

Kill Shot: The Reacher Experiment Book 4 (The Jack Reacher Experiment)

There's only one Jack Reacher... Or is there? Former United States Navy Master at Arms Rock Wahlman is about to discover some things about himself that he never would have imagined. Some things that nobody would have imagined. Some disturbing things. Unsettling. Life-altering... And life-threatening. Note: The use of the name Jack Reacher, along with the use of story situations and supporting characters from the Jack Reacher universe, authorized by Lee Child. While sometimes referenced in the context of the story, the Jack Reacher character remains offstage in Dead Ringer: The Jack Reacher Experiment Book 1.

"It is close to midnight on a Saturday night when Jack Reacher gets off a bus at the Greyhound station in Nashville. Reacher is in no hurry. He has no appointments to keep. No people to see. No scores to settle. Not yet anyway. But in the early morning hours, under particular circumstances, a familiar thought will be snaking through his sharp, instinctual lizard brain: A voice in his head telling him to walk away. Of course, this wouldn't be the first time he listened to his gut instead. Meanwhile, seventy-five miles south and west of Music City is a sleepy little town where a recently-fired guy nurses a grudge that will fester into fury—and a desire for payback. But who is watching him, standing guard over a long-buried secret, ready to strike before it can be revealed? If you don't have a sense of the danger you're in, then it's best to have Reacher"--**Best Book of 2020** New York Times (NPR | New York Post "This hushed suspense tale about thwarted dreams of escape may be her best one yet . . . Its own kind of masterpiece." --Maureen Corrigan, The Washington Post "A new Tana French is always cause for celebration . . . Read it once for the plot; read it again for the beauty and subtlety of French's writing." --Sarah Lyall, The New York Times Cal Hooper thought a fixer-upper in a bucolic Irish village would be the perfect escape. After twenty-five years in the Chicago police force and a bruising divorce, he just wants to build a new life in a pretty spot with a good pub where nothing much happens. But when a local kid whose brother has gone missing arm-twists him into investigating, Cal uncovers layers of darkness beneath his picturesque retreat, and starts to realize that even small towns shelter dangerous secrets. "One of the greatest crime novelists writing today" (Vox) weaves a masterful, atmospheric tale of suspense, asking how to tell right from wrong in a world where neither is simple, and what we stake on that decision.

The Navy SEALs trained him. A secret unit of the NCIS recruited him. Enemies fear him.?For elite undercover operative Jack Widow, the news that someone shot his mother, a small-town sheriff, will unleash him in #1 bestselling author Scott Blade's explosive series starter. ?Pulled off an undercover assignment, Widow returns home to a small town in Mississippi—a place he tried to forget.?Taken to be a worthless drifter by the locals, Widow uses his skills to uncover the truth about his mother's last investigation. Nicholas Colt's career as a lead guitarist ended with a crushed hand, and his career as a licensed private investigator ended with a narcotics conviction. Since then, he has had some luck making money under the table as a "security consultant." But good luck has a habit of going bad for Colt. Like when he takes the case of an affluent young accountant who has received a threatening letter, a mandate to come and play an ultraviolent video game called Snuff Tag 9. Colt figures the letter is a scam, but a psychotic four-hundred-pound billionaire known only as Freeze quickly proves him wrong. Freeze, it seems, is populating his version of the game with real people. Kidnapped and outfitted with a device that will stop his heart if he refuses to join in, Colt finds himself deep in the Okefenokee Swamp hunting and being hunted by eight people he has never met, has nothing against and must kill to survive.

Meet Jack Reacher's genetic duplicate. And the assassins determined to track him down... Rock Wahlman: Forty-one years old, United States Navy Master at Arms, E-8, retired. DOB 14 October 2057. Grew up in an orphanage, recently discovered that he is the product of a human cloning experiment, an exact genetic duplicate of a former army officer named Jack Reacher. Now someone wants all evidence of the experiment to be erased, which means that someone wants Wahlman to be erased. He's on the run, desperate to survive, desperate to learn the truth about why all this is happening... Note: The use of the name Jack Reacher, along with the use of story situations and supporting characters from the Jack Reacher universe, authorized by Lee Child. While sometimes referenced in the context of the story, the Jack Reacher character remains offstage in The Reacher Experiment Books 1-7.

All the science in Breaking Bad—from explosive experiments to acid-based evidence destruction—explained and analyzed for authenticity. Breaking Bad's (anti)hero Walter White (played by Emmy-winner Bryan Cranston) is a scientist, a high school chemistry teacher who displays a plaque that recognizes his "contributions to research awarded the Nobel Prize." During the course of five seasons, Walt practices a lot of ad hoc chemistry—from experiments that explode to acid-based evidence destruction to an amazing repertoire of methodologies for illicit meth making. But how much of Walt's science is actually scientific? In The Science of "Breaking Bad," Dave Trumbore and Donna Nelson explain, analyze, and evaluate the show's portrayal of science, from the pilot's opening credits to the final moments of the series finale. The intent is not, of course, to provide a how-to manual for wannabe meth moguls but to decode the show's most head-turning, jaw-dropping moments. Trumbore, a science and entertainment writer, and Nelson, a professor of chemistry and Breaking Bad's science advisor, are the perfect scientific tour guides. Trumbore and Nelson cover the show's portrayal of chemistry, biology, physics, and subdivisions of each area including toxicology and electromagnetism. They explain, among other things, Walt's DIY battery making; the dangers of Mylar balloons; the feasibility of using hydrofluoric acid to dissolve bodies; and the chemistry of methamphetamine itself. Nelson adds interesting behind-the-scenes anecdotes and describes her work with the show's creator and writers. Marius Stan, who played Bogdan on the show (and who is a PhD scientist himself) contributes a foreword. This is a book for every science buff who appreciated the show's scientific moments and every diehard Breaking Bad fan who wondered just how smart Walt really was.

The Complete Series

The #1 New York Times bestselling sequel to Words of Radiance, from epic fantasy author Brandon Sanderson at the top of his game. In Oathbringer, the third volume of the New York Times bestselling Stormlight Archive, humanity faces a new Desolation with the return of the Voidbringers, a foe with numbers as great as their thirst for vengeance. Dalinar Kholin’s Alethi armies won a fleeting victory at a terrible cost: The enemy Parshendi summoned the violent Everstorm, which now sweeps the world with destruction, and in its passing awakens the once peaceful and subservient parshmen to the horror of their millennia-long enslavement by humans. While on a desperate flight to warn his family of the threat, Kaladin Stormblesse must come to grips with the fact that the newly kindled anger of the parshmen may be wholly justified. Nestled in the mountains high above the storms, in the tower city of Urithiru, Shallan Davar investigates the wonders of the ancient stronghold of the Knights Radiant and unearths dark secrets lurking in its depths. And Dalinar realizes that his holy mission to unite his homeland of Alethkar was too narrow in scope. Unless all the nations of Roshar can put aside Dainar’s blood-soaked past and stand together—and unless Dalinar himself can confront that past—even the restoration of the Knights Radiant will not prevent the end of civilization. Former assassin Raena Zacari thinks she’s left the past behind. The Imperial torturer who trained her is dead, the human empire is disbanded, and she is finally free. But Raena is troubled by a series of nightmares that always seem to end with her shooting an ex-lover in the head. She needs to get her mind clear because there’s a flaw in the most commonly used starship drive—and the band of media-obsessed pirates she’s fallen in with is right at the heart of the controversy. With humanity scattered across the galaxy, she’s going to have to rely on the alien crew members of the Veracity to help her put the pieces together. It doesn’t help that the Templars- wiped out in a genetic plague while Raena was imprisoned-have left booby-trapped biotechnology scattered across the galaxy.

Now complete with daily prompts to reflect on each day of a month-long, alcohol-free plan, the author of This Naked Mind helps readers challenge their thinking, find clarity, and form new habits. Changing your habits can be hard without the right tools. This is especially true for alcohol because habits are, by definition, subconscious thought processes. Through her methodical research of the latest neuroscience and her own journey, Annie Grace has cracked the code on habit change by addressing the specific ways habits form. This unique and unprecedented method has now helped thousands redefine their relationship to drinking painlessly and without misery. In The Alcohol Experiment, Annie offers a judgment-free action plan for anyone who’s ever wondered what life without alcohol is like. The rules are simple: Abstain from drinking for 30 days and just see how you feel. Annie arms her readers with the science-backed information to address the cultural and emotional conditioning we experience around alcohol. The result is a mindful approach that puts you back in control and permanently stops cravings. With a chapter and journal prompt devoted to each day of the experiment, Annie presents wisdom, tested strategies, and thought-provoking information to supplement the plan and support your step-by-step success as you learn what feels good for you. It's your body, your mind, and your choice.

This is a book for cinephiles, pure and simple. Author and filmmaker, Jim Piper, shares his vast knowledge of film and analyzes the most striking components of the best movies ever made. From directing to cinematography, from editing and music to symbolism and plot development, The Film Appreciation Book covers hundreds of the greatest works in cinema, combining history, technical knowledge, and the art of enjoyment to explain why some movies have become the most treasured and entertaining works ever available to the public, and why these movies continue to amaze viewers after decades of notoriety. Read about such classic cinematic masterpieces as Citizen Kane, Gandhi, Midnight Cowboy, Easy Rider, True Grit, Gone With the Wind, and The Wizard of Oz, as well as more recent accomplishments in feature films, such as Requiem for a Dream, Munich, The King’s Speech, and The Hurt Locker. Piper breaks down his analysis for you and points out aspects of production that movie-lovers (even the devoted ones) would never recognize on their own. This book will endlessly fascinate, and by the time you get to the last chapter, you’re ready to start all over again. In-depth analysis and thoughtful and wide-ranging film choices from every period of cinema history will ensure that you never tire of this reading companion to film. Allworth Press, an imprint of Skyhorse Publishing, publishes a broad range of books on the visual and performing arts, with emphasis on the business of art. Our titles cover subjects such as graphic design, theater, branding, fine art, photography, interior design, writing, acting, film, how to start careers, business and legal forms, business practices, and more. While we don't aspire to publish a New York Times bestseller or a national bestseller, we are deeply committed to quality books that help creative professionals succeed and thrive. We often publish in areas overlooked by other publishers and welcome the author whose expertise can help our audience of readers.

Kill Shot

America has enemies--ruthless people that the police, the FBI, even the military can't stop. That's when the U.S. government calls on Will Robie, a stone cold hitman who never questions orders and always nails his target. But Will Robie may have just made the first--and last--mistake of his career . . . THE INNOCENT It begins with a hit gone wrong. Robie is dispatched to eliminate a target unusually close to home in Washington, D.C. But something about this mission doesn't seem right to Robie, and he does the unthinkable. He refuses to kill. Now, Robie becomes a target himself and must escape from his own people. Fleeing the scene, Robie crosses paths with a wayward teenage girl, a fourteen-year-old runaway from a foster home. But she isn't an ordinary runaway--her parents were murdered, and her own life is in danger. Against all of his professional habits, Robie rescues her and finds he can't walk away. He needs to help her. Even worse, the more Robie learns about the girl, the more he's convinced she is at the center of a vast cover-up, one that may explain her parents' deaths and stretch to unimaginable levels of power. Now, Robie may have to step out of the shadows in order to save this girl's life . . . and perhaps his own.

"It's the scenery--and the big guy standing in front of the scenery--that keeps us coming back to Craig Johnson's lean and leathery mysteries." --The New York Times Book Review Walt journeys into the northern Mexican desert alone to save his daughter Cady, who has been kidnapped by the cartel Welcome to Walt Longmire's worst nightmare. Winter is creeping closer, but for Sheriff Longmire this one is looking to be harsh in a way to which he is wholly unaccustomed. He has found himself in the remotest parts of the northern Mexican desert, a lawless place where no horse or car can travel, where no one speaks his language or trusts an outsider, far from his friends and his home turf back in Wyoming. But desperate times call for desperate measures. Tomas Bidarte, the head of one of the most vicious drug cartels in Mexico, has kidnapped Walt's beloved daughter, Cady. The American government is of limited help and the Mexican one even less so. Armed with his trusty Colt .45 and a father's intuition, Walt must head into the 110-degree heat of the desert, one man against an army.

A mindbending, relentlessly surprising thriller from the author of the bestselling Wayward Pines trilogy. “Are you happy with your life?” Those are the last words Jason Dessen hears before the masked abductor knocks him unconscious. Before he awakens to find himself strapped to a gurney, surrounded by strangers in hazmat suits. Before a man Jason’s never met smiles down at him and says, “Welcome back, my friend.” In this world he’s woken up to, Jason’s life is not the one he knows. His wife is not his wife. His son was never born. And Jason is not an ordinary college physics professor, but a celebrated genius who has achieved something remarkable. Something impossible. Is it this world or the other that’s the dream? And even if the home he remembers is real, how can Jason possibly make it back to the family he loves? The answers lie in a journey more wondrous and horrifying than anything he could’ve imagined—one that will force him to confront the darkest parts of himself even as he battles a terrifying, seemingly unbeatable foe. Dark Matter is a brilliantly plotted tale that is at once sweeping and intimate, mind-bendingly strange and profoundly human—a relentlessly surprising science-fiction thriller about choices, paths not taken, and how far we’ll go to claim the lives we dream of.

#1 NEW YORK TIMES AND USA TODAY BESTSELLING AUTHOR "Take my word for it, James Reece is one rowdy motherf***er. Get ready!"—Chris Pratt, all around great guy and star of The Terminal List, coming to Amazon Prime A Navy SEAL has nothing left to live for and everything to kill for after he discovers that the American government is behind the deaths of his teammates. A headlines political thriller that is "so powerful, so pulse-pounding, so well-written—rarely do you read a debut novel this damn good" (Brad Thor, #1 New York Times bestselling author). On his last combat deployment, Lieutenant Commander James Reece's entire team was killed in a catastrophic ambush. But when those dearest to him are murdered on the day of his return, not an act of war by a foreign enemy but a conspiracy that runs to the highest levels of government. Now, with no family and free from the military's command structure, Reece applies the lessons that he's learned in over a decade of constant warfare toward avenging the deaths of his family and teammates. With breathless pacing and relentless suspense, Reece's journey is a story of power without regard for the laws of combat or the rule of law. "Told with a deft hand and a keen eye for detail, The Terminal List...is explosive and riveting" (Kevin Maurer, coauthor of No East Day) and is perfect for fans of Vince Flynn, Brad Thor, Stephen Hunter, and Nelson DeMille.

Named one of the best nonfiction books of the year by The Washington Post "Tangled Up in Blue is a wonderfully insightful book that provides a lens to critically analyze urban policing and a road map for how our most dispossessed citizens may better relate to those sworn to protect and serve." —The Washington Post "Remarkable . . . Brooks has produced an eng

broadly applicable lessons and sensible policy reforms.” —Foreign Affairs Journalist and law professor Rosa Brooks goes beyond the "blue wall of silence" in this radical inside examination of American policing
In her forties, with two children, a spouse, a dog, a mortgage, and a full-time job as a tenured law professor at Georgetown University, Rosa Brooks decided to become a journalist with an enduring interest in law’s troubled relationship with violence. Brooks wanted the kind of insider experience that would help her understand how police officers make sense of their world—and whether that world can be changed. In 2015, against the advice of everyone she knew, she applied to become a sworn, armed reserve police officer with the Metropolitan Police Department. Then as now, police violence was constantly in the news. The Black Lives Matter movement was gaining momentum, protests wracked America’s cities, and each day brought more stories of cruel, corrupt cops, police violence, and the racial disparities that mar our criminal justice system. Lines were being drawn, and people were taking sides. But as Brooks’ career progressed, and she began work as a patrol officer in the poorest, most crime-ridden neighborhoods of the nation’s capital, she found a reality far more complex than the headlines suggested. In Tangled Up in Blue, Brooks recounts her experiences inside the usually closed world of policing. From street shootings and domestic violence calls to the behind-the-scenes police work during the inauguration, Brooks presents a revelatory account of what it’s like inside the “blue wall of silence.” She issues an urgent call for new laws and institutions, and argues that in a nation increasingly divided by race, class, ethnicity, geography, and ideology, a truly transformative approach to policing requires us to move beyond sound bites, slogans, and stereotypes. An inside look at the Tangled Up in Blue complicates matters rather than simplifies them, and gives pause both to those who think police can do no wrong—and those who think they can do no right.

This riveting work of investigative reporting and history exposes classified government projects to build gravity-defying aircraft--which have an uncanny resemblance to flying saucers. The atomic bomb was not the only project to occupy government scientists in the 1940s. Antigravity technology, originally spearheaded by scientists in Nazi Germany, was another high-profile project. Now for the first time, a reporter with an unprecedented access to key sources in the intelligence and military communities reveals suppressed evidence that tells the story of a quest for a discovery that could prove as powerful as the A-bomb. The Hunt for Zero Point explores the scientific speculation that a “zero point” of gravity exists in the universe and can be harnessed. The first nation to harness gravity is immense, as it means having the ability to build military planes of unlimited speed and range, along with the most deadly weaponry the world has ever seen. The ideal shape for a gravity-defying vehicle happens to be a perfect disk, making antigravity tests a possible explanation for the numerous UFO sightings of the past 50 years. The world’s most advanced research facility, which was operated by the Third Reich during World War II, The Hunt for Zero Point traces U.S. involvement in the project, beginning with the recruitment of former Nazi scientists after the war. Drawn from interviews with those involved with the research and who visited labs in Europe and the United States, The Hunt for Zero Point is a twentieth century’s most puzzling unexplained phenomena.

“One of the strongest in Sandford’s Prey series.”—Entertainment Weekly
“Good, dark, perverse, bloody fun.”—The Washington Post Book World
Theories abound when a Russian gets himself killed on the shore of Lake Superior—shot with fifty-year-old bullets. But when it turns out he had very high government connections, state troubleshooter Lucas Davenport gets the call. Well, Lucas and a mysterious Russian cop with secrets all her own. Together, they’ll follow a trail back to another place and another time, and battle the shadows they discover there—shadows that turn out to be both very real and very deadly.

Maud is an irascible 88-year-old Swedish woman with no family, no friends, and... no qualms about a little murder. This funny, irreverent story collection by Helene Tursten, author of the Irene Huss investigations, features two-never-before translated stories that will keep you laughing all the way to the retirement home. Ever since her darling father’s untimely death when she was only eighteen, Maud has lived in the family’s spacious apartment in downtown Gothenburg rent-free, thanks to a minor clause in a hastily negotiated contract. That was how Maud learned that good things can come from tragedy. Now in her late eighties, Maud contents herself with traveling the world and surfing the net from the comfort of her father’s ancient armchair. It’s a solitary existence, and she likes it that way. Over the course of her adventures--or misadventures--this little bold lady will handle a crisis with a local celebrity who has her eyes on Maud’s apartment, foil the engagement of her long-ago lover, and dispose of some pesky neighbors. But when the local authorities are called to investigate a dead body found in Maud’s apartment, will Maud finally become a suspect?

#1 NEW YORK TIMES BESTSELLER • Jack Reacher comes to the aid of an elderly couple . . . and confronts his most dangerous opponents yet. “Jack Reacher is today’s James Bond, a thriller hero we can’t get enough of.”—Ken Follett
“This is a random universe,” Reacher says. “Once in a blue moon things turn out just right.” This isn’t one of those times. Reacher is on a Greyhound bus, minding his own business, with no particular place to go, and all the time in the world to get there. Then he steps off the bus to help an old man who is obviously just a victim waiting to happen. But you know what they say about good deeds. Now Reacher wants to make it right. An elderly couple have made a few well-meaning mistakes, and now they owe big money to some very bad people. One brazen move leads to another, and suddenly Reacher finds himself a wanted man in the middle of a brutal turf war between rival Ukrainian and Albanian gangs. Reacher has to stay one step ahead of the loan sharks, the thugs, and the assassins. He teams up with a fed-up waitress who knows a little more than she’s letting on, and sets out to take down the powerful and make the greedy pay. It’s a long shot. The odds are against him. But Reacher believes in a certain kind of justice . . . the kind that comes along once in a blue moon. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY EVENING STANDARD

Jack Reacher’s Rules is the ultimate fan’s guide to the World of Reacher! Featuring selections from all seventeen electrifying Jack Reacher novels and an introduction from Lee Child himself, this one-of-a-kind book compiles timeless advice from maverick former army cop Jack Reacher, the hero of Lee Child’s blockbuster thrillers and now the star of a major motion picture. My name is Jack Reacher. No middle name, no address. I’ve got a rule: People mess with me at their own risk. You don’t have to break the rules if you make the rules. Case in point: Jack Reacher, the two-fisted, quick-witted, “current poster-boy of American crime fiction” (Los Angeles Times). The brainchild of #1 New York Times bestselling author Lee Child, Reacher is a freelance troubleshooter with a mysterious past—and a serious passion for justice. Now the hard-won knowledge and hard-hitting strategies of fiction’s toughest tough guy are within every thriller reader’s reach—in a rapid-fire rundown of the trade secrets, tried-and-true tricks, and time-honored tactics that separate the man in the street from the man to beat. Rule 1. When in doubt, drink coffee. Rule 2. Never volunteer for anything. Rule 3. Don’t break the furniture. Rule 4. Only one woman at a time. Rule 5. Show them what they’re messing with. Please note: Jack Reacher’s Rules is a compilation of advice, wisdom, and facts from the Jack Reacher series of novels by #1 New York Times bestselling author Lee Child. It features an introduction by Lee Child, but is not a Jack Reacher novel.

A Jack Reacher Novel

An Elderly Lady Is Up to No Good

The Reacher Experiment Books 1-7

A Thriller

Only to Die Again

Depth of Winter

Two great authors, one great collaboration. A gripping second prequel to the critically-acclaimed Nicholas Colt thriller series, and a lightning-paced addition to the phenomenal Jaqueline "Jack" Daniels mystery series! What do Lt. Jacqueline "Jack" Daniels and private investigator Nicholas Colt have in common? Billiards, bourbon, bad jokes... And murder. Several, in fact. A homeless woman's remains are found near Chicago twenty-six years after she disappeared. Her daughter-now retired in Florida-suspects foul play, and she hires Colt to fly up there and check it out. A prominent Chicago physician is slain outside a convenience store, horribly mutilated. A senseless street killing? A robbery gone wrong? Or something much worse? As the homicide cases and those involved converge, it quickly becomes apparent that Jack Daniels and Nicholas Colt are in for the most challenging-and deadly-time of their lives. Filled with humor, suspense, and mystery, LADY 52 is sure to satisfy longtime Daniels and Colt fans, and is a perfect introduction to both series. It's approximately 250 pages long. Konrath and Hardin previously collaborated on the Daniels/Colt short story RACKED.

From identifying the biological clocks that govern behavior and physiology to observing the self-regulation of nutrient levels by the body, the cyclical nature of some mental illnesses, and the causes of hopelessness, Curt Richter's wide-ranging discoveries not only influenced the burgeoning field of psychobiology and paved the way for later researchers but also often had implications for the treatment of patients in the clinic. Here, Jay Schulkin presents an engaging portrait of a "laboratory artisan" in the context of his work. Winner of the 2013 Silver Medal in History from the Military Writer's Society of America Finalist, 2013 Colby Award Winner of the 2012 USA Best Book Award for Military History Philip Keith's Blackhorse Riders is the incredible true story of a brave military unit in Vietnam that risked everything to rescue an outnumbered troop under heavy fire—and the thirty-nine-year odyssey to recognize their bravery. Deep in the jungles of Vietnam, Alpha Troop, 1st Squadron, 11th Armored Cavalry, the famed Blackhorse Regiment, was a specialized cavalry outfit equipped with tanks and armored assault vehicles. On the morning of March 26, 1970, they began hearing radio calls from an infantry unit four kilometers away that had stumbled into a hidden North Vietnamese Army stronghold. Outnumbered at least six to one, the ninety-man American company was quickly surrounded, pinned down, and fighting for its existence. Helicopters could not penetrate the dense jungle, and artillery and air support could not be targeted effectively. The company was fated to be worn down and eventually all killed or captured. Overhearing the calls for help on his radio, Captain John Poindexter, Alpha Troop's twenty-five-year-old commander, realized that his outfit was the only hope for the trapped company. It just might be possible that they could "bust" enough jungle by nightfall to reach them. Not making the attempt was deemed unacceptable, so he ordered his men to "saddle up." With the courage and determination that makes legends out of ordinary men, they effected a daring rescue and fought a pitched battle—at considerable cost. Many brave deeds were done that day and Captain Poindexter tried to make sure his men were recognized for their actions. Thirty years later Poindexter was made aware that his award recommendations and even the records of the battle had somehow gone missing. Thus began the second phase of this remarkable story: a "battle" to ensure that his brave men's accomplishments would never be forgotten again. The full circle was completed when President Obama stepped to the podium on October 20, 2009, to award the Alpha Troop with the Presidential Unit Citation: the highest combat award that can be given to a military unit.

Golding’s iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.

The Jack Reacher Experiment

Adventure abounds when a toy comes to life in this classic novel! It's Omri's birthday, but all he gets from his best friend, Patrick, is a little plastic warrior figure. Trying to hide his disappointment, Omri puts his present in a metal cupboard and locks the door with a mysterious skeleton key that once belonged to his great-grandmother. Little does Omri know that by turning the key, he will transport time and place! Omri and the tiny warrior called Little Bear could hardly be more different, yet soon the two forge a very special friendship. Will Omri be able to keep Little Bear without anyone finding out and taking his new friend away?

About The Jack Reacher Experiment series
Rock Wahlman: Forty-one years old, United States Navy Master at Arms, E-8, retired. DOB 14 October 2057. Grew up in an orphanage, recently discovered that he is the product of a human cloning experiment, an exact genetic duplicate of a former army officer named Jack Reacher. Now someone wants all evidence of the experiment to be erased, which means that someone wants to kill him. Desperate to survive, desperate to learn the truth about why all this is happening... Note: The use of the name Jack Reacher, along with the use of story situations and supporting characters from the Jack Reacher universe, authorized by Lee Child. While sometimes referenced in the context of the story, the Jack Reacher character remains offstage in Kill Shot: The Jack Reacher Experiment Book 4 (The Jack Reacher Experiment)

In a novel of military intrigue, formidable ex-Navy SEAL John Clark takes on a world-threatening band of terrorists

THE ENDURING MYTH THAT MAKES US HUMAN What makes a hero? Who better to answer that question than Lee Child... It's Lee Child. Why would you not read it? Karin Slaughter 'I don't know another author so skilled at making me turn the page' The Times

New York Times and USA Today Bestselling Author DIANE CAPRI Returns! For fans of Lee Child, John Grisham, and Michael Connelly "Full of thrills and tension - but smart and human too." —Lee Child , #1 World Wide Bestselling Author of Jack Reacher Thrillers
Judge Willa Carson is bullet proof – except when wild justice rules from the grip of a gun. When a famous plastic surgeon’s decomposed body surfaces in Tampa Bay with a bullet in its head, Federal Judge Willa Carson’s “little sister” is caught in a high-stakes game of greedy lawyers, blackmail and deceit. Carly Austin knew the victim too well. Does she know too much about the killer, too? Before Willa discovers the answer, Carly disappears. Can Willa save Carly from herself and the murderous conspiracy? Or have they killed Carly, too? Free-sprited Judge Wilhelmina Carson is quick, witty and stubborn. She finds nothing is what it seems in a world where attractive women with enough money are made, not born, and beauty can cost your life. Judge Willa debuts in this fast-paced mystery filled with great characters, humor and suspense. Lee Child, action, romance, suspense, thriller, mystery, Florida, Michigan, adoption, secret baby, women sleuth, legal thriller, John Grisham, thriller series, mystery series, romantic suspense series, romantic suspense, hepatitis, medical mystery, medical thriller, psychological thriller, strong female, strong female protagonist, police procedural, thriller and suspense, vigilante justice, crime, action packed, private investigators, lawyer, police officer, FBI agents, Alaska, hard-boiled, cozy, legal, medical, suspense, suspense series, spies, tech, techno, technology, crime, financial, murder, theft, litigator, judge, juror, death, due justice, secret justice, twisted justice, wasted justice, mistaken justice, deadly dozen, deadly, gun, killer, sniper, shot, deadly, parenting, relationships, crime fiction, crime novel, kidnapping, serial killers, heist, series, women’s fiction, detective, conspiracy, political, terrorism, contemporary, genre fiction, United States
About The Jack Reacher Experiment series
Rock Wahlman: Forty-one years old, United States Navy Master at Arms, E-8, retired. DOB 14 October 2057. Grew up in an orphanage, recently discovered that he is the product of a human cloning experiment, an exact genetic duplicate of a former army officer named Jack Reacher. Note: The use of the name Jack Reacher, along with the use of story situations and supporting characters from the Jack Reacher universe, authorized by Lee Child. While sometimes referenced in the context of the story, the Jack Reacher character remains offstage in No Escape: The Jack Reacher Experiment Book 3.

Jack Reacher is about to be murdered. By a man from the future... October 2101 Rock Wahlman... Former Navy Master-At-Arms, Jack Reacher's genetic duplicate-his actual clone, produced from a blood specimen that was drawn over a hundred years ago. Recently recruited by a secret government agency, Wahlman has been sent back in time to protect Reacher from a faction called Topple, a rogue group of time-traveling criminals determined to alter the past in an effort to make the future more profitable for themselves. You might say that Wahlman is extremely motivated. Because if Reacher is killed before the blood that was used to produce Wahlman is drawn, then it's possible that Wahlman will cease to exist. He definitely has his work cut out for him. He knows he's in Germany for a reason, but after being in a coma for three days, he can't remember exactly what that reason is. In fact, he can't even remember his own name. Set in the Reacher Universe by permission of Lee Child

"It is worse, much worse, than you think. If your anxiety about global warming is dominated by fears of sea-level rise, you are barely scratching the surface of what terrors are possible. In California, wildfires now rage year-round, destroying thousands of homes. Across the US, "500-year" storms pummel communities month after month, and floods displace tens of millions annually. This is only a preview of the changes to come. And they are coming fast. Without a revolution in how billions of humans conduct their lives, parts of the Earth could become close to uninhabitable, and other parts horrifically inhospitable, as soon as the end of this century. In his travelogue of our near future, David Wallace-Wells brings into stark relief the climate troubles that await -- food shortages, refugee emergencies, and other crises that will reshape the globe. But the world will be remade by warming in more profound ways as well, transforming our politics, our culture, our relationship to technology, and our sense of history. It will be all-encompassing, shaping and distorting nearly every aspect of human life as it is lived today. Like An Inconvenient Truth and Silent Spring before it, The Uninhabitable Earth is both a meditation on the devastation we have brought upon ourselves and an impassioned call to action. For just as the world was brought to the brink of catastrophe within the span of a lifetime, the responsibility to avoid it now belongs to a single generation"–

The Alcohol Experiment: Expanded Edition

There are Yeti in Washington State hidden away on the peaks of Mount Olympus. Quiet, intelligent and deadly, they have lived through the centuries in solitude, until now. Directed by a force they do not understand, the Yeti leave their mountaintops to exact vengeance on mankind. Victor Morey leads a group of men intent on capturing one of these legendary creatures and will murder anyone who gets in his way. Chad Gamin and Andrew Bridgeston come out of retirement one final time to investigate, not really believing they will find anything. Caught between violent men and the Yeti, there is no guarantee that both of them will make it off the mountain, and if they do, have they truly escaped or is this just the beginning? Also included is the short story "The Lava Canyon Bigfoot." On a dare, two teenage boys trespass on a farm near Cougar, Washington that is rumored to be haunted. What they find in an old barn is not a ghost, but something that may cost them their lives.

The "thrilling" #1 New York Times and USA Today bestseller (Karin Slaughter): when three bodies are found in a Chicago bedroom, a black book goes missing . . . and the city has never been more dangerous. Billy Harney was born to be a cop. As the son of Chicago's chief of detectives with a twin sister on the force, Billy plays it by the book. Teaming up with his adrenaline-junkie partner, Detective Kate Fenton, there's nothing he wouldn't sacrifice for his job. Enter Amy Lentini, a hard-charging assistant attorney hell-bent on making a name for herself who suspects Billy isn't the cop he claims to be. They're about to be linked by more than their careers. A horrifying murder leads investigators to an unexpected address-an exclusive brothel that caters to Chicago's most powerful citizens. There's plenty of incriminating evidence on the scene, but what matters most is what's missing: the madam's black book. Now with shock waves rippling through the city's elite, everyone's desperate to find it. As Chicago's elite scramble to get their hands on the elusive black book, no one's motives can be trusted. An ingenious, inventive thriller about power, corruption, and the secrets that can destroy a city, *The Black Book* is James Patterson at his page-turning best.

Readers of Lee Child and Dan Brown will love this outstanding high-concept thriller by Patrick Lee 'Patrick Lee is a huge talent' Lee Child *** A DESPERATE PLEA FOR HELP The middle of the night. Sam Dryden takes a call from an old friend from his days in the military. She needs his help. Urgently. There's no further explanation. A RACE AGAINST TIME Two hours later, Dryden and his former teammate smash their way in to a remote desert shack. Inside they discover four young girls, caged and threatened with death by their abductor. Dryden acts. AN IMPOSSIBLE SECRET But how had Dryden's friend known what about to unfold? Why was it so important that they flee the scene before the police arrive? Only one thing is certain: Dryden is now facing a ruthless enemy that always seems to be one step ahead . . . Praise for Patrick Lee: 'Audacious and terrifying - uncannily believable' Lee Child 'Pure adrenaline rush . . . an action-packed novel brimming with complex characters as well as genuine heart. Not to be missed' Lisa Gardner 'Patrick Lee is in a word: Brilliant. Less a novel, than an adventure, it left me breathless and awed. It's explosive, innovative and ultimately mind-blowing. Pure exhilaration from the first page to the last' James Rollins 'An amazing, high speed, hi-octane novel than moves faster than most people can read. Rarely is a story both plot driven and character driven, but Runner does this and more' Nelson DeMille 'I'm going to sue Patrick Lee for giving me whiplash: that's how furiously paced this book is. A terrific cast of characters, unrelenting action - strap in and enjoy the ride' Jesse Kellerman 'A thriller done right. It literally begs to be read in one sitting . . . Patrick Lee is the real deal' Steve Berry 'WOW! Double Wow! Starkly original . . . mind-blowing' Stephen Coonts
