*Follow two abolitionists who fought one of the most shockingly persistent evils of the world: human trafficking and sexual exploitation of slaves. Told in alternating chapters from perspectives spanning more than a century apart, read the riveting 19th century first-hand account of Harriet Jacobs and the modern-day eyewitness account of Timothy Ballard. Harriet Jacobs was an African-American, born into slavery in North Carolina in 1813. She thwarted the sexual advances of her master for years until she escaped and hid in the attic crawl space of her grandmother's house for seven years before escaping north to freedom. She published an autobiography of her life, Incidents in the Life of a Slave Girl, which was one of the first open discussions about sexual abuse endured by slave women. She was an active abolitionist, associated with Frederick Douglass, and, during the Civil War, used her celebrity to raise money for black refugees. After the war, she worked to improve the conditions of newly-freed slaves. As a former Special Agent for the Department of Homeland Security who has seen the horrors and carnage of war, Timothy Ballard founded a modern-day "underground railroad" which has rescued hundreds of children from being fully enslaved, abused, or trafficked in third-world countries. His story includes the rescue and his eventual adoption of two young siblings--Mia and Marky, who were born in Haiti. Section 2 features the lives of five abolitionists, a mix of heroes from past to present, who call us to action and teach us life lessons based on their own experiences: Harriet Tubman--The "Conductor"; Abraham Lincoln--the "Great Emancipator"; Little Mia--the sister who saved her little brother; Guesno Mardy--the Haitian father who lost his son to slave traders; and Harriet Jacobs--a teacher for us all.*

*A stunning chronicle of a youth movement as seen through the lens of Mike Blabac, a man as dedicated to his craft as he is to the skateboarding lifestyle that has inspired it. Skateboarding is more than a hobby, it is a way of life that shapes everything from music to fashion, video to art. 300 awe-inspiring images communicate the stories of some of skateboarding's finest athletes including Eric Koston and Stevie Williams.*

*In Everyday Harumi, now reissued as an attractive jacketed paperback, Harumi Kurihara, Japan's most popular cookery writer, selects her favourite foods and presents more than 60 new home-style recipes for you to make for family and friends. ***Forty very short stories that reimagine the genre of crime writing from some of today's most imaginative and thrilling writers "An intriguing take on crime/noir writing, this collection of 40 very short stories by leading and emerging literary voices—Amelia Gray, Brian Evenson, Elizabeth Hand, Carmen Maria Machado, Benjamin Percy, Laura van den Berg and more—investigates crimes both real and imagined. Despite their diminutive size, these tales promise to pack a punch." —Chicago Tribune, 1 of 25 Hot Books for Summer Tiny Crimes gathers leading and emerging literary voices to tell tales of villainy and intrigue in only a few hundred words. From the most hard-boiled of noirs to the coziest of mysteries, with diminutive double crosses, miniature murders, and crimes both real and imagined, Tiny Crimes rounds up all the usual suspects, and some unusual suspects, too. With illustrations by Wesley Allsbrook and flash fiction by Carmen Maria Machado,***

**Benjamin Percy, Amelia Gray, Adam Sternbergh, Yuri Herrera, Julia Elliott, Elizabeth Hand, Brian Evenson, Charles Yu, Laura van den Berg, and more, *Tiny Crimes* scours the underbelly of modern life to expose the criminal, the illegal, and the depraved.**

**Presenting more than two hundred of the greatest haiku ever written about the game. There are moments in every baseball game that make fans catch their breath: the pause while a pitcher looks in for the sign, the moment a cocksure rookie gets picked off first, or the instant a batter lashes a game-winning homer into the night sky, just before the sell-out crowd explodes onto its feet. Haiku captures these moments like no other poetic form, and *Baseball Haiku* captures the sights, the sounds, the smells, and the emotions of the game like no previous collection. Some of the most important haiku poets of both America and Japan are featured in this anthology; including Jack Kerouac, a longtime baseball fan who pioneered English-language haiku; Alan Pizzarelli, one of the top American haiku and senryu poets of the last thirty years; and Masaoka Shiki, one of the four great pillars of Japanese haiku—a towering figure—who was instrumental in popularizing baseball in Japan during the 1890s. With over two hundred poems spanning more than a century of ball playing, *Baseball Haiku* reveals the intricate ways in which this enduring and indelible sport—which is played on a field, under an open sky—has always been linked to nature and the seasons. And just as a haiku happens in a timeless now, so too does *Baseball Haiku* evoke those unforgettable images that capture the actions and atmospheres of the national pastime: each poem resonates like the lonely sound of cleats echoing in the tunnel as a grizzled veteran leaves his final game. The largest collection of haiku and senryu on baseball ever assembled, *Baseball Haiku* is an extraordinary treasure for any true baseball fan.**

The role of the Foreign Service Officer of the United States altered radically during and after World War II. John Harr, who served as a staff member of the Commission on Foreign Affairs Personnel in 1962 and as Director of the Office of Management Planning in the State Department for four years, describes the changes and the response of the Foreign Service Corps to them. He provides a direct approach to the understanding of the professional diplomat and of the pervasive force of professionalism in modern American society. He also outlines managerial strategy to meet the growth challenge of the future. Originally published in 1969. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

In *Mordin On Time*, Nick Mordin sets out his method for answering the most fundamental question facing punters in any race, namely: which is the fastest horse? He was timing the sections of races with a stop watch, estimating wind strength and direction, adjusting for movements of running rails, using projected times and calculating average times years before the best-selling American books on speed rating were published. This new edition incorporates much new material, including standard times for all Irish racecourses (plus the major French ones). *Mordin On Time* enables the reader to construct their own speed ratings wherever they live.

"As novelist and poet Andrei Codrescu points out in the essay that accompanies this selection of photographs from the Getty Museum's collection, Evans's photographs are the work of an artist whose temperament was distinctly at odds with Beals's impassioned rhetoric. Evans's photographs of Cuba were made by a young, still maturing artist who - as Codrescu argues - was just beginning to combine his early, formalist aesthetic with the social concerns that would figure prominently in his later work."--Jacket.

Following the Pulitzer prize-winning collection *Stag's Leap*, Sharon Olds gives us a stunning book of odes. Opening with the powerful and tender "Ode to the Hymen," Olds addresses and embodies, in this age-old poetic form, many aspects of love and gender and sexual politics in a collection that is centered on the body and its structures and pleasures. The poems extend parts of her narrative as a daughter, mother, wife, lover, friend, and poet of conscience that will be familiar from earlier collections, each episode and memory burnished by the wisdom and grace and humor of looking back. In such poems as "Ode to My Sister," "Ode of Broken Loyalty," "Ode to My Whiteness," "Blow Job Ode," and "Ode to the Last Thirty-Eight Trees in New York City Visible from This Window," Olds treats us to an intimate examination that, like all her work, is universal, by turns searing and charming in its honesty. From the bodily joys and sorrows of childhood to the deaths of those dearest to us, Olds shapes the world in language that is startlingly fresh, profound in its conclusions, and life-giving for the reader.

*Discover the essence of hygge as revealed by Brontë Aurell, Danish owner of London's ScandiKitchen in this honest and thoughtful guide, which also features some of her favorite recipes from her books, The Scandi Kitchen and Fika & Hygge, to help you enjoy a "hyggelig" time. Hygge is in the zeitgeist, but what is it, how do we bring hygge in our lives and why are we so captivated with this Danish word? According to Brontë it is really not complicated and doesn't involve spending vast amounts of money on candles or blankets... in its purest form it is simply about appreciating life. Explained in 12 entertaining chapters interspersed with recipes, you will learn first about the origins of the word hygge (old Norse) and then how to embrace it with essays on: Hygge and the Basics, Hygge and Happiness, Hygge and Sharing, Hygge and Baking, Hygge and Darkness, Hygge and Light, Hygge and Time, Hygge and Stress, Hygge and Soul, Hygge and Nature, Hygge and Stuff and Hygge and Your Home. Hygge is a completely psychological and emotional state of being. Whether it's going for a long walk or baking and sharing a cake with friends, when you carve a pocket of time in your day, hygge can often be found. Remembering to appreciate and experience the moment will help you find your very own hygge.*

This is the ninth in the 300 series of circuit design books, again contains a wide range of circuits, tips and design ideas. The book has been divided into sections, making it easy to find related subjects in a single category. The book not only details DIY electronic circuits for home construction but also inspiring ideas for projects you may want to design from the ground up. Because software in general and microcontroller programming techniques in particular have become key aspects of modern electronics, a number of items in this book deal with these subjects only. Like its predecessors in the 300 series, "308 Circuits" covers the following disciplines and interest fields of modern electronics: test and measurement, radio and television, power supplies and battery chargers, general interest, computers and microprocessors, circuit ideas and audio and hi-fi.
