

Invest Like A Pro: A 10 Day Investing Course

The daughter of finance wizard Jerry Goodman, host of Adam Smith's Money World, shares her hip, practical tips on investing for women in their 20s and 30s If you know how to deal with a bad hair day, then you have what it takes to be a smart investor. That's the message behind this funny yet truly useful investment guide filled with basic facts, helpful hints, and "chick wisdom." Author Susannah Goodman's smart and sassy investment guide reviews the basics, from stocks and bonds to mutual funds and money markets, in chapters entitled "One Size Doesn't Fit All," "Bonding with Bonds," and "Fabulous Money Makeovers." Interviews with such financial giants as Warren Buffett, Amy Domini, and Sharon Rich offer invaluable, expert advice. Best of all, Goodman's common sense approach assures women that they already know more than they think about smart investing. It's as easy--and important--as shopping for the perfect little black dress.

Learn how to protect and grow your wealth with this commonsense guide to investing You manage your own money. You understand the basics of investing and diversifying your portfolio. Now it's time to invest like a pro for greater profits—with investment expert David Stein, host of the popular weekly podcast, "Money for the Rest of Us." He's created a unique ten-question template that makes it easy for individual investors like you to:
• Invest more confidently
• Feel less overwhelmed
• Build a stronger portfolio
• Avoid costly mistakes
• Plan and save for retirement Despite what many people believe, you don't need to be a successful investor. With Stein as your personal money mentor, you'll learn how to make smarter, more informed decisions that can help reduce your risk and increase your gains by following a few simple rules for analyzing any investment. This is how the professionals grow their wealth and how you can, too. This is Money for the Rest of Us.

Are you ready to go from beginner to pro investor? If your answer is yes, you are in the right place. How to be a beginner and invest like a pro is more than just another book on how to create successful investments. It is far more than just giving ways by which to invest. This book uses tried and true practices to teach individuals ways to invest practically so as to increase their rate of success and decrease their risks. The principles provided are also straightforward and easy to understand. The world of investing is not an easy or hard place, really the difference between a successful investor and one less successful is their knowledge and experience. This book was written to give everyone the information they need to help them lead the playing field and get started on the fast track to fruitful investing. By reading this book you will find that it can be easy to conquer this arena as you will learn the information necessary to do so and more.

"I can't recommend this book enough highly." Scott explains the basic of investing in simple English. It's solid advice, the kind you rarely get from the talking heads on TV, radio, and the rest of the media. Scott backs it all up with good solid research; this is not his opinion, it's facts, but presented in a way that your Grandmother could understand." - Dr. Barry H. Kaplan, EA, CFP, Chief Investment Officer, Cambridge Wealth Counsel Are you worried and stressed out about not having enough money to retire? Do you have fear of losing your money? Are you unsure of how to build wealth for the long term? Or maybe you've been thinking of investing for quite some time now, and you just don't know how to get started. The whole thing seems too complex and overwhelming. This conversational and action oriented book is for people who want to get started investing (or are thinking about it), but have never understood why or how - no matter your age or how much money you have to invest. Investing has always been made out to be difficult for you, and you think you couldn't do it yourself, much less retire rich. Every time you think about it, you get overwhelmed and afraid of making a costly mistake. You know the drill. You get ready to do something - maybe on your own or in your employer's retirement plan. Then ... You find yourself lost in all the jargon and get-rich-quick schemes. You have no idea what to do. After some time, you give up and just let whatever money you have sit in a savings account earning no interest. Or worse - you ask somebody else to do it for you and trust it will turn out ok (hint - it won't). There are TONS of myths, misconceptions, and flat-out lies out there about how difficult it is to build wealth. 99 Minute Millionaire busts those myths and challenges everything you've been told about investing. This book contains proven solutions that every new and experienced investor needs to know - no matter what financial challenges you face. 99 Minute Millionaire Gives You The Path To Building Wealth Why many investors fail, and how you can ensure you don't How you can make the most money with very little work Important decisions every investor should be aware of 14 common and costly mistakes investors make How to manage your money like a pro The truth about financial advisors and investing professionals And much more! Follow the advice given in this book and by the end, after putting what I have to say into action, you will be a better investor than most professionals. Best of all, the rest of your life doesn't have to be put on hold to do it either! This book shows you how you can continue to spend most of your time doing what you love instead of struggling to manage your money. Before your buy the book, I have one question for you: What's stopping you from taking 99 minutes to improve the quality of your finances and put you on the path to financial freedom? Scroll to the top and click the "buy now" button and you will become a great investor-- and have your money make you money.

The Simplest and Easiest Book Ever on Getting Started Investing and Becoming Rock Star Rich

Invest Like A Pro

A Beginner's Guide to Investing

Trump University Real Estate 101

How to Invest Like A Pro

INVEST Like a Pro, Kid - Managing the Pie

The classic guide to constructing a solid portfolio—without a financial advisor! “With relatively little effort, you can design and assemble an investment portfolio that, because of its wide diversification and minimal expenses, will prove superior to the most professionally managed accounts. Great intelligence and good luck are not required.” William Bernstein’s commonsense approach to portfolio construction has served investors well during the past turbulent decade—and it’s what made The Four Pillars of Investing an instant classic when it was first published nearly a decade ago. This down-to-earth book lays out in easy-to-understand prose the four essential topics every investor must master: the relationship of risk and reward, the history of the market, the psychology of the investor and the market, and the jolly of taking financial advice from investment salespeople. Bernstein pulls back the curtain to reveal what really goes on in today’s financial industry as he outlines a simple program for building wealth while controlling risk. Straightforward in its presentation and generous in its real-life examples, The Four Pillars of Investing presents a non-nonsense discussion of: The art and science of mixing different asset classes into an effective blend The dangers of actively picking stocks, as opposed to investing in the whole market Behavioral finance and how state of mind can adversely affect decision making Reasons the mutual fund and brokerage industries, rather than your partners, are often your most direct competitors Strategies for managing all of your assets—savings, 401(k)s, home equity—as one portfolio Investing is not a destination. It is a journey, and along the way are stockbrokers, journalists, and mutual fund companies whose interests are diametrically opposed to yours. More relevant today than ever, The Four Pillars of Investing shows you how to determine your own financial direction and assemble an investment program with the sole goal of building long-term wealth for you and your family.

Every stock market investor needs to be able to calculate value, profits, and cash flow in order to make basic decisions like whether to buy, hold, or sell. But it's easy to get intimidated by all the ratios and formulas, especially when incorrect calculations can lead to costly investment mistakes. he Stock Investor's Pocket Calculator simplifies the math behind successful equity investing. Containing over 100 ratios and formulas, the book translates them into plain English, breaks them down into simple steps, and places them side-by-side with practical examples. Readers will learn how to:
• Judge portfolio value
• Assess corporate strength or weakness (both cash flow and profitability)
• Follow revenue and earnings trends
• And more. Filled with worksheets, checklists, visual aids, and examples, this is a must-have guide for anyone investing in the stock market.

The most fun you can have learning about the world of investing. Great if you are completely new to this or even if you are experienced and looking for an easy way to teach this to your kids. There are no stock picks or specific recommendations. Rather the goal is to empower you with perspective so you can make your own smart investing decisions, and build a solid foundation for you and your kid's financial future.

This is the 4th book in the "INVEST Like A Pro, Kid" series, where we talk about managing the whole pie, trying to achieve good balance, so we can survive in this exciting game of investing.

Whether you're just getting started or you want to manage your money more closely, you can invest smarter and Andrew will tell you how. You'll learn: - Which investments you should hold to have a truly diversified portfolio - Ways to choose the best stocks and know when to buy and when to sell How to make sense of the current economic climate and invest accordingly - The best ways to minimize risk and protect your investments Andrew's blend of expertise and spot-on advice has landed him in numerous national newspapers and on shows like CNBC and The Daily Show With Jon Stewart. Discover what millions of Winning Investor podcast fans already know: Andrew's straight-shooting style, real-life examples, and quick and dirty tips take the mystery out of the market, put you on the surefire path to investing success, and make the life and future you've been dreaming of yours for the taking

This is the 2nd book in the "Invest Like A Pro, Kid" series. In this book, we dive into debt and see how understanding debt helps us lead to establishing a clear investment goal. There are no stock picks or recommendations in this book.

You Can Invest Like A Stock Market Pro is a how-to guide to help investors obtain market-beating returns from investing in stocks in the same manner that the stock market pros do to amass their fortunes. Because of the Great Recession that struck in 2007, many Americans have become leery about investing in the stock market. In an article written in USA Today by Al Neuharth in March of 2013, he states, "Most of us hope to get richer as life goes on. All of us should realize that the surest way to do that is by smart and regular investments in the stock market." Investing in the stock market is still one of the most effective ways for most people to get rich and best of all, a high IQ isn't needed to do so. Investors simply need to know how to invest the right way since most people invest the wrong way. You Can Invest Like A Stock Market Pro teaches investors how to invest the right way. It teaches investors how to invest like a stock market pro. Here's just a few of the exciting things taught within this book: How to pick stocks like the pros, how and where to find money to start an investment program, how to develop the mindset of the master investors, how to reduce risk while maximizing profits, how to use stock screeners to locate those hard-to-find hidden gems, how to use free powerful tools of the trade to gain an investor's edge, how to consistently beat the market over the long-term, and much, much more exciting information to put investors on a path to building wealth like the pros.

Every investor who asks make so much money? (Hint: It's NOT risk, it's fast, and YOU can copy them.... No matter how broke or new you are.) You might be thinking that the only way to invest in real estate is by buying a property, then selling it or renting it out. But what if you don't have the time or inclination to do labor-intensive renovations and regular maintenance? You've most likely read the gurus or listened to the gurus discussing how millions were made by flipping houses or wholesaling. However, these methods normally entail extensive work, in-depth research, or a whole lot of money (be it yours or someone else's). Owning property in itself involves plenty of challenges and out-of-pocket expenses. But what if there was a way to reap the income-generating benefits of real estate without experiencing the pitfalls? Enter mortgage note investing - an investment strategy so risk-free that even banks do it. This type of investment is secured by real estate - assets that are likely to appreciate - thus giving you a good exit strategy if the borrower defaults. It's a less popular but highly lucrative real estate investment... if you know how to do it right. Fortunately, even if it's the first time you've heard of note investing, you can get right up to speed with this complete beginner's guide that will lay out all you need to know. In Invest Like A Bank, here is just a fraction of what you will discover: How you can make money while helping distressed homeowners avoid losing their home An ideal starting point to note investing that doesn't involve a lot of money and can give you immediate feedback on your due diligence The one type of collateral you should never accept, no matter how profitable the investment seems How to figure out the right type of mortgage notes to invest in that will fit your budget, lifestyle, and preference Step-by-step calculations you can easily follow to check whether you're getting your money's worth The 3 main criteria you should consider when choosing a city to invest in to avoid future headaches How to capitalize on your LinkedIn connections to gain access to great deals and widen your investor network How to protect your money from scammers by ensuring you have this type of investment in writing When to sell mutual funds How to avoid bad mutual fund investments and Much Much More! Mutual Fund Investing is your essential reference book for learning the inside secrets to investing like a pro. If you like clearly explained concepts, well-organized sections that cut to the chase, and expert advice to grow your portfolio, you'll love this life-changing manual. Grab a copy of Mutual Fund Investing today!

WOULD N'T IT BE GREAT IF YOU COULD WATCH YOUR OWN MONEY GROW! ITSELF TO EXPONENTIAL PROPORTIONS? ISN'T IT EVERYONE'S DREAM TO ACHIEVE WEALTH? Unfortunately, having a regular office job these days does not guarantee that you could maximize your income potential. Costs of goods have constantly been going through the roof that it has become difficult to truly live the life you want.

The good news is that you can start taking control of your own wealth and make your money work for you! Investing is your friend. While the prospect of dabbling into investments may seem difficult for beginners or even those who have some knowledge, the rewards can be amazing. This book will teach you how to begin investing like a pro through detailed strategies and techniques.

Investing in the stock market is still one of the most effective ways for most people to get rich and best of all, a high IQ isn't needed to do so. Investors simply need to know how to invest the right way since most people invest the wrong way. You Can Invest Like A Stock Market Pro teaches investors how to invest the right way. It teaches investors how to invest like a stock market pro. Here's just a few of the exciting things taught within this book: How to pick stocks like the pros, how and where to find money to start an investment program, how to develop the mindset of the master investors, how to reduce risk while maximizing profits, how to use stock screeners to locate those hard-to-find hidden gems, how to use free powerful tools of the trade to gain an investor's edge, how to consistently beat the market over the long-term, and much, much more exciting information to put investors on a path to building wealth like the pros.

Every investor who asks make so much money? (Hint: It's NOT risk, it's fast, and YOU can copy them.... No matter how broke or new you are.) You might be thinking that the only way to invest in real estate is by buying a property, then selling it or renting it out. But what if you don't have the time or inclination to do labor-intensive renovations and regular maintenance? You've most likely read the gurus or listened to the gurus discussing how millions were made by flipping houses or wholesaling. However, these methods normally entail extensive work, in-depth research, or a whole lot of money (be it yours or someone else's). Owning property in itself involves plenty of challenges and out-of-pocket expenses. But what if there was a way to reap the income-generating benefits of real estate without experiencing the pitfalls? Enter mortgage note investing - an investment strategy so risk-free that even banks do it. This type of investment is secured by real estate - assets that are likely to appreciate - thus giving you a good exit strategy if the borrower defaults. It's a less popular but highly lucrative real estate investment... if you know how to do it right. Fortunately, even if it's the first time you've heard of note investing, you can get right up to speed with this complete beginner's guide that will lay out all you need to know. In Invest Like A Bank, here is just a fraction of what you will discover: How you can make money while helping distressed homeowners avoid losing their home An ideal starting point to note investing that doesn't involve a lot of money and can give you immediate feedback on your due diligence The one type of collateral you should never accept, no matter how profitable the investment seems How to figure out the right type of mortgage notes to invest in that will fit your budget, lifestyle, and preference Step-by-step calculations you can easily follow to check whether you're getting your money's worth The 3 main criteria you should consider when choosing a city to invest in to avoid future headaches How to capitalize on your LinkedIn connections to gain access to great deals and widen your investor network How to protect your money from scammers by ensuring you have this type of investment in writing When to sell mutual funds How to avoid bad mutual fund investments and Much Much More! Mutual Fund Investing is your essential reference book for learning the inside secrets to investing like a pro. If you like clearly explained concepts, well-organized sections that cut to the chase, and expert advice to grow your portfolio, you'll love this life-changing manual. Grab a copy of Mutual Fund Investing today!

Over the past few decades, certified financial planner Andrew Horowitz has helped countless clients make loads of money in the market; now he's written a basic guide to determining your investing philosophy and the basic difference among quantitative, fundamental, and technical analysis. The Four Pillars of Investing: Lessons for Building a Winning Portfolio

INVEST Like a Pro, Kid - Placing the Trade

Investing: Invest Like A Pro: Stocks, ETFs, Options, Mutual Funds, Precious Metals and Bonds

How is it possible that an \$80 investment made one man a millionaire? How did two people bring their investors a 2,700% return while taking a country out of debt? This book will answer those questions and more, as it teaches you to master the money game. You see, money is just an idea—a game, if you like, with rules. Its main purpose is to mark social agreements between people; it's a promise to return the face value of the money when presented at a future date. But what most people don't know is that the system rewards creativity and risk takers; these people tend to be entrepreneurs who are willing to add value to money, and to take chances in business. This book reveals to you how to play the money game to win by continually adding more value to the world. Also demonstrates the amazing power of The Rubik's Cube Philosophy (TRCP) to completely change your life. And there's so much more This timely masterpiece sheds light on the investing world in such a unique way that the book has become a must read.

As you have probably noticed, there are quite a few investing books out there. Many of them were written by some of the world's greatest investors. So, why should you read our book? Stock investing is more prevalent than ever, whether directly or indirectly through brokerage accounts, exchange-traded funds, mutual funds, or retirement plans. Despite this, the vast majority of individual investors have no training on how to pick stocks. And, until now, there hasn't been a truly accessible, easy-to-understand resource available to help them. The Little Book of Investing Like the Pros was written to fill this void. We believe the simplicity and accessibility of our stock picking framework is truly unique. Using real-world examples and actual Wall Street models used by the pros, we teach you how to pick stocks in a highly accessible, step-by-step manner. Our goal is straightforward—to impart the skills necessary for finding high-quality stocks while protecting your portfolio with risk management best practices. Our practical approach is designed to help demystify the investing process, which can be intimidating. This training will help set you apart from others who are largely flying blind. Pilots require extensive training before receiving a license. Doctors must graduate medical school, followed by a multi-year residency. Even those providing professional investment advice require certification. But, anyone can buy a stock without any training whatsoever. While buying stocks on a hunch and a prayer may not endanger your life, it can certainly put your finances at risk.

Learn how to invest and create additional streams of income. You can be successful and have the life of your dreams.
