coastal village on the shore of the Ice-Rimmed Sea, Bera is the daughter of a Valla, the Vikings' most powerful seers. But her mother died when she was young, leaving her unable to control her feckless twin spirit or understand her visions of the future. When this inability leads to the death of her childhood friend at the hands of a rival clan, Bera vows revenge. And learning to control her powers through marriage with the murderous enemy's chieftain, she is presented with an opportunity even sooner than she had hoped... As her powers grow stronger, her visions of looming disaster become more acute. Bera is faced with the ultimate choice: will she exact vengeance? Or can she lead her people to safety before it's too late?

"The popular TV show may have popularized Ragnar's story but the real facts are not very well known. Discover the truth behind this Viking Warrior and the rich history of the Vikings."--Publisher
