Embrace the power of storytelling with Little Stories of Your Life. Start telling your own story, find your creative self and be more mindful. Combining the wellbeing benefits of mindfulness, creativity and daily photography, this book shows you how to use words and photographs to capture precious little moments and how to share these in order to connect with others. Each chapter explores the different ways you can tell your own stories, considers why you might choose to tell them and helps you to create a patchwork of tiny tales about your life, however small they might be. Throughout the book, Laura shares her own personal stories and research that shows you how to tune out of the bigger picture and focus on the everyday. There are exercises to gently guide you through how to journal and harness your inner creativity, as well as tips on improving your photography, photo challenges and writing prompts to get you started. It's easy to feel that our own lives are not enough, but real lives are not defined by bright, exciting events: we don't need a grand narrative arc. It's the stretches of time in between that matter, the tiny moments and the daily choices that make us who we are.

From the author of Exhalation, an award-winning short story collection that blends "absorbing storytelling with meditations on the universe, being, time and space ... raises questions about the nature of reality and what it is to be human" (The New York Times). Stories of Your Life and Others delivers dual delights of the very, very strange and the heartbreakingly familiar, often presenting characters who must confront sudden change—the inevitable rise of automatons or the appearance of aliens—with some sense of normalcy. With sharp intelligence and humor, Chiang examines what it means to be alive in a world marked by uncertainty, but also by beauty and wonder. An award-winning collection from one of today's most lauded writers, Stories of Your Life and Others is a contemporary classic. Includes "Story of Your Life"—the basis for the major motion picture Arrival

"Rosy-cheeked and wrapped in blue, with a flower in her hair, Death rides a pink bike. Death, a greeneyed little girl in this pastel world, visits small animals with soft fur and big animals with sharp teeth. She lingers with a kindly grandmother as they knit one last scarf together. She wanders through surroundings of gentle beauty and she tells us who she is. For parents of children facing the loss of a family member, a friend, or a pet, this book finds words to express what is often so difficult to explain. It ends with such a feeling of uplift and acceptance that readers of any age will turn the last page with a smile and a tear"--Excerpt from Amazon.com.

Helen Keller's autobiographies THE STORY OF MY LIFE and THE WORLD I LIVE IN chronicle in her own words the remarkable true story we have come to know from the stage and film productions of THE MIRACLE WORKER.

Here we discover Helen's thoughts and feelings hidden in the blind, deaf, and mute character in those productions—thoughts and feelings she came to express with such eloquence orally and in writings in later years. And here we are inspired not only by Helen Keller and her journey but also by the intriguing possibilities that certainly must be awaiting discovery in others. EARLY REVIEWS "The autobiography of Helen Keller is unquestionably one of the most remarkable records ever published."—British Weekly "This book is a human document of intense interest, and without a parallel, we suppose, in the history of literature."—Yorkshire Post "Miss Keller's autobiography, well written and full of practical interest in all sides of life, literary, artistic and social, records an extraordinary victory over physical disabilities."—Times "This book is a record of the miraculous. No one can read it without being profoundly touched by the patience and devotion which brought the blind, deaf-mute child into touch with human life, without being filled with wonder at the quick intelligence which made such communication with the outside world possible."—Queen

Life story work is a term often used to describe an approach that helps looked after and adopted children to talk and learn about their life experiences with the help of a trusted adult. This book is an essential step-by-step guide for carers and professionals seeking to carry out life story work with a traumatised or vulnerable child in their care. Underpinned by positive psychology and drawing on up-to-date research and real-life practice, the book offers a sound theoretical understanding of life story work as well as a practical and easy-to-use programme of sessions. Each session covers the equipment and information needed, a consideration of who is best placed to carry out the work, and answers to commonly raised questions. Also discussed are age-appropriate approaches and ideas for extending each session into other activities and methods to make it more feasible for life story work to be a shared activity between two or three adults who know the child well. This book gives professionals and carers the confidence to carry out life story work in a way that is sensitive to the child's needs and positive for their self-perception and relationships.

Fox: A Circle of Life Story unites story and science to explain this big concept to children who have lost a pet or a loved one, or who simply are curious about death and what happens after we die.

THE NEW YORK TIMES BESTSELLER The first inside story of one of TV's most popular and beloved dramas, Grey's Anatomy. More than fifteen years after its premiere, Grey's Anatomy is one of the most beloved dramas on television and ABC's most important property. It typically wins its time slot and has ranked in the Top 20 most-watched shows in primetime for months on run. It currently averages more than eight million viewers each week. Beyond that, it's been a cultural touchstone. It introduced the unique voice and vision of Shonda Rhimes; it made Sandra Oh and T.R. Knight household names; and injected words and phrases into the cultural lexicon, such as "McDreamy," "seriously," and "you're my person." And the behind-the-scenes has always been just as juicy as what was happening in front of the camera, from the controversial departure of Isaiah Washington to Katherine Heigl's fall from grace and Patrick Dempsey's episode. The show continued to hemorrhage key players, but the beloved hospital series never skipped a beat. Lynette Rice's How to Save A Life takes a totally unauthorized deep dive into the show's humble start, while offering exclusive intel on the behind-the-scenes culture, the most heartbreaking departures and the more polarizing plotlines. This exhaustively enthusiastic book is an Anatomy fan should be without.

At first, nothing lived on Earth. It was a noisy, hot, scary place. Choking gas exploded from volcanoes and oceans of lava bubbled around the globe... Then in the deep, dark ocean, something amazing happened. This is an exciting and dramatic story about how life began and developed on Planet Earth, written especially for younger children. The authors explain how the first living cell was created, and how the cells multiply and create jellyfish and worms, and then fish with bendy necks, which drag themselves out of the water into swampy forests. They tell the story of the biggest creatures that have ever walked on land - the dinosaurs. Long after that, hairy creatures who have babies, not eggs, take over, stand on two legs and spread around the world, some of them living through cataclysmic events such as ice ages and volcanic eruptions. Everyone living today is related to these survivors. With delightful illustrations including lots of detail and humour, all carefully researched and checked, this book shows the development of life on Earth in a truly accessible and simple way. The Story of My Life

Reverend Mother's Daughter is the extraordinary real life story of author Mary Haskett. In her rivetting account, the author experiences racial rejection, abuse and the terrors of war but is lovingly adopted by a compassionate Reverend Mother. Starting in England in 1934, Mary takes the reader on a dramatic journey--from the time of her rejection by her birth family and her adoption by her benefactor (the Mother Superior of a nunnery) through years of struggle, abuse and confusion to the joyful life that she lives today. Mary skillfully writes of her experiences and of the people who were part of her life--those who were very dear to her and those caregivers who abused their authority when she was separated from Reverend Mother by the war, of her many childhood experiences away from her care, the reunion with her at age fourteen and the gradual emergence into adulthood. She tells how she followed Reverend Mother's wishes, reluctantly pursuing a career in nursing, despite her desire to escape the real world through a life in show business. She introduces the reader to Mario, her first love, who swept her into a new world, took her to Paris for their honeymoon, to Italy, to meet his family and eventually to the Bahamas, where they lived with their children. One day her world comes to a crashing halt when Mario leaves her for another woman. Mary's poignant search for her birth family, their rejection and eventual acceptance of her, make for a heart-rending, dramatic story that will bless every reader. This book reads like a novel and yet it is a real life story and true in every way. Only towards the end of the book does Mary come to an understanding of the love of Jesus for her and embrace it with all her heart. She presents the wonderful message of God's salvation in such a gentle way that all readers - those who believe and those who do not yet believe - will receive the message with joy and be glad they have read this uplifting book. Endorsements: "An obviously gifted story-teller, Mary writes this riveting account of her own life with heart-warming honesty, charming humor and great doses of grace. In all of it--her birth in unusual circumstances, her childhood joys and struggles in war-torn England, her great loves and painful disappointments and her inspiring walk with her Best Friend--there is never a dull moment." Fay Rowe, Author of 'What's in a Name' and 'Keepers of the Testimony' "From the first page, you'll be swept away on the incredible journey that has been Mary Haskett's life. She shows us over and over how God sees and cares for his children -- even when we think He is silent." Ginger Kolbaba, Author of 'Desperate Pastors' Wives' and editor of 'Marriage Partnership'

"My life story so far..." Every day is an opportunity to live your dreams, and create new ones. Record your dreams, and your path towards them, in this journal. With 148 pages, half lined, half blank, there is plenty of space for you to write and draw to your heart's desire. Plus, every time you look at the journal and read the quote you'll be motivated to bigger and better things. The things we tell ourselves affect how well or poorly our path in life goes. It's time to flip the script on the internal stories you tell yourself and live life on your terms. Most of the "self-stories" you tell yourself—the kind of person you say you are and the things you are capable of—are invisible to you because they have become such a part of your everyday mental routine that you don't even recognize they exist. Yet, these self-stories influence everything you do, everything you say, and everything you are. Choose Your Story, Change Your Life will help you take complete control of your self-stories and create the life you've always dreamed you'd have. Author Kindra Hall offers up a new window into your psychology, one that travels the distance from the frontiers of neuroscience to the deep inner workings of your thoughts and feelings. In Choose Your Story, Change Your Life, Kindra will help you: Uncover the truth of how you have created the life you have; Challenge everything you think you know about how your life has been built; Uncover the clear steps you can take to create the life you want; Take control of your self-story to become the author of who you are; and Live your life in a way you never have before. This eye-opening, but applicable journey will transform you from a passive listener of these limiting, unconscious thoughts to the definitive author of who you are and everything you want to be. Changing your life is as simple as choosing better stories to tell yourself. If you can change your story, you can change your life.

From award-winning poet Saeed Jones, *How We Fight for Our Lives*—winner of the Kirkus Prize and the Stonewall Book Award—is a “ moving, bracingly honest memoir ” (The New York Times Book Review) written at the crossroads of sex, race, and power. One of the best books of the year as selected by The New York Times; The Washington Post; NPR; Time; The New Yorker; O, The Oprah Magazine; Harper ’ s Bazaar; Elle; BuzzFeed; Goodreads; and many more. “ People don ’ t just happen, ” writes Saeed Jones. “ We sacrifice former versions of ourselves. We sacrifice the people who dared to raise us. The ‘ I ’ it seems doesn ’ t exist until we are able to say, ‘ I am no longer yours. ’ ” Haunted and haunting, *How We Fight for Our Lives* is a stunning coming-of-age memoir about a young, black, gay man from the South as he fights to carve out a place for himself, within his family, within his country, within his own hopes, desires, and fears. Through a series of vignettes that chart a course across the American landscape, Jones draws readers into his boyhood and adolescence—into tumultuous relationships with his family, into passing flings with lovers, friends, and strangers. Each piece builds into a larger examination of race and queerness, power and vulnerability, love and grief: a portrait of what we all do for one another—and to one another—as we fight to become ourselves. An award-winning poet, Jones has developed a style that ’ s as beautiful as it is powerful—a voice that ’ s by turns a river, a blues, and a nightscape set ablaze. *How We Fight for Our Lives* is a one-of-a-kind memoir and a book that cements Saeed Jones as an essential writer for our time.
